there are no secret books you can understand the law the supreme law of the land constitutional law first freedoms constitutional rights your day in court the litigation process hot coffee and crashing cars tort law a deal s a deal contract law you are what you own property law crime doesn t pay criminal law protecting the innocent freeing the guilty criminal procedure

Law 101 2006-08-01

the best selling first edition of law 101 provided readers with a vividly written and indispensable portrait of our nation s legal system now in this revised edition jay m feinman offers an updated survey of american law spiced with new anecdotes and cases and incorporating fresh material on topics ranging from the president s war powers to intellectual property standard form contracts and eminent domain here is an exceptionally clear introduction to law

covering the main subjects found in the first year of law school giving us a basic understanding of how it all works readers are introduced to every aspect of the legal system from constitutional law and the litigation process to tort law contract law property law and criminal law feinman illuminates each discussion with many intriguing outrageous and infamous cases from the scalding coffee case that cost mcdonald s half a million dollars to the sensational murder trial in victorian london that led to the legal definition of insanity to the epochal decision in marbury v madison that gave the supreme court the power to declare state and federal laws unconstitutional he broadens the reader s legal vocabulary clarifying the meaning of everything from due process and equal protection in constitutional law to the distinction between murder and manslaughter in criminal law perhaps most important we learn that though the law is voluminous and complex it is accessible to all everyone who wants a better grasp of current legal issues from students contemplating law school to journalists covering the legislature or the courts to fans of court tv will find here a wonderful source of information a complete clear and colorful map of the american legal system an entertaining and informative introduction to the law for journalists those interested in the law and fans of television law dramas this book should be required reading library journal

The Functions of Law 2016

this book seeks to contribute to a legal positivist picture of law by defending two metaphysical claims about law and investigating their methodological implications one claim is that the law is a kind of artifact a thoroughgoing human creation for performing certain tasks or accomplishing certain goals that is artifacts are generally understood in terms of their functions when discussing artifacts the notion of function need not be as mysterious or problematic as might be the case with biological functions the other claim is that the law is an institution a specific kind of artifact that creates artificial roles which allow for the establishment and manipulation of rights and duties among those subject to the institution the methodological implication of this picture of law is that it is best understood in terms of the social functions that it performs and that the job of the legal philosopher is to investigate those functions this position is advanced against non positivist theories of law that nonetheless rely upon notions of law s function and is also advanced against positivist pictures that tend to de emphasize or overlook the central role that function must play to understand the nature of law one key implication of this picture is that it can help explain how law might give people reasons to act beyond its use of force to do

Corporate Law for M.Com Entrance Examination 2015-12-22

this history of legal language slices through the polysyllabic thicket of legalese the text shows to what extent legalese is simply a product of its past and demonstrates that arcane vocabulary is not an inevitable feature of our legal system

A History of American Law 1778

renowned legal historian lawrence friedman presents an accessible and authoritative history of american law from the colonial era to the present day this fully revised fourth edition incorporates the latest research to bring this classic work into the twenty first century in addition to looking closely at timely issues like race relations the book covers the changing configurations of commercial law criminal law family law and the law of property friedman furthermore

interrogates the vicissitudes of the legal profession and legal education the underlying theory of this eminently readable book is that the law is the product of society in this way we can view the history of the legal system through a sociological prism as it has evolved over the years

Criminal Law 1999

the world of law is a world of information rules judgments decisions interpretations and agreements all involve using and communicating information today we are experiencing a significant transition from letters fixed on paper to information stored electronically the digital era where information is created stored and communicated electronically is quickly approaching if not already here the future of law will no longer be found in impressive buildings and leather bound books but in small pieces of silicon in streams of light and in millions of miles of wires and cable it will be a world of new relationships and greater possibilities for individual and group communication an environment where the value of information increases as it is shared in law in a digital world m ethan katsh explores how these new technologies will alter one of our most central institutions he considers the different ways in which people will not only electronically read and write but also interact with our vast storehouses of legal knowledge and information he envisions how sounds and pictures will play into the largely imageless print world of law and looks at the future importance of graphic and nontextual communication he explores how the flexible personalized organization of data will transform the way we gather information and whether information can or cannot be contained raising questions of copyright and privacy what happens to the law when information is more plentiful and accessible what happens to those people who suddenly have access to information never before available does the use of information in a new form change the institution the user and those who come in contact with the user and what role does the lawyer play in all of this for citizens for lawyers for all those who will be part of the digital world rushing toward us katsh answers these questions while considering the implications of this new era

