he has shown us how to smooth our wrinkles and helped us slim down without feeling deprived now 1 new york times bestselling author dr nicholas perricone gives us an anti aging program that unveils the miracle of cellular rejuvenation these seven powerful strategies are not only easy to follow but present a plan for total health designed to help us look and feel great by age proofing us from the inside out taking a holistic approach that taps into cutting edge science dr nicholas perricone reveals how to rev up our cellular metabolism so that we can stay healthy strong and energetic while keeping our skin soft smooth and supple these strategies will help us reverse osteoporosis restore bone structure and muscle mass revitalize brain cells reduce the chances of heart disease and cancer elevate mood manage blood sugar and slim down and stay trim inside dr perricone s 7 secrets to beauty health and longevity you will discover the six kinds of food you need to eat every day as well as healthy and delicious snacks including a vegetable that both suppresses appetite and builds muscle new findings about the best nutritional supplements to win the fight against aging revolutionary skin rejuvenating secrets for radiant toned and youthful looking skin the role of pheromones in curbing depression boosting self confidence triggering weight loss and improving libido the essential oil that is more powerful than antibiotics an exercise plan that will shape your silhouette and strengthen your bones in as little as ten minutes a day delicious recipes easy shopping lists and a guide to safe cookware so that you can create your own anti aging kitchen dr perricone s trademark tips about new products that really work and where to find them whether your aim is to look younger improve your health or just feel great you ll see fast results by following dr perricone s simple program these seven indispensable secrets will keep you beautiful healthy and young all through life 6 architecture has long been understood as a cultural discipline able to articulate the human condition and lift the human spirit yet the spirituality of architecture is rarely directly addressed in academic scholarship the seventeen chapters provide a diverse range of perspectives grouped according to topical themes being in the world sacred secular and the contemporary condition symbolic engagements sacred landscapes and spirituality and the designed environment even though the authors approach the subject from a range of disciplines and theoretical positions all share interests in the need to rediscover redefine or reclaim the sacred in everyday experience scholarly analysis and design a book about choices a book to empower all cancer sufferers and their families in march 2011 laura bond s mother gemma was diagnosed with ovarian and uterine cancer laura discovered that the only thing more shocking than telling someone your mother has cancer was revealing that she had declined chemotherapy but according to studies many oncologists would do the same so laura a journalist started writing a blog to explain her mother s decision to say no to mainstream medicine and yes to hydrogen peroxide vitamin c injections and infrared saunas mum s not having chemo shares gemma s natural healing story as well as advice from over 60 of the world s leading cancer specialists and holistic healers from oncologists in tokyo to energy healers in harley street if you want to explore alternative options or find ways to supplement your conventional care this book provides cutting edge research from around the world and describes treatments road tested by gemma and other cancer survivors it s an invaluable and uplifting companion to help you make the best choices for your own healing journey explores effective models for treating and preventing obesity providing commentaries that shape our understanding of particular parts of the obesity epidemic and field reports on innovative approaches to combating obesity in racial ethnic minority and other medically underserved populations in the united states 3 20

