Reporting in the MENA Region 2015-10-22 in this consideration of media practice in the arab region mohammad ayish and noha mellor explore the changing status and function of journalists and journalism given the new realities of reporting in the digital age the authors draw on focus group discussions interviews and social media traffic surveys to examine how social and new media have been integrated into arab and pan arab newsroom operations and harnessed to enhance engagement with an empowered audience efforts to engage with audiences in social space ayish and mellor argue are part of a broad and long waged information war aimed at winning hearts and minds in the mena region social platforms present excellent opportunities to engage with audiences but the extent to which such opportunities can be realized are hamstrung by limits on free expression and online access and vary significantly from country to country and from media channel to media channel overall reporting in the mena region paints a comprehensive and contemporary picture of how today s arab journalists perceive and use digital media

Arab Human Development in the Twenty-first Century 2014-10-01 with its emphasis on the primacy of change this study arrives at a particularly auspicious moment as the middle east continues to be convulsed by the greatest upheavals in generations which have come to be known as the arab spring originally prepared as the tenth anniversary volume of the undp s arab human development report arab human development in the twenty first century places empowerment at the center of human development in the arab world viewing it not only from the vantage point of a more equitable distribution of economic resources but also of fundamental legal educational and political reform the ten chapters in this book follow closely this political economy framework they look back at what arab countries have achieved since the early 2000s and forward to what remains to be done to reach full development supported by a wealth of statistical material they cover the rule of law the evolution of media the persistence of corruption the draining of resources through armed conflict the dominance and increase of poverty the environment and religious education the concluding chapter attempts an inventory of the world literature and different experiences on democratic transition to explore where the region could be heading this critical and timely study is indispensable reading to development specialists and to middle east scholars and students alike as well as to anyone with an interest in the future trajectory of the region

Arab Society in Revolt 2012 includes bibliographical references and index

The Second Arab Awakening 2014-01-28 this important book is not about immediate events or policies or responses to the arab spring instead it takes a long judicious view of political change in the arab world beginning with the first awakening in the nineteenth century and extending into future decades when if the dream is realized a new arab world defined by pluralism and tolerance will emerge div divdivmarwan muasher former foreign minister of jordan asserts that all sides the united states europe israel and arab governments alike were deeply misguided in their thinking about arab politics and society when the turmoil of the arab spring erupted he explains the causes of the unrest tracing them back to the first arab awakening and warns of the forces today that threaten the success of the second arab awakening ignited in december 2010 hope rests

with the new generation and its commitment to tolerance diversity the peaceful rotation of power and inclusive economic growth muasher maintains he calls on the west to rethink political islam and the arab israeli conflict and he discusses steps all parties can take to encourage positive state building in the freshly unsettled arab world div

For Humanity Or For The Umma? 2016-01-15 in the wake of 9 11 and the war on terror transnational muslim ngos have too often been perceived as illegitimate fronts for global militant networks such as al qaeda or as backers of national political parties and resistance groups in palestine afghanistan and elsewhere yet clearly there is more to transnational muslim ngos most are legitimate providers of aid to the world s poor although their assistance may sometimes differ substantially from that of secular ngos in the west seeking to broaden our understanding of these organisations marie juul petersen explores how muslim ngos conceptualise their provision of aid and the role islam plays in this her book not only offers insights into a new kind of ngo in the global field of aid provision it also contributes more broadly to understanding public islam as something more and other than political islam the book is based on empirical case studies of four of the biggest transnational muslim ngos and draws on extensive research in britain kuwait saudi arabia lebanon jordan and bangladesh and more than 100 interviews with those involved in such organisations

International Monetary Fund Annual Report 2011 2011-09-21 the imf s 2011 annual report chronicles the response of the fund s executive board and staff to the global financial crisis and other events during financial year 2011 which covers the period from may 1 2010 through april 30 2011 the print version of the report is available in eight languages arabic chinese english french german japanese russian and spanish along with a cd rom available in english only that includes the report text and ancillary materials including the fund s financial statements for fy2011