The Spirit of Laws. Translated from the French of M. de Secondat, Baron de Montesquieu .. The Seventh Edition 1787

ijjan smits has long been one of the most interesting and original authors on european private law theory now he offers his views on legal scholarship and they are as original as they are thought provoking his plea for a legal scholarship that maintains its identity vis ö vis neighboring disciplines without

collapsing into doctrinairism is bound to yield lively discussions and hopefully will help re establish a proper place for legal scholarship in europe and beyond

Í ralf michael's duke university us "the mind and method of the legal academic is a valuable contribution to the discussion on legal methodology and legal theory which offers an acute insight in contemporary academic discussions smits provides us with fresh ideas as to the non importance of social sciences for law comparative law and what makes an academic discipline he does so in a clear style and barely hundred pages text it therefore can be highly recommended to all students of jurisprudence

Í ewoud hondius university of utrecht the netherlands "a wonderful little book which explains to newcomers and old hands alike what legal academics are doing how they are doing it how they ought to be doing it what kind of research environment they would need and how all this should affect their teaching smits brings comparative and interdisciplinary approaches home to the core of scholarly legal work

Í gerhard dannemann centre for british studies berlin germany "this book is a wide ranging and bold exploration of the nature of legal scholarship lucid and learned smits draws upon a variety of sources to recommend a multi faceted approach to the normative dimension of law as such it provides a theoretical base for comparative law but also for any inquiry into what law or legal principle is appropriate for a given problem or situation all those engaged in critically examining the law will benefit from its insights

Í anthony ogus university of manchester uk and university of rotterdam the netherlands "academic debate over law and legal scholarship has placed legal research and legal education under pressure jan smits' book is intellectual self defence of legal scholarship tailored for the needs of tomorrow the mind and method of the legal academic is fluid creative and original makes wonderful reading for those who are concerned about the future of legal research and legal education in a globalized world

Í jaakko husa university of lapland finland in a context of changing times and current debate this highly topical book discusses the aims methods and organization of legal scholarship jan smits assesses the recent turn away from doctrinal research towards a more empirical and theoretical way of legal investigation and offers a fresh perspective on what it is that legal academics should deal with and how they should do it the book also considers the consequences which follow for the organization of the legal discipline by universities and uses this context to discuss the key questions of the internationalization of law schools quality assessments legal education and the research culture being the first book to address the aim and goals of legal scholarship in an international context this insightful study will appeal to academics graduate students researchers and policymakers in higher education

Legal Language 2019-09-09

elgar advanced introductions are stimulating and thoughtful introductions to major fields in the social sciences and law expertly written by the world's leading

scholars designed to be accessible yet rigorous they offer concise and lucid surveys of the substantive and policy issues associated with discrete subject areas in this advanced introduction one of the world's leading private law scholars takes the reader on an intellectual journey through the different facets and dimensions of the field from the family home to kuta beach and from thomas piketty to nina hagen this concise book provides an accessible and fresh introduction to private law presenting the topic as a unified whole of which the main branches on contract tort property family and inheritance are governed by conflicts between individual autonomy and countervailing principles the book stands out as a unique account of how private law allows individuals to optimally flourish in matters of economy work leisure family and life in general

Laws of Maryland, Made Since M,DCC,LXIII 1923

this book offers educational experiences including reflections and the resulting essays from the roberta kevelson seminar on law and semiotics held during 2008-2011 at penn state university's dickinson school of law the texts address educational aspects of law that require attention and that also are issues in traditional jurisprudence and legal theory the book introduces education in legal semiotics as it evolves in a legal curriculum specific semiotic concepts such as sign symbol or legal language demonstrate how a lawyer's professionally important tasks of name giving and meaning giving are seldom completely understood by lawyers or laypeople these concepts require analyses of considerable depth to understand the expressiveness of these legal names and meanings and to understand how lawyers can say the law or urge such a saying correctly and effectively in the context of a natural language that is understandable to all of us the book brings together the structure of the seminar its foundational philosophical problems the specifics of legal history and the semiotics of the legal system with specific themes such as gender family law and business law