creativity and coaching are two of the buzzwords of the twenty first century and yet little is known about how to coach creativity in business education health and many other fields there is an increasing acknowledgement of the importance of innovation and recognition of what is lost when creativity is lacking in coaching creativity jen gash explores the history science and practice of creativity by artists makers and creators translating this into practical advice for coaches the book investigates the concept of creativity and examines the theories surrounding it from psychological neurological and biological perspectives it then takes a more practical look at the doing of creativity and explores the use of creativity in therapeutic settings a model of coaching creativity is presented which acknowledges its diverse and individual nature the book also includes are tools case studies and ideas for coaching creativity including contributions from a wide range of coaches coaching creativity will be inspiring reading for coaches of all backgrounds including business and organisational coaches those in training and others in the helping professions looking to enhance their practice it is essential reading for all coaches who aim to support clients creative goals and use creativity in their own practice it fills important gaps in current coach education and practice in the 2017 and 2018 editions of the africa regional overview of food security and nutrition fao reported that the prevalence of undernourishment was rising in the region the latest data shows that the deterioration has slowed but there remain 256 million hungry people in africa today the report further documents that although many african countries are making progress towards reducing malnutrition progress is too slow to meet six key nutrition targets which form part of the sustainable development goals sdgs monitoring framework and the world health assembly global nutrition targets food insecurity has been rising in africa in recent years and the continent is not on track to eliminate hunger by 2030 the 2017 2018 and this year s report identify and report in detail on conflict climate extremes and economic slowdowns and downturns as the key drivers of the rise in food insecurity in most cases the economic slowdowns and downturns that contributed to rising undernourishment in 2014 2018 were the result of commodity price falls many effective policy tools are available but their adoption will depend on the availability of fiscal space to effect the desired policy action in the longer term countries must develop policies and invest to achieve a more diversified economy and achieve an inclusive structural transformation however sustained economic growth is not enough reducing inequalities including gender based and spatial inequalities is essential to strengthening household resilience laying the path to inclusive growth and reducing food insecurity and tackling the multiple forms of malnutrition this ebook is a collection of articles from a frontiers research topic frontiers research topics are very popular trademarks of the frontiers journals series they are collections of at least ten articles all centered on a particular subject with their unique mix of varied contributions from original research to review articles frontiers research topics unify the most influential researchers the latest key findings and historical advances in a hot research area find out more on how to host your own frontiers research topic or contribute to one as an author by contacting the frontiers editorial office frontiersin org about contact monographs in contact allergy volume 1 non fragrance allergens in cosmetics part 1 and part 2 is the first 2 part volume in an exciting series on contact allergy it presents over 500 natural or synthetic chemicals and compounds which have caused allergic contact dermatitis in cosmetic products included here are inci names synonyms description definition cas and eu numbers chemical class function in cosmetics molecular formula structural formula and advice on patch tests a full literature review is given of patch testing in patients case reports of cosmetic allergic contact dermatitis irritant contact dermatitis photosensitivity immediate contact reactions and systemic side effects this text is suitable for anyone with an interest in contact allergy from university students to professionals and all readers will find this informative and detailed series an invaluable resource key features monographs of all known non fragrance chemicals and substances which have caused allergic contact dermatitis from their presence in cosmetic products provides lists of all functional groups such as antioxidants preservatives artificial nail building emollients hair dyeing hair colorants in both the eu and us formats and all chemicals in these groups which have caused cosmetic allergy presents an alphabetical list of all synonyms indicating their inci names reported cross reactions pseudo cross reactions and co reactions patch test sensitization and presence in cosmetic products including data from fda s voluntary cosmetic registration program and chemical analyses are discussed covers an extensive amount of information to benefit dermatologists allergists and non medical professionals involved with the research development and marketing of cosmetic products wie wollen wir leben und wie können wir unserem leben sinn geben

angesichts der drängenden krisen der gegenwart wie können solche fragen überhaupt beantwortet werden wenn eine säkulare kultur scheinbar nur antworten auf fragen nach dem wie nicht aber nach dem wozu erlaubt martin kolmar deutet im vorliegenden buch die gegenwärtigen und bevorstehenden krisen allen voran die klimakrise als krise der westlichen denk und wahrnehmungsweisen und versucht einen ausweg daraus aufzuzeigen dazu beginnt er mit einer analyse westlicher vorstellungswelten aus der perspektive des erhabenen es zeigt sich dass das erhabene als grenzerfahrung überraschende und relevante neue perspektiven auf die gegenwart öffnet und zugleich einen weg zu einer säkularen rationalen form der sinnerfahrung erkennbar macht das besondere dieses buches ist die verknüpfung philosophischer und gesellschafts und kulturwissenschaftlicher forschung mit erkenntnissen der psychologie und der neurowissenschaft es zeigt auf dass traditionelle vorstellungen des guten lebens und der verortung der eigenen existenz als teil der natur mit moderner forschung korrespondieren ist man bereit sich hierauf einzulassen stellt insbesondere die bedrohung durch die klimakrise nicht nur ein mögliches katastrophenszenario und eine große technologische herausforderung dar sondern eine chance für ein besseres leben welches aus einer anderen haltung ihm gegenüber resultiert

