Hannibal 2015-02-24 the life of the great carthaginian general who marched into rome during the second punic war is reexamined in this revealing and scholarly biography once of the greatest military minds of the ancient world hannibal barca lived a life of daring and survival massive battles and ultimate defeat a citizen of carthage and military commander in punic spain he famously marched his war elephants and huge army over the alps into rome's own heartland to fight the second punic war yet the romans were the ultimate victors they eventually captured and destroyed carthage and thus it was they who wrote the legend of hannibal a brilliant and worthy enemy whose defeat represented military glory for rome in this groundbreaking biography eve macdonald employs archaeological findings and documentary sources to expand the memory of hannibal beyond his military career considering him in the context of his time and the carthaginian culture that shaped him macdonald offers a complex portrait of a man from a prominent family who was both a military hero and a statesman macdonald also analyzes hannibal's legend over the millennia exploring how statutory jacobean tragedy opera nineteenth century fiction and other depictions illuminate the character of one of the most fascinating figures in all of history

Daily Life in the Hellenistic Age 2008-05-30 the hellenistic world ushered into existence by alexander the great took in a vast region stretching from iraq in the east to sicily in the west within this area society was multicultural but the dominant culture was greek developed from the culture of classical greece and carrying on the legacy of classical greece in the visual arts literature science technology and daily life narrative chapters guide the reader through the vast conquered lands of hellenistic greece exploring marriage customs festivals sports and spectacles symposia drinking parties the agricultural and urban components of the polis city state food drink education science technology and the legacy of the hellenistic age in the modern world

Daily Life in the Hellenistic Age 2012 an exploration of the hellenistic world in the aftermath of alexander the great

Belonging and Isolation in the Hellenistic World 2013-01-01 the hellenistic period was a time of unprecedented cultural exchange in the wake of alexander's conquests greeks and macedonians began to encounter new peoples new ideas and new ways of life consequently this era is generally considered to have been one of unmatched cosmopolitanism for many individuals however the broadening of horizons brought with it an identity crisis and a sense of being adrift in a world that had undergone a radical structural change belonging and isolation in the hellenistic world presents essays by leading international scholars who consider how the cosmopolitanism of the hellenistic age also brought about tensions between individuals and communities and between the small local community and the mega community of oikoumene or the inhabited earth with a range of social artistic economic political and literary perspectives the contributors provide a lively exploration of the tensions and opportunities of life in the hellenistic mediterranean

The Hellenistic Period 2008-04-15 this book presents in translation 175 of the most revealing documents that have survived on stone and papyrus from the hellenistic period presents over 150 sources in translation captures the political social economic and religious dynamism of the hellenistic kingdoms and cities covers the entire hellenistic world with extensive coverage of the ptolemaic kingdom

The Mentalities of the Hellenistic World and the After-life 1938 alexander demosthenes phocion eumenes demetrius pyrrhus agis and cleomenes aratus philopoemen flamininus this selection of ten lives traces the history of hellenistic greece from the rise of macedon and alexander's conquest of the persian empire to the arrival of the romans plutarch's biographies of eminent politicians rulers and soldiers combine vivid portraits of their subjects with a wealth of historical information they constitute a uniquely important source for the period we see how greek politics changed as macedon's power grew and we learn of the warlords who followed alexander resistance to macedon is reflected in the lives of demosthenes and aratus and that of agis and cleomenes two revolutionary kings of sparta the volume concludes with the emergence of rome in greek affairs and the life of flamininus the roman general who defeated philip v of macedon plutarch's elegant style combines anecdote and erudition humour and psychological insight consummately translated by robin waterfield and introduced by andrew erskine these lives from the hellenistic period complement greek lives and roman lives in oxford world's classics about the series for over 100 years oxford world's classics has made available the widest range of literature from around the globe each affordable volume reflects oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Hellenistic Lives 2016-01-14 life and death in asia minor combines contributions in both archaeology and bioarchaeology in asia minor in the period ca 200 bc ad 1300 for the first time the archaeology topics are wide ranging including death and territory death and landscape perception death and urban transformations from pagan to christian topography changing tomb typologies funerary costs family organization funerary rights rituals and practices among pagans jews and christians inhumation and early byzantine cremations and use and reuse of tombs the bioarchaeology chapters use dna isotope and osteological analyses to discuss both among children and adults questions such as demography and death rates pathology and nutrition body actions genetics osteobiography and mobility patterns and diet the areas covered in asia minor include the sites of hierapolis laodikeia aphrodisias tlos ephesos priene kyme pergamon amorion gordion boğazkale and arslantepe the theoretical and methodological approaches used make it highly relevant for people working in other geographical areas and time periods many of the articles could be used as case studies in teaching at schools and universities an important objective of the publication has been to see how the different types of results emerging from archaeological and natural science studies respectively could be integrated with each other and pose new questions on ancient societies which were far more complex than historical and social studies of the past often manage to transmit