Arab Sustainable Development Report 2016-10-03 in september 2015 governments worldwide adopted the 2030 agenda for sustainable development including 17 wide ranging sustainable development goals sdgs using the sdgs as a thematic reference the report examines progress on securing human dignity and well being in the arab countries and what is needed to achieve sustainable development in this region in turmoil it also looks at the complex factors shaping the region the occupation of palestinian and other arab lands ongoing conflicts governance human rights and institutional deficits and shortcomings in terms of financing science and technology trade and statistical capacity the report stresses that urgent action is needed at the national and regional levels and that integrated long term and evidence based planning and investments that address the root causes of instability in the region are indispensable for achieving the sdgs

Building knowledge societies in the Arab region 2022-10-13 this timely project on the arab spring was initiated to provide the asan institute s own assessment of the changes currently taking place in the region and their significant implications for south korea

The Arab Spring 2013-09-18 this lucidly written account of the 2011 wave of revolutions includes a wealth of astute analysis on the politics of the

region from morocco to oman paul hockenos the national sparked by the protest of a single vegetable seller in tunisia the flame of revolutionary passion swept across the arab world in what has come to be called the arab spring of 2011 millions took to the streets in revolt the governments of tunisia egypt and libya fell other regimes remain embattled and no corner of the region has escaped unchanged here middle east experts lin noueihed and alex warren explain the economic and political roots of the arab spring and assess the road ahead through research interviews and a wealth of firsthand experience the authors explain the unique obstacles each country faces in maintaining stability they analyze the challenges many arab nations face in building democratic institutions finding consensus on political islam overcoming tribal divides and satisfying an insatiable demand for jobs in an era of change and uncertainty this insightful guide provides the first clear glimpse of the post revolutionary future the arab spring set in motion

The Battle for the Arab Spring 2012-03-16 the arab spring widely perceived as a momentous event in west asia has evoked a persistent flow of interpretation and analysis by academic experts and policy makers since the upheaval first broke out in december 2010 and the pace of events suggests the flow of analysis on this issue will continue like all great social upheavals the arab spring was long drawn out in its realisation and born of many factors that are intertwined it could have occurred any time during the course of the last two or three decades but each passing year brought to the forefront new developments that made it that much more imminent economic problems social problems political problems juridical problems and diplomatic problems combined to contribute to an uncompromising sense of grievance across the arab world that ultimately manifested itself in the arab spring and winter of 2011 this volume comes out of a conference organised by the maulana abul kalam azad institute of asian studies in collaboration with institute of foreign policy studies and centre of pakistan and west asian studies in which an attempt was made to discuss these issues threadbare

Interpreting the Arab Spring: Significance of the New Arab Awakening ? 2013-02-15 following the arab spring the use of social media has become instrumental in organising activist movements and spreading political dissent in the middle east new online behaviours have transformed traditional communication channels enabling young people of all backgrounds to feel politically empowered but now that spring has turned to winter what are the long term implications of internet activism in the region social media in the arab world provides a unique insight into the role of online communications as a force for change in the gulf states featuring examples as diverse as neo patrimonial politics in saudi arabia and the ways an online presence affects the status of women in kuwait the chapters examine shifts in the political social and religious identities of citizens as a result of increased digital activism with contributions from a variety of inter disciplinary experts this wide ranging study examines the consequences of changing power dynamics brought about by popular social media in doing so this book offers an original perspective on the long term implications of internet usage in the arab world and is essential reading for students and researchers working across the region

Social Media in the Arab World 2016-04-21 the arab human development report ahdr 2016 addresses the development challenges facing youth 15 29 years in the arab region historically the current youth generation is the largest youth cohort this region has had over the past 50 years making up 30 of its population of 370 million in light of the youth led movements and protests during and after the 2011 uprisings the report argues for a renewed policy focus on youth development in the region from the perspective of human development ahdr 2015 deals with the pillars of human development income education and health with the attainment achievement and equitable distribution of education and with the challenges of finding stable and decent jobs arab youth continue to face policies of exclusion whether political social or economic with protracted conflict in several arab countries young arabs have become victims or perpetrators of violence challenged by difficulties of mobility and migration ahdr 2015 aims to engage youth in building an agenda for their future and for the future of their societies young arabs have to be brought back into the centre politically socially economically by giving them a stake in their future