a obra o lugar da pessoa com deficiência na história uma narrativa ao avesso da lógica ordinária mescla componentes sociais antropológicos e políticos na descrição de como as distintas temporalidades se comportaram em relação à experiência da deficiência não se trata de um livro mais do mesmo pois ao escovar a história a contrapelo desestabiliza as narrativas oficiais implodindo assim a falsa lógica evolucionista de que temos caminhado culturalmente da exclusão para a inclusão este é o grande diferencial trazido por este texto o qual composto de uma literatura via de regra desconhecida em terras brasileiras apresenta contribuições originais e inauditas que nos permitem reorganizar mentalmente a experiência da deficiência o livro basicamente se divide em duas partes uma de corte histórico e outra de verniz político ativista ainda que ambas se mesclam no universo intelectivo projetado inicia destacando a complexidade que envolve a definição da deficiência como fenômeno historicamente construído máxima tornada autoexplicativa por acadêmicos e utilizada sobejamente na contestação de raciocínios que esculpem sobressaltada condição exclusivamente por linhas clínicas todavia destacado raciocínio tem se materializado sem um debruçar sobre os núcleos constituintes da dita sentença tornando a apenas um palavrório da moda daí a necessidade de se ir até a raiz desse composto analítico não por acaso esta obra perpassa distintas épocas cronológicas no intuito de arquitetar os alicerces desse quadro imagético somente possível de percepção quando alinhavado sob uma perspectiva histórica transversal a segunda parte da obra destaca a importância que os movimentos ativistas de pessoas com deficiência desempenharam na conquista de múltiplos direitos os quais exerceram impacto decisório na vida desses sujeitos incluindo a ressignificação conceitual do fenômeno vivenciado apresenta outrossim lacunas que ainda precisam ser trabalhadas na composição de uma literatura efetivamente crítica e que tome em consideração a complexidade dialética da experiência da deficiência por fim lança o desafio em se tornar a representação política nacional mais democrática pela incorporação desse público nas arenas de poder instituídas recurso fundamental no que tange à projeção de políticas públicas que tomem em consideração seus genuínos e defensáveis interesses por justiça e igualdade de acesso

wie wollen wir leben und wie können wir unserem Leben Sinn geben angesichts der drängenden Krisen der Gegenwart? Wie können solche Fragen überhaupt beantwortet werden, wenn eine säkulare Kultur scheinbar nur Antworten auf Fragen nach dem Wie nicht aber nach dem Wozu erlaubt? Martin Kolmar deutet im vorliegenden Buch die gegenwärtigen und bevorstehenden Krisen allen voran die Klimakrise als Krise der westlichen Denk- und Wahrnehmungsweisen und versucht einen Ausweg daraus aufzuzeigen. Dazu beginnt er mit einer Analyse westlicher Vorstellungswelten aus der Perspektive des Erhabenen. Es zeigt sich, dass das Erhabene als Grenzerfahrung überraschende und relevante neue Perspektiven auf die Gegenwart öffnet und zugleich einen Weg zu einer säkularen rationalen Form der Sinnerfahrung erkennbar macht. Das besondere dieses Buches ist die Verknüpfung philosophischer und gesellschafts- und kulturwissenschaftlicher Forschung mit Erkenntnissen der Psychologie und der Neurowissenschaft. Es zeigt auf, dass

traditionelle vorstellungen des guten lebens und der verortung der eigenen existenz als teil der natur mit moderner forschung korrespondieren ist man bereit sich hierauf einzulassen stellt insbesondere die bedrohung durch die klimakrise nicht nur ein mögliches katastrophenszenario und eine große technologische herausforderung dar sondern eine chance für ein besseres leben welches aus einer anderen haltung ihm gegenüber resultiert