Life and Death in Asia Minor in Hellenistic, Roman and Byzantine Times 2016-12-31 this interdisciplinary collection of articles brings out the variety of local and regional patterns of worship in the near east and in this manner contributes to our quest for understanding the polytheistic cults of the region as a whole

The Variety of Local Religious Life in the Near East 2008-08-31 alexander's conquest of the persian empire had far reaching impact in space and time much of the territory that he seized would remain under the control of macedonian kings until the arrival of the romans but macedonian power also brought with it greeks and greek culture in this book leading scholars in the field explore the creation of this hellenistic world its cultural political and economic transformations and how far these were a consequence of alexander's conquests new kingdoms were established new cities such as alexandria and antioch were founded art and literature discovered fresh patrons egyptians and iranians had to come to terms with graeco macedonian rulers and settlers while greeks and macedonians learned the ways of more ancient cultures the essays presented here offer an exciting interdisciplinary approach to the study of this emerging hellenistic world its newness but also its oldness both real and imagined

Greek Life and Thought 1887 based on the author's thesis doctoral university of oxford 2006 issued under the title statues of children in the hellenistic period

Creating a Hellenistic World 2010-12-31 the cultural history of the phoenicians seems to have stopped short at the time of alexander the great's destruction of the city of tyre yet in truth these people survived the destruction of their cities and the confiscation of their lands to enjoy long periods of peace and prosperity this study pursues the themes of trade and economic history and shows how the adaptation of the phoenicians to life in the hellenistic world reveals a number of features common to that world as a whole but also some which are distinctive to the phoenicians themselves the first full account of the hellenization of phoenician culture this book will provide a new look at hellenistic life for all interested in roman and near eastern culture

Children in the Hellenistic World 2015 the contributors to this volume seek to decipher the hellenistic citizen's views on vital elements of their society the city the ruler religion magic and astrology everyday life and social relations family and gender morality uses of the past and the iconography of death how did the changes in political and social ideas affect actions and practices which in turn again altered concepts moreover the authors distinguish between the views of the common people and the elite the evidence from inscriptions seen as popular sentiment and the evidence from literature from the elite the authors' conclusions have broad ramifications for future scholars in a field that has not hitherto received much attention this volume is essential reading on the early development of individualism and the history of ideas

Hellenistic Phoenicia 1991 in the cities of the greek east during the late hellenistic and roman periods female members of local ruling elites played a prominent and visible role in public life in the large body of inscriptions documenting public life in the cities of asia minor and to a lesser extent mainland greece and the islands they appear as civic benefactors or undertaking civic offices and liturgies in previous studies of this subject attention has focussed almost entirely on the nature of women's political prominence which is usually interpreted as a result of increased female independence and power in the legal and economic sphere this study argues that notions of emancipation or increased freedom and power rest on a misinterpretation of women's social legal and economic position and are unhelpful in understanding the general developments that affected women's civic roles

