*Law and Anthropology* 1996-02-14 the numbers are staggering one third of america s adult population has passed through the criminal justice system and now has a criminal record many more were never convicted but are nonetheless subject to surveillance by the state never before has the american government maintained so vast a network of institutions dedicated solely to the control and confinement of its citizens a provocative assessment of the contemporary carceral state for american democracy *arresting citizenship* argues that the broad reach of the criminal justice system has fundamentally recast the relation between citizen and state resulting in a sizable and growing group of second class citizens from police stops to court cases and incarceration at each stage of the criminal justice system individuals belonging to this disempowered group come to experience a state within a state that reflects few of the country s core democratic values through scores of interviews along with analyses of survey data amy e lerman and vesla m weaver show how this contact with police courts and prisons decreases faith in the capacity of american political institutions to respond to citizens concerns and diminishes the sense of full and equal citizenship even for those who have not been found guilty of any crime the effects of this increasingly frequent contact with the criminal justice system are wide ranging and pernicious and lerman and weaver go on to offer concrete proposals for reforms to reincorporate this large group of citizens as active participants in american civic and political life

**Arresting Citizenship** 2014-06-06 a startling examination of the deliberate criminalization of black youths from the 1930s to today a stark disparity exists between black and white youth experiences in the justice system today black youths are perceived to be older and less innocent than their white peers when it comes to incarceration race trumps class and even as black youths articulate their own experiences with carceral authorities many americans remain surprised by the inequalities they continue to endure in this revealing book carl suddler brings to light a much longer history of the policies and strategies that tethered the lives of black youths to the justice system indefinitely the criminalization of black youth is inseparable from its racialized origins in the mid twentieth century the united states justice system began to focus on punishment rather than rehabilitation by the time the federal government began to address the issue of juvenile delinquency the juvenile justice system shifted its priorities from saving delinquent youth to purely controlling crime and black teens bore the brunt of the transition in new york city increased state surveillance of predominantly black communities compounded arrest rates during the post world war ii period providing justification for tough on crime policies questionable police practices like stop and frisk combined with media sensationalism cemented the belief that black youth were the primary cause for concern even before the war on crime the stakes were clear race would continue to be the crucial determinant in american notions of crime and delinquency and black youths condemned with a stigma of criminality would continue to confront the overwhelming power of the state

**Annual Report of the Attorney General of South Carolina to the General Assembly** 1947 richard north patterson s masterful portrayals of law and politics at the apex of power have made him one of our most important writers of popular fiction combining a compelling narrative exhaustive research and a sophisticated grasp of contemporary society his bestselling novels bring explosive social problems to vivid life through characters who are richly imagined and intensely real now in balance of power patterson confronts one of america s most inflammatory issues the terrible toll of gun violence president kerry kilcannon and his fiancée television journalist lara costello have at last decided to marry but their wedding is followed by a massacre of innocents in a lethal burst of gunfire challenging their marriage and his presidency in ways so shattering and indelibly personal that kilcannon vows to eradicate gun violence and crush the most powerful lobby in washington the sons of the second amendment ssa allied with the president s most determined rival the resourceful and relentless senate majority leader frank fasano the ssa declares all out war on kerry kilcannon deploying its arsenal of money intimidation and secret dealings to eviscerate kilcannon s crusade and it hopes destroy his presidency this ignites a high stakes game of politics and legal maneuvering in the senate the courtroom and across the country which the charismatic but untested young president is determined to win at any cost but in the incendiary clash over gun violence and gun rights the cost to both kilcannons may be even higher than he imagined and others in the crossfire may also pay the price the idealistic lawyer who has taken on the gun industry the embattled ceo of america s leading gun maker the war hero senator caught between conflicting ambitions the female senator whose career is at risk and the grief stricken young woman fighting to emerge from

the shadow of her sister the first lady the insidious ways money corrodes democracy and corrupts elected officials the visceral debate between gun rights and gun control advocates the bitter legal conflict between gun companies and the victims of gun violence a ratings driven media that both manipulates and is manipulated richard north patterson weaves these engrossing themes into an epic novel that moves us with its force passion and authority