Arab Human Development Report 2016 (Arabic language) 2016-08-29 in this westview press spotlight melani cammett and ishac diwan explore the impact of the arab spring and subsequent events in the region the political economy of the arab uprisings analyzes the ways in which salient socioeconomic and political factors are interacting to shape the construction of new political institutions and economic reform programs the authors introduce students to events with vivid depictions of regional variations in the uprisings pointing to a variety of factors that differentiate the countries of the region and help to explain their distinct trajectories thus far the political economy of the arab uprisings is an extracted chapter from the 2013 updated edition of a political economy of the middle east third edition by alan richards john waterbury melani cammett and ishac diwan isbn 978 0 8133 4928 2 in the full length edition the authors present a comprehensive analysis of the transformation and development of the political economy in the middle east over the past several decades the book retains its focus on the interaction of economic development processes state systems and social actors as well as introduces coverage of the rising oil prices and how it reinforces authoritarian governance in the region a refined assessment of the washington consensus the impact of the arab spring and much more

The Political Economy of the Arab Uprisings 2013-07-16 politics in the middle east is now seen and the image is playing a central part in processes of political struggle this is the first book in the literature to engage directly with these changing ways of communicating politics in the region and particularly with the politics of the image its power as a political tool lina khatib presents a cross country examination of emerging trends in the use of visuals in political struggles in the middle east from the cedar revolution in lebanon to the green movement in iran to the arab spring in egypt syria and libya she demonstrates how states activists artists and people on the street are making use of television the social media and mobile phones as well as non electronic forms including posters cartoons billboards and graffiti to convey and mediate political messages she also draws attention to politics as a visual performance by leaders and citizens alike with a particular focus on the visual dynamics of the arab spring and based

on case studies on the visual dimension of political protest as well as of political campaigning and image management by political parties and political leaders image politics in the middle east shows how visual expression is at the heart of political struggle in the middle east today it is a hard hitting enjoyable groundbreaking book challenging the traditional ways in which politics in the middle east is conceived of and analysed **Image Politics in the Middle East** 2012-10-22 analysis of north african revolt against authoritarianism known as the arab spring embraced reductionist explanations such as the social media youth unemployment and citizens agitations to regain dignity in societies humiliated by oppressive regimes this book illustrates that reductionist approaches can only elucidate some symptoms of a social problem while leaving unexplained the economic and political structures which contributed to it one outcome of quiescence resource based ethnic and sectarian conflicts and faulty development paradigm is deepened inequality and a wedge between winners and losers or affluence wealth and power vis à vis poverty and hunger among humiliated jobless and hope less masses the book blends theories of development and transition to explain the complex factors which contributed to north africans revolt against authoritarianism and its long term consequences for political development in the arab world this timely book is of great interest to researchers and students in development studies economics and middle eastern studies as well as policy makers and democracy human rights and social justice activists in the arab world

Media Laws and Regulations of the GCC Countries 2014-03-05 the imf's 2011 annual report chronicles the response of the fund's executive board and staff to the global financial crisis and other events during financial year 2011 which covers the period from may 1 2010 through april 30 2011 the print version of the report is available in eight languages arabic chinese english french german japanese russian and spanish along with a cd rom available in english only that includes the report text and ancillary materials including the fund's financial statements for fy2011

Economic Development and Political Action in the Arab World 2011-09-21 cyberspace is all around us we depend on it for everything we do we have reengineered our business governance and social relations around a planetary network unlike any before it but there are dangers looming and malign forces are threatening to transform this extraordinary domain in black code ronald j deibert a leading expert on digital technology security and human rights lifts the lid on cyberspace and shows what's at stake for internet users and citizens as cyberspace develops in unprecedented ways powerful agents are scrambling for control predatory cyber criminal gangs such as koobface have made social media their stalking ground the discovery of stuxnet a computer worm reportedly developed by israel and the united states and aimed at iran's nuclear facilities showed that state cyberwar is now a very real possibility governments and corporations are in collusion and are setting the rules of the road behind closed doors this is not the way it was supposed to be the internet's original promise of a global commons of shared knowledge and communications is now under threat drawing on the first hand experiences of one of the most important protagonists in the battle the citizen lab and its global network of frontline researchers who have spent more than a decade cracking cyber espionage rings and uncovering attacks on

citizens and ngos worldwide black code takes readers on a fascinating journey into the battle for cyberspace thought provoking compelling and sometimes frightening it is a wakeup call to citizens who have come to take the internet for granted cyberspace is ours it is what we make of it deibert argues and we need to act now before it slips through our grasp