Conventional Values of the Hellenistic Greeks 1997 this book opens the world of the ancient greeks to all readers through easily accessible entries on topics essential to understanding greek high culture and daily life the ancient greeks provided the foundation for western civilization they made significant advances in science mathematics philosophy literature and government while many readers might have heard of plato and aristotle however or be familiar with the classic works of greek tragedy most people know significantly less about daily life in the ancient greek world this encyclopedia opens the world of the ancient greeks spanning greek history from the bronze age through roman times with an emphasis on the classical and hellenistic eras the encyclopedia provides roughly 270 easily accessible entries on topics essential to understanding everything from greek high culture to daily life these entries are grouped in topical sections on the arts science and technology politics and government domestic life and other subjects sidebars on particularly noteworthy people places and concepts provide related information while primary documents allow readers to delve into the mindset and feelings of the ancient greeks themselves extensive bibliographic references give curious readers direction for further research

The Limits of Participation 1996 the intense bonds among the king and his family friends lovers and entourage are the most enticing and intriguing aspects of alexander the great's life the affective ties of the protagonists of alexander's empire nurtured the interest of the ancient authors as well as the audience in the personal life of the most famous men and women of the time these relations echoed through time in art and literature to become paradigm of positive or negative human behavior by rejecting the perception of the macedonian monarchy as a positivist king army based system and by looking for other political and social structures elizabeth carney has played a crucial role in prompting the current re appraisal of the macedonian monarchy her volumes on women and monarchy in ancient macedonia university of oklahoma press 2000 olympias mother of alexander the great routledge 2006 arsinoë of egypt and macedon a royal life oxford university press 2013 have been game changers in the field and has offered the academic world a completely new perspective on the network of relationships surrounding the exercise of power by examining macedonian and hellenistic dynastic behavior and relations she has shown the political yet tragic heroic thus human side thus connecting hellenistic political and social history building on the methodological approach and theoretical framework engendered by elizabeth carney's research this book explores the complex web of personal relations inside and outside the oikos family governing alexander's world which sits at the core of the inquiry into the human side of the events shedding light on the personal dimension of history inspired by carney's seminal work on ancient macedonia the volume moves beyond the traditionally rationalist and positivist approaches towards hellenistic antiquity into a new area of humanistic scholarship by considering the dynastic bloodlines as well as the affective relations the volume offers a discussion of the intra and extra familial network ruling the mediterranean world at the time of philip and alexander building on present scholarship on relations and values in hellenistic monarchies the book contributes to a deeper historical understanding of the mutual dialogue between the socio cultural and political approaches to hellenistic history

The World of Ancient Greece [2 volumes] 2019-12-02 this book argues for a new approach to the intellectual history of the hellenistic world despite the intense cross cultural interactions which characterised the period after alexander studies of hellenistic intellectual life have tended to focus on greek scholars and institutions where cross cultural connections have been drawn it is through borrowing the greek adoption of babylonian astrology the egyptian scholar manetho deploying greek historiographical models in this book however kathryn stevens advances a hellenistic intellectual history which is cross cultural in scope and goes beyond borrowing and influence drawing on a wide range of greek and akkadian sources she argues that intellectual life in the greek world and babylonia can be linked not just through occasional contact and influence but also by deeper parallels in intellectual culture that reflect their integration into the same overarching imperial system tracing such parallels yields intellectual history which is diverse multipolar and therefore truly hellenistic

Affective Relations and Personal Bonds in Hellenistic Antiquity 2020-12-31 until now there has been no comprehensive study of religion in athens from the end of the classical period to the time of rome s domination of the city jon d mikalson provides a chronological approach to religion in hellenistic athens disproving the widely held belief that hellenistic religion during this period represented a decline from the classical era drawing from epigraphical historical literary and archaeological sources mikalson traces the religious cults and beliefs of athenians from the battle of chaeroneia in 338 b c to the devastation of athens by Sulla in 86 b c demonstrating that traditional religion played a central and vital role in athenian private social and political life mikalson describes the private and public religious practices of athenians during this period emphasizing the role these practices played in the life of the citizens and providing a careful scrutiny of individual cults he concludes his study by using his findings from athens to call into question several commonly held assumptions about the general development of religion in hellenistic greece

