in critical literacy eugene f provenzo jr challenges e d hirsch s assumptions about culture and education calling for a broader and more democratic vision than hirsch provenzo critiques hirsch s legacy up through the current conservative educational agenda for education which he argues denies not only the united states diversity but its democratic traditions of democratic participation his book shows why critical faculties and skills of students are essential not only to the success of individual students but to their participation

in a healthy democracy provenzo offers a list of 5 000 things every educated american ought to know none of them the same items as those included on hirsch s list in cultural literacy critical literacy is essential reading for those concerned with our schools and the future of our children

Critical Literacy

2015-12-03

the second edition of jack crumley s an introduction to epistemology strikes a balance between the many issues that engage contemporary epistemologists and the contributions of the major historical figures he shows not only how philosophers such as descartes hume locke berkeley and kant foreground the contemporary debates but also why they deserve consideration on their own terms a substantial revision of the first edition the second edition is even more accessible to students the new edition includes recent work on contextualism evidentialism externalism and internalism and perceptual realism as well the chapter on coherence theory is substantially revised reflecting recent developments in that area new to this second edition is a chapter on feminist epistemology which includes discussions of major positions and themes such as feminist empiricism feminist standpoint epistemology postmodern epistemology and feminist critiques of objectivity it presents the important contributions of philosophers such as sandra harding helen longino genevieve lloyd and others each chapter ends with a list of study questions and readings for further study

An Introduction to Epistemology - Second Edition

2009-07-30

this handbook is the first to bring together the latest theory and research on critical approaches to social psychological challenges edited by a leading authority in the field this volume further establishes critical social psychology as a discipline of study distinct from mainstream social psychology the handbook explains how critical approaches to social processes and phenomena are essential to fully understanding them and covers the main research topics in basic and applied social psychology including social cognition identity and social relations alongside overviews of the main theories and methodologies that underpin critical approaches this volume features a range of leading authors working on key social psychological issues and highlights a commitment to a social psychology which shuns psychologisation reductionism and neutrality it provides invaluable insight into many of the most pressing and distressing issues we face in modern society including the migrant and refugee crises affecting europe the devaluing of black lives in the usa and the poverty ill health and poor mental well being that has resulted from ever increasing austerity efforts in the uk including sections on critical perspectives critical methodologies and critical applications this volume also focuses on issues within social cognition self and identity this one stop handbook is an indispensable resource for a range of academics students and researchers in the fields of psychology and sociology and particularly those with an interest in social identity power relations and critical interventions

The Palgrave Handbook of Critical Social Psychology

2017-04-11