International Monetary Fund Annual Report 2011 2013-05-14 an introductory guide for students of arabic language arabic historical linguistics and arabic sociolinguistics

Black Code 2014-05-20 recent events such as iran s green revolution and the arab uprisings have exploded notions that human rights are irrelevant to middle eastern and north african politics increasingly seen as a global concern human rights are at the fulcrum of the region s on the ground politics transnational intellectual debates and global political intersections the routledge handbook on human rights and the middle east and north africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground a multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on middle eastern and north african politics this book will therefore be a key resource for students and scholars of middle eastern and north african politics and society as well as anyone with a concern for human rights across the globe

Arabic Language 2016-11-10 the global community was proud to announce in 2012 that the global drinking water target articulated in the millennium development goals had been met five years ahead of schedule however the countries of the water scarce arab region still face the continuing challenge of providing safe and sufficient water and improved sanitation to its growing population there is high variability in access to drinking water and sanitation services among arab countries with some countries nearly fully reliant on desalination while others are not able to secure sufficient investments to meet basic needs the fifth issue of the escwa water development report examines developments in the area of monitoring water and sanitation services in the arab region in the light of global and regional preparations for the post 2015 development agenda it particularly focuses on the challenges of shifting to a rights based approach to the access to water and sanitation services publisher s note

Routledge Handbook on Human Rights and the Middle East and North Africa 2013 news media in the arab world a study of 10 arab and muslim countries is based on ongoing research at the department of media and communication university of leicester and has investigated the rapidly changing nature of the news media in arab countries they have investigated the role of newspapers and television in news provision and the

impact of new media developments most especially the emergence of the internet as a platform for news distribution and of international satellite television channels such as al jazeera examining the constantly developing nature of news the collection contains separately authored chapters produced by the researchers responsible for each original analysis covering bahrain egypt iraq kuwait libya oman qatar palestine saudi arabia and the united arab emirates based on original primary and secondary research this will be the first empirical based collection to blend perspectives from both the western and arab nations

Issues in Sustainable Water Resources Management and Water Services in the Arab Region 2013-06-06 arabic glitch explores an alternative origin story of twenty first century technological innovation in digital politics one centered on the middle east and the 2011 arab uprisings developed from an archive of social media data collected over the decades following the 2003 u s invasion of iraq this book interrogates how the logic of programming technology influences and shapes social movements engaging revolutionary politics arab media and digital practice in form method and content laila shereen sakr formulates a media theory that advances the concept of the glitch as a disruptive media affordance she employs data analytics to analyze tweets posts and blogs to describe the political culture of social media and performs the results under the guise of the arabic speaking cyborg vj um amel playing with multiple voices that span across the virtual and the real sakr argues that there is no longer a divide between the virtual and embodied both bodies and data are physically socially and energetically actual are we cyborgs or citizens or both this book teaches us how a region under transformation became a vanguard for new thinking about digital systems the records they keep the lives they impact and how to create change from within

News Media in the Arab World 2023-07-18 the academy of international business is a leading global association of scholars and specialists in the field of international business which was established in 1959 this book focuses on the real business management problems that mena based organizations face through teaching cases

Arabic Glitch 2013-01-08 this report addresses the development challenges facing young people in the arab region the current young generation is the largest this region has had over the past 50 years making up 30 of its population in light of the youth led movements during and after the 2011 uprisings the report argues for a renewed policy focus on youth development in the region it deals with the pillars of human development income education and health with the attainment achievement and equitable distribution of education and with the challenges of finding stable and decent jobs with protracted conflict in several arab countries young arabs have become victims or perpetrators of violence challenged by difficulties of mobility and migration ahdr 2016 aims to engage youth in building a better future