Between Greece and Babylonia 2019-05-23 violence had long been central to the experience of hellenistic greek cities and to their civic discourses this volume asks how these discourses were shaped and how they functioned within the particular cultural constructs of the hellenistic world it was a period in which warfare became more professionalised and wars increasingly ubiquitous the period also saw major changes in political structures that led to political and cultural experimentation and transformation in which the political and cultural heritage of the classical city state encountered the new political principles and cosmopolitan cultures of hellenism finally and in a similar way it saw expanded opportunities for cultural transfer in cities through re constructions of urban space violence thus entered the city through external military and political shocks as well as within emerging social hierarchies and civic institutions such factors also inflected economic activity religious practices and rituals and the artistic literary and philosophical life of the polis

Religion in Hellenistic Athens 2023-12-22 the bond between love and death has long been recognised as a defining characteristic of the elegies of Propertius but scholars have rarely clarified how or to what degree Propertius differed from other love poets in associating these themes in this book Dr Papanghelis traces the radical way in which Propertius dealt with amorous and morbid fantasies in his poems he argues that the modes of erotic expression used in the elegies are fundamentally unconventional to the point that the definitions of love and death are interdependent this book offers a detailed reading of some of the most stimulating and problematic of Propertius elegies offering fresh insight on the question of the poet s sensuous temperament and the significance of the love death relationship in his works

Cultural Perceptions of Violence in the Hellenistic World 2017-04-21 first published in hardback as the hellenistic age 2016

Propertius: A Hellenistic Poet on Love and Death 1987-05-28 late hellenistic greek literature both prose and poetry stands out for its richness and diversity recent work has tended to take an author by author approach that underestimates the interconnectedness of the literary culture of the period the chapters assembled here set out to change that by offering new readings of a wide range of late hellenistic texts and genres including historiography geography rhetoric and philosophy together with many verse texts and inscriptions in the process they offer new insights into the various ways in which late hellenistic literature engaged with its social cultural and political contexts while interrogating and revising some of the standard narratives of the relationship between late hellenistic and imperial greek literary culture which are too often studied in isolation from each other as a whole the book prompts us to rethink the place of late hellenistic literature within the wider landscape of greek and roman literary history

The Hellenistic Age 2018 in a 1988 conference american and british scholars unexpectedly discovered that their ideas were converging in ways that formed a new picture of the variegated hellenistic mosaic that picture emerges in these essays and eloquently displays the breadth of modern interest in the hellenistic age a distrust of all ideologies has altered old views of ancient political structures and feminism has also changed earlier assessments the current emphasis on multiculturalism has consciously deemphasized the western greco roman tradition and nubians bactrians and other subject peoples of the time are receiving attention in their own right not just as recipients of greco roman culture history like Herakleitos river never stands still these essays share a collective sense of discovery and a sparking of new ideas they are a welcome beginning to the reexploration of a fascinatingly complex age

Daily Life in a Cosmopolitan World. Pottery and Culture During the Hellenistic Period 2019-11-08 this selection of essays by Luther Martin brings together studies from throughout his career both early as well as more recent in the various areas of graeco roman religions including mystery cults judaism christianity and gnosticism it is hoped that these studies which represent spatial communal and cognitive approaches to the study of ancient religions might be of interest to those concerned with the structures and dynamics of religions past in general as well as to scholars who might with more recent historical research confirm evaluate extend or refute the hypotheses offered here for that is the way scholars work and by which scholarship proceeds

Late Hellenistic Greek Literature in Dialogue 2022-04-27 no detailed description available for history culture and religion of the hellenistic age

Hellenistic History and Culture 1993 this book sheds some necessary light on local economies from the late hellenistic to the late roman period the concepts of regions and regionality are employed to explore the complexity of ancient economies and ceramic variability and change in boeotia central greece largely on the basis of the survey data generated by the boeotia project

Life and Thought in the Greek and Roman World 1963 a wide representative range of poetry including hymns didactic verse pastoral poetry epigrams and epics is supplemented by a cultural and historical introduction and commentary clarifying problems of language and text

Studies in Hellenistic Religions 2018-02-26 this insightful read traces the development of the principal western religions and their philosophical counterparts from the beginnings of alexander the great s empire in 331 b c e to the emergence of the christian world in the fourth century c e

