an open access book it has been two years since the covid 19 pandemic swept across the world this has more or less left a mark of memories and trauma for more or fewer people this pandemic reminds people around the world that there are things that can happen without people knowing it people start to worry and pessimistically see the uncertainty that lies in the future to deal with this a strategy is needed through educational innovation and social science to answer and face the challenges of uncertainty in the future breakthroughs in education and social science are the most strategic ways to build and enhance human capacity to solve problems environmental and social problems the spirit of innovation rising from an economic downturn the use of technology is obtained through the role of educational institutions this can be interpreted that innovation in education and social science produces superior humans who have good behavior and wise humans so that in the face of uncertainty in the post pandemic period humans have strategies and become more prepared to find out more about strategies for

dealing with and responding to future uncertainties after the pandemic through educational innovations and social science it is necessary to conduct research or studies that discuss these matters and be published widely to support this universitas PGRI Yogyakarta held an international conference and call for papers the 1st UPU International Conference on Education and Social Science: Unraveling Strategies to Deal with Uncertainty through Education and Social Science Innovation on June 15, 2022.

this is an open access conference
objectives of the conference are as follows to update knowledge about the relevant program priorities for addressing cvd burden in developing countries to explore options for the comprehensive management of primary cardiovascular risk factors such as high blood pressure high blood glucose level smoking and sedentary lifestyle to discuss the latest guidance and evidence on the early detection and management of cvd and its implementation in the context of developing countries including the impact of the covid 19 pandemic on the

management of cvd to strengthen interprofessional collaboration in addressing challenges using multidisciplinary approaches for the prevention treatment and rehabilitation of patients with cvd to update knowledge about health technology science and innovation related to the management and rehabilitation of patients with cvd we are delighted to introduce the proceedings of the third edition of the international conference on of education and science the 3rd international conference of education and science ices universitas kristen indonesia will be an annual event hosted by education and teacher training faculty universitas kristen indonesia this year 2021 will be the third ices uki will be held on 17 18 november 2021 at education and teacher training faculty universitas kristen indonesia indonesia this conference has brought researchers developers and practitioners around the world the theme of ices 2021 was research and education sustainability post covid 19 in asian context the 3rd international conference of education and science ices 2021 consisted of 46 full papers the conference tracks were teaching and learning education technology educational psychology and christian education research and education sustainability post covid 19 in asian context has been chosen at the main theme for the conference science and education underlie all human life especially in the face of the industrial revolution 4 0 which is clearly stated in rirn thus science and education will become a special field of study in the 3rd ices 2021 through this activity it is expected to increase the number

of international publications by Indonesian academics in the fields of natural science, social science, and education. The conference invites delegates from across Indonesian and Asian regions and beyond and is usually attended by more than 1000 participants from universities, academics, researchers, practitioners, and professionals across a wide range of industries. We strongly believe that the 3rd International Conference of Education and Science (ICES 2021) provides a good forum for all researchers, developers, and practitioners to discuss all science and education aspects that are relevant to the 3rd ICES 2021. We also expect that in the future, the 4th ICES 2022 will be as successful and stimulating as indicated by the contributions presented in this volume.

An Attempt Towards a Natural History of the Fossils of England

2011 born in 1934 peter gzowski covered most of the last half of

the century as a journalist and interviewer this biography the

most comprehensive and definitive yet published is also a

portrait of canada during those decades beginning with gzowski

s days at the university of toronto s the varsity in the mid 1950s

through his years as the youngest ever managing editor of

maclean s in the 1960s and his tremendous success on cbc s

morningside in the 1980s and 1990s and ending with his stint as

a globe and mail columnist at the dawn of the 21st century and

his death in january 2002 gzowski saw eight canadian prime

ministers in office most of whom he interviewed and witnessed

everything from the quiet revolution in québec to the growth

of economic nationalism in canada s west from the rise of state

medicine to the decline of the patriarchy peter was there to

comment to resist and to participate here was a man who was

proud to call himself canadian and who made millions of other

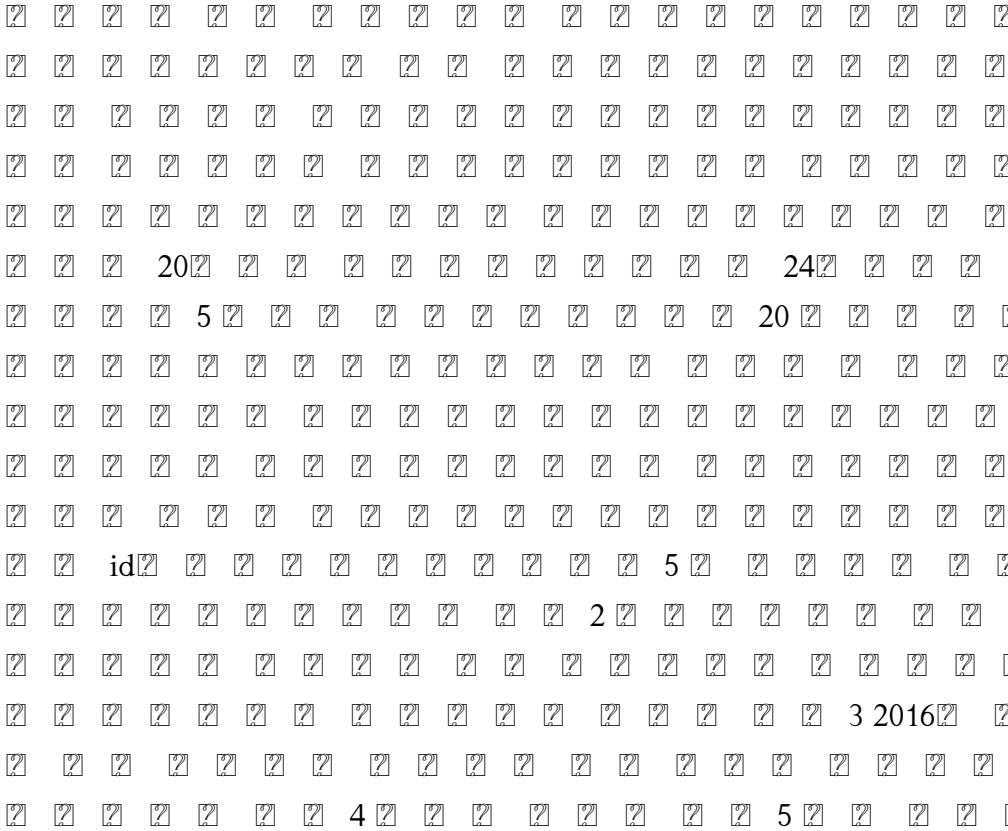

canadians realize that canada was in what he claimed was a

canadian expression not a bad place to live
