2024-01-01

this research handbook is a comprehensive overview of the field of comparative administrative law the specially commissioned chapters in this landmark volume represent a broad multi method approach combining perspectives from history and social science with more strictly legal analyses comparisons of the united states continental europe and the british commonwealth are complemented by contributions that focus on latin america africa and asia the work aims to stimulate comparative research on public law reaching across countries and scholarly disciplines beginning with historical reflections on the emergence of administrative law over the last two centuries the volume then turns to the relationship of administrative and constitutional law with an additional section focusing on the key issue of administrative independence two further sections highlight the possible tensions between impartial expertise and public accountability drawing insights from economics and political science as well as law the final section considers the changing boundaries of the administrative state both the public private distinction and the links between domestic and transnational regulatory bodies such as the european union in covering this broad range of topics the book illuminates a core concern of administrative law the way individuals and organizations across different systems test and challenge the legitimacy of public authority this extensive interdisciplinary appraisal of the field will prove a vital resource for scholars and students of administrative and comparative law historians of the state looking for a broad overview of a key area of public law reformers in emerging economies donor agencies looking for governance options and policy analysts with an interest in the law policy interface will find this work a valuable addition to their library

Victorian Liberalism

1948

even in the face of competition from individual candidates interest groups and the mass media american political parties have undergone a resurgence in recent years surprising both scholars and pundits alike it is this revitalization of the parties that authors hetherington and keefe explore and analyze grappling with the question of why so many americans today profess anti party attitudes yet behave in party centered ways firm landmarks on the political scene parties continue to form the principal institution for popular control of government

Ideological Conflicts in Soviet Russia

1984

the official history of the later han dynasty ad 25 220 contains eight so called treatises traditionally regarded as accurate descriptions of the dynasty s institutions practically all literature dealing with the bureaucratic system the geography the religious beliefs or the calendar of the first two centuries ad is based on these treatises even though their value as source material has never been critically examined this study subjects each of the treatises in turn to a detailed scrutiny the sources used by the chinese historian and their adaption to suit his historiographical tastes the opinions of previous critics and the weight of the available evidence all pass review in order to arrive at a balanced view of the historiographical value of each individual treatise

Bureaucratic Insulation and Clientelism in Contemporay Brazil

1984

nineteenth century governments faced considerable challenges from the rapid novel and profound changes in social and economic conditions resulting from the industrial revolution in the context of an increasingly sophisticated and complex government from the 1830s the specialist and largely lay statutory tribunal was conceived and adopted as the principal method of both implementing the new regulatory legislation and resolving disputes the tribunal s legal nature and procedures and its place in the machinery of justice were debated and refined throughout the victorian period in examining this process this 2007 book explains the interaction between legal constraints social and economic demand and political expediency that gave rise to this form of dispute resolution it reveals the imagination and creativity of the legislators who drew on diverse legal institutions and values to create the new tribunals and shows how the modern difficulties of legal classification were largely the result of the institution s nineteenth century development