Shaping Regionality in Socio-Economic Systems: Late Hellenistic - Late Roman Ceramic Production, Circulation, and Consumption in Boeotia, Central Greece (c. 150 BC–AD 700) 2023-02-23 the encounter between jews and greeks marked one of the most revolutionary meetings in the ancient world for in that encounter politics economics culture and religion changed dramatically victor tcherikover who devoted his entire scholarly life to the study of the hellenistic period offers here a benchmark assessment of that encounter in this reprinted edition of his most famous work including a new preface by university of chicago professor john j collins tcherikover uniquely combines analyses of two of the most intriguing episodes of jewish history in antiquity the events that led to the maccabean rebellion and the struggle for rights in alexandria in the first century c e from the preface

A Hellenistic Anthology 1988-02-11 debate over the authenticity of on the jews has persisted for nearly 1 900 years bezalel bar kochva attempts to overcome this stalemate in his finely detailed and convincingly argued study that proves the forgery of the book and suggests not only a source for the text but also a social political and cultural setting that explains its conception bar kochva argues that the author of this treatise belonged to the moderate conservative jews of alexandria whose practices were contrary to the contemporary trends of hellenistic judaism they rejected the application of greek philosophy and allegorical interpretations of the holy scriptures and advocated the use of pentateuch hebrew as the language for educating and for religious services they showed a keen interest in judea and identified themselves with the jews of the holy land on the jews then was the manifesto of this group and was written at the peak period of the hasmonean kingdom its main purpose was to legitimize jewish residence in egypt despite being explicitly prohibited in the pentateuch and to justify the continued residence of jews there in a time of prosperity and expansion of the jewish independent state

Religions of the Hellenistic-Roman Age 2002 this volume brings together essays written over two decades by a leading authority in the field the collection includes 2 recent essays that are published here for the first time the articles cover major aspects of the discussion of jewish apocalypticism in relation to the hebrew bible the new testament and the hellenistic roman world distinctive strengths of the volume include clusters of essays on the sibylline oracles and on the relationship between apocalypticism and wisdom a section of the book is devoted to studies on daniel this publication has also been published in paperback please click here for details

Greek History: Hellenistic: Oxford Bibliographies Online Research Guide 2010-05-01 hellenistic philosophy concerns the thought of the epicureans stoics and skeptics the most influential philosophical groups in the era between the death of alexander the great 323 bce and the defeat of the last greek stronghold in the ancient world 31 bce the routledge handbook of hellenistic philosophy provides accessible yet rigorous introductions to the theories of knowledge ethics and physics belonging to each of the three schools explores the fascinating ways in which interschool rivalries shaped the philosophies of the era and offers unique insight into the relevance of hellenistic views to issues today such as environmental ethics consumerism and bioethics eleven countries are represented among the handbook s 35 authors whose chapters were written specifically for this volume and are organized thematically into six sections the people history and methods of epicureanism stoicism and skepticism earlier philosophical influences on hellenistic thought such as aristotle socrates and presocratics the soul perception and knowledge god fate and the primary principles of nature and the universe ethics political theory society and community hellenistic philosophy s relevance to contemporary life spanning from the ancient past to the present this handbook aims to show that hellenistic philosophy has much to offer all thinking people of the twenty first century

Hellenistic Civilization and the Jews 1999 spend a year in the company of the ancient greeks during a historic and triumphant olympic year and experience the drama and excitement that swept through

the city states as they put aside their political differences to prepare for victory in olympia the year is 248 bc the year of the 133rd olympic games a diverse cast of characters is heading for olympia to participate at the games to watch the events or to make money from the huge crowds at this time the hellenistic world is at its peak with greek settlements spread across the middle east egypt and spain as ever the world is politically troubled with rome locked in a war with carthage and a major war brewing between egypt and syria however ordinary people are still preoccupied with the crops their everyday jobs household affairs and in some cases with winning an olympic crown from the powerful but untrained wrestler who is taken in hand by a former champion to the chariot team manager who is prepared to win at all costs from the diplomat who is using the games as a cover to engage in political skulduggery to the spartan boy who is tragically injured in a mock battle before he can compete a year in in the life of ancient greece takes us through a remarkable year to reveal a complex and vivid cast of characters during this fascinating period of ancient history