A History of American Law 1995-05-25

this book examines theoretical and practical issues concerning the relationship between international law time and history problems relating to time and history are ever present in the work of international lawyers whether understood in terms of the role of historic practice in the doctrine of sources the application of the principle of inter temporal law in dispute settlement or in gaining a coherent insight into the role that was played by international law in past events but very little has been written about the various different ways in which international lawyers approach or understand the past and it is with a view to exploring the dynamics of that engagement that this book has been compiled in its broadest sense it is possible to identify at least three different ways in

which the relationship between international law and its history may be conceived the first is that of a history of international law written in narrative form and mapped out in terms of a teleology of origins development progress or renewal the second is that of history in international law and of the role history plays in arguments about law itself for example in the construction of customary international law the third way of understanding that relationship is in terms of international law in history of understanding how international law has been engaged in the creation of a history that in some senses stands outside the history of international law itself the essays in this collection make clear that each type of engagement with history and international law interweaves various different types of historical narrative pointing to the typically multi layered nature of international lawyers engagement with the past and its importance in shaping the present and future of international law

The Common Law *2012-01-01*

designed as a textbook for undergraduate and postgraduate students of journalism mass communication visual communication electronic media and other related media courses this compact text provides a detailed description of the rules acts and ethics concerning print electronic film and advertising media as prevalent in india the book begins with the history of media law in india and discusses the specific provisions in the constitution of india which are essential for a journalist to know it then goes on to define the concepts of freedom of media defamation and intellectual property rights besides the text discusses in detail the provisions of the indian penal code and the criminal procedure code relevant to the media in addition to covering different types of cyber crimes such as hacking cracking and e mail bombing it includes regulations related to film media and advertising finally the book throws light on media law concerning women and children the book also includes several important cases to enable students to relate various acts and regulations to real life situations besides students journalists and other media professionals who cover courts and law related beats would also find this book immensely valuable

Law in a Digital World *2016-12-30*

since many legal disputes are battles over the meaning of a statute contract testimony or the constitution judges must interpret language in order to decide why one proposed meaning overrides another and in making their decisions about meaning appear authoritative and fair judges often write about the nature of linguistic interpretation in the first book to examine the linguistic analysis of law lawrence m solan shows that judges sometimes inaccurately portray the way we use language creating inconsistencies in their decisions and threatening the fairness of the judicial system solan uses a wealth of examples to

illustrate the way linguistics enters the process of judicial decision making a death penalty case that the supreme court decided by analyzing the use of adjectives in a jury instruction criminal cases whose outcomes depend on the supreme court's analysis of the relationship between adverbs and prepositional phrases and cases focused on the meaning of certain words in the constitution solan finds that judges often describe our use of language poorly because there is no clear relationship between the principles of linguistics and the jurisprudential goals that the judge wishes to promote a major contribution to the growing interdisciplinary scholarship on law and its social and cultural context solan's lucid engaging book is equally accessible to linguists lawyers philosophers anthropologists literary theorists and political scientists

The Mind and Method of the Legal Academic 2011-07-06

brings together experts from north and south to examine the impact of globalization on the corporate legal environment in brazil

Advanced Introduction to Private Law 2007

the present and future of european family law explores the essence of european family law and what its future may be it compares and analyses existing laws and court decisions identifies trends in legislation and jurisprudence and also forecasts and in some cases proposes future developments it establishes that while there is at present no comprehensive european family law elements of an institutional european family law have been created through decisions by the european court on human rights and by the court of justice of the european union as well as other eu instruments at the same time an organic european family law is beginning to emerge the laws in many european jurisdictions have developed similarly and have grown together not only as a result of the aforementioned institutional pressures but also as a result of societal developments and comparable reactions to medical and societal advances and changes hence there already is a body of institutional and organic european family law and it will continue to grow this book and the others in the set will serve as an invaluable resource for anyone interested in family law it will be of particular use to students and scholars of comparative and international family law as well as family law practitioners

The Semiotics of Law in Legal Education 1878

the most commonly cited justification for international criminal law is that it addresses crimes of such gravity that they shock the conscience of humanity from decisions about how to define crimes and when to exercise jurisdiction to limitations on defences and sentencing determinations gravity rhetoric permeates the discourse of international criminal law yet the concept of gravity has thus far remained highly undertheorized this book uncovers the consequences for the regime s legitimacy of its heavy reliance on the poorly understood idea of gravity margaret m deguzman argues that gravity s ambiguity may at times enable a thin consensus to emerge around decisions such as the creation of an institution or the definition of a crime but that increasingly it undermines efforts to build a strong and resilient global justice community the book suggests ways to reconceptualize gravity in line with global values and goals to better support the long term legitimacy of international criminal law

Time, History and International Law 2009-11-03

presenting international foreign investment law in historical political and economic contexts this book embraces all recent developments