East Meets West 2016-12-29 in the aftermath of the turmoil that shook north africa in late 2010 and early 2011 commentators and analysts have sought explanations to the factors that triggered the uprisings and to understand why a region seemingly characterized by relative stability for

decades would suddenly erupt in convulsions had an underlying dynamism in the region overwhelmed what were ostensibly stable authoritarian regimes what were the connections to events and dynamics beyond the region such as countries in the middle east international commodity markets and environmental factors amongst others why had allies abetted authoritarianism for so long and what were the implications for such alliances north african politics change and continuity brings together experts to explore these questions providing in depth analyses of important developments in the region which build upon and complement the 2008 companion volume north africa politics region and the limits of transformation this 21 chapter volume is a key contribution that responds to the need in the anglo american sphere for sustained critical studies on north africa and examines political economic security social and military aspects of the region focused studies on individual countries allow detailed discussion of regional factors the book also examines extrinsic trans regional dynamics such as north africa s influential interdependencies with the levant and the gulf europe sahelian and sub saharan africa and north america its innovative approach provides new perspectives on north africa extending its research scope to include egypt and exploring china s evolving role in the region providing an important contribution in the assessment of the ever shifting political and social tectonics within and beyond north africa north african politics is an essential resource for students scholars and policy makers in middle eastern and north african studies and beyond

Arab Human Development Report 2016 2015-09-16 explores the transmission and perpetuation of conflict narratives in israeli jewish and palestinian society since the signing of the oslo accords

North African Politics 2021-05-27 dissident writings of arab women voices against violence analyzes the links between creative dissidence and inscriptions of violence in the writings of a selected group of postcolonial arab women the female authors destabilize essentialist framings of arab identity through a series of reflective interrogations and contesting literary genres that include novels short stories poetry docudramas interviews and testimonials rejecting a purist literature for literature s sake ethic they embrace a dissident poetics of feminist critique and creative resistance as they engage in multiple and intergenerational border crossings in terms of geography subject matter language and transnationality this book thus examines the ways in which the women s writings provide the blueprint for social justice by voicing protest and stimulating critical thought particularly in instances of social oppression structural violence and political transition providing an interdisciplinary approach which goes beyond narrow definitions of literature as aesthetic praxis to include literature s added value as a social historical political and cultural palimpsest this book will be a useful resource for students and scholars of north african studies postcolonial studies francophone studies and feminist studies

A Tale of Two Narratives 2014-03-14 this volume offers up to date insights into the state of library and information science lis in the middle east and north africa covered topics include information literacy intellectual property lis education and research publishing and more this timely contribution thus presents vital areas of research on a region that receives relatively little coverage and is currently experiencing rapid and

significant changes

Dissident Writings of Arab Women 2016-07-11 amid the extensive coverage of the arab uprisings the gulf state of bahrain has been almost forgotten fusing historical and contemporary analysis bahrain s uprising seeks to fill this gap examining the ongoing protests and state repression that continues today drawing on powerful testimonies interviews and conversations from those involved this broad collection of writings by scholars and activists provides a rarely heard voice of the lived experience of bahrainis describing the way in which a sophisticated society defined by a historical struggle continues to hamper the efforts of the ruling elite to rebrand itself as a liberal monarchy

Library and Information Science in the Middle East and North Africa 2015-09-15 within the middle east there are a wide range of minority groups outside the mainstream religious and ethnic culture this book provides a detailed examination of their rights as minorities within this region and their changing status throughout the twentieth and twenty first centuries the rights of minorities in the middle east are subject to a range of legal frameworks having developed in part from islamic law and in recent years subject to international human rights law and institutional frameworks the book examines the context in which minority rights operate within this conflicted region investigating how minorities engage with or are excluded from various sites of power and how state practice in dealing with minorities often ostensibly based on islamic authority intersects with and informs modern constitutionalism and international law the book identifies who exactly can be classed as a minority group analysing in detail the different religious and ethnic minorities across the region the book also pays special attention to the plight of minorities who are spread between various states often as the result of conflict it assesses the applicable domestic legislative instruments within the three countries investigated as case studies iraq syria and lebanon and highlights key domestic remedies that could serve as models for ensuring greater social cohesion and greater inclusion of minorities in the political life of these countries

Bahrain's Uprising 2013-04-25 by assembling a range of fictional works from different parts of the arab world that incorporate older characters this book draws on a range of theoretical approaches to aging particularly from the perspective of gender and feminism to reconcile the biological and cultural understandings of old age