MEDIA LAW AND ETHICS 2000-04

considers how research in psychology offers new perspectives on property law and suggests avenues of reform property law governs the acquisition use

and transfer of resources it resolves competing claims to property provides legal rules for transactions affords protection to property from interference by the state and determines remedies for injury to property rights in seeking to accomplish these goals the law of property is concerned with human cognition and behavior how do we allocate property both initially and over time and what factors determine the perceived fairness of those distributions what social and psychological forces underlie determinations that certain uses of property are reasonable what remedies do property owners prefer the psychology of property law explains how assumptions about human judgement decision making and behavior have shaped different property rules and examines to what extent these assumptions are supported by the research employing key findings from psychology the book considers whether property law s goals could be achieved more successfully with different rules in addition the book highlights property laws and conflicts that offer productive areas for further behaviorally informed research the book critically addresses several topics from property law for which psychology has a great deal to contribute these include ownership and possession legal protections for residential and personal property takings of property by the state redistribution through property law real estate transactions discrimination in housing and land use and remedies for injury to property

Damages in International Law *2010-08-15*

john m collins presents the first comprehensive history of martial law in the early modern period he argues that rather than being a state of exception from law martial law was understood and practiced as one of the king s laws further it was a vital component of both england s domestic and imperial legal order it was used to quell rebellions during the reformation to subdue ireland to regulate english plantations like jamestown to punish spies and traitors in the english civil war and to build forts on jamaica through outlining the history of martial law collins reinterprets english legal culture as dynamic politicized and creative where jurists were inspired by past practices to generate new law rather than being restrained by it this work asks that legal history once again be re integrated into the cultural and political histories of early modern england and its empire

The Law of Torts 2018-01-11

with massive growth taking place in the real estate industry how can china develop a free market and private ownership of land while still officially subscribing to communist ideology this study uses fieldwork interviews to establish how the chinese real estate market operates in practice from both legal and business perspectives it describes how the market functions which laws are applicable and how they are applied and how a nation can achieve dramatic

economic growth so rapidly while its legal system is so unsettled the book demonstrates how china is drawing on the world for ideas while retaining a domestic system that remains essentially chinese and how the recent revitalization of china s real estate market has confounded the predictions of many developments economists

The Language of Judges *2016-01-29*

the gripping story of one american lawyer s obsessive crusade waged at any cost against big oil on behalf of the poor farmers and indigenous tribes of the amazon rainforest steven donziger a self styled social activist and harvard educated lawyer signed on to a budding class action lawsuit against multinational texaco which later merged with chevron to become the third largest corporation in america the suit sought reparations for the ecuadorian peasants and tribes people whose lives were affected by decades of oil production near their villages and fields during twenty years of legal hostilities in federal courts in manhattan and remote provincial tribunals in the ecuadorian jungle donziger and chevron s lawyers followed fierce no holds barred rules donziger a larger than life loud mouthed showman proved himself a master orchestrator of the media hollywood and public opinion he cajoled and coerced ecuadorian judges on the theory that his noble ends justified any means of persuasion and in the end he won an unlikely victory a 19 billion judgment against chevron the biggest environmental damages award in history but the company refused to surrender or compromise instead chevron targeted donziger personally and its counter attack revealed damning evidence of his politicking and manipulation of evidence suddenly the verdict and decades of donziger s single minded pursuit of the case began to unravel written with the texture and flair of the best narrative nonfiction law of the jungle is an unputdownable story in which there are countless victims a vast region of ruined rivers and polluted rainforest but very few heroes

The Brazilian Legal Profession in the Age of Globalization *2003*

the judicial process law courts and judicial politics is an all new concise yet comprehensive core text that introduces students to the nature and significance of the judicial process in the united states and across the globe it is social scientific in its approach situating the role of the courts and their impact on public policy within a strong foundation in legal theory or political jurisprudence as well as legal scholarship authors christopher p banks and david m o brien do not shy away from the politics of the judicial process and offer unique insight into cutting edge and highly relevant issues in its distinctive boxes contemporary controversies over courts and in comparative perspective the text examines topics such as the dispute pyramid the law and morality of same sex marriages

the hardball politics of judicial selection plea bargaining trends the right to counsel and pay as you go justice judicial decisions limiting the availability of class actions constitutional courts in europe the judicial role in creating major social change and the role lawyers juries and alternative dispute resolution techniques play in the u s and throughout the world photos cartoons charts and graphs are used throughout the text to facilitate student learning and highlight key aspects of the judicial process