Minority Rights in the Middle East 2020-09-21 offering fresh and exciting approaches to solving global problems this book creatively views challenging social issues through the lens of racial and ethnic psychology as the demographic makeup of the american population continues to evolve understanding and addressing the psychological needs of ethnic minorities in the united states becomes more important to the overall health and well being of society this three volume set is the first publication to explicitly tackle social issues from the perspective of racial and ethnic psychology it uniquely presents racial and ethnic psychological perspectives on topics such as media criminal justice racism climate change gender bias and health and mental health disparities volume one introduces readers to the basic scientific concepts of racial and ethnic minority

psychology and then examines the intersectionality of race ethnicity gender and sexual orientation it also addresses how race and ethnicity affect communication styles leadership styles and media the second volume discusses the experiences of individuals within racial and ethnic minorities including overt racism covert racism and colonialism and addresses how ethnic minority psychology plays a role in our educational system poverty global climate change and sustainability the third volume covers ethics in health and research considers the causes of health and mental health disparities and identifies diversity initiatives that can improve the health and well being of all citizens not just racial and ethnic minority citizens

[Ageing in the Modern Arabic Novel](#) 2017-02-16 an exploration of the many faces of televangelism in our world today including christian islamic and hindu the collection analyses the correspondences and major differences between global and local televangelism focusing on the main individuals involved in televangelism their practices and the social and cultural impact of their ministries

Social Issues in Living Color 2012-07-30 the book discusses the demographic changes in muslim countries it thereby focuses on topics such as the demographic dividend and the demographic transition labour market challenges health care universal education and gender issues these challenges are addressed at a country level and include policy implications for the large majority of the muslim countries covered in this book moreover political consequences for europe with respect to the integration of muslims are presented to the reader

Global and Local Televangelism 2012-03-28 moss presents a new theoretical framework for explaining when anti authoritarian diaspora movements emerge and become transnational agents of change

Population Dynamics in Muslim Countries 2022-04-21 how is the adoption of digital media in the arab world affecting the relationship between the state and its subjects what new forms of online engagement and strategies of resistance have emerged from the aspirations of digitally empowered citizens in the middle east and north africa networked publics and digital contention narrates the story of the co evolution of technology and society in tunisia the birthplace of the arab uprisings it explores the emergence of a digital culture of contention that helped networked publics negotiate their lived reality reconfigure power relations and ultimately redefine the locus of politics it broadens the focus from narrow debates about the role that social media played in the arab uprisings toward a fresh understanding of how changes in media affect the state society relationship over time based on extensive fieldwork in depth interviews with internet activists and immersive analyses of online communication this book draws our attention away from the tools of political communication and refocuses it on the politics of communication an original contribution to the political sociology of media networked publics and digital contention provides a unique perspective on how networked arab publics reimagine citizenship reinvent politics and produce change

The Arab Spring Abroad 2015-08-03 the wider region of the eastern mediterranean is in transition what is being evinced is a situation of

continuous volatility centering on developments such as the arab spring the greek sovereign debt crisis islamic terrorism the continuation of deadlock over the cyriot and palestinian issues significant energy finds in the levantine basin concerns over nuclear proliferation and more recently the syrian civil war at a systemic level the move towards a regional multipolar reality has also contributed to volatility by creating a crescendo of antagonisms between all the major international actors who continuously strive for more influence power and prestige this collective project by leading experts represents a unique combination of international theory and international politics analysis that deals exclusively with the wider eastern mediterranean it scrutinizes in a multidimensional manner the current geostrategic and geopolitical conditions that include the latest domestic socio political events as well as the active involvement of the great powers in the region this book should be of interest to academics decision makers and a general reading public focusing on a significant and influential region in flux

Networked Publics and Digital Contention 2015-04-28 this book addresses issues surrounding the evolution of the arab spring in north africa after a general introduction and explanation of the events on a region wide basis it turns to examine aspects of each of the countries concerned the role of the muslim brotherhood during the nasser regime and in the contemporary situation is compared together with an analysis of the emergence of new political parties in egypt the book analyses the links between social media and satellite television during the revolution in egypt this is followed by a study of the intellectual and cultural background to the tunisian revolution and an analysis of the new political parties in tunisia it also looks at the revolution process in libya and concludes with a study of why there was no revolution in algeria and how the moroccan monarchy was able to sideline those who challenged it at the price of constitutional changes that are essentially cosmetic this book was originally published as a special issue of the journal of north african studies
