microwave ericsson Apr 12 2024 mini link is the market leading
microwave family for cost efficient mobile transport networks mini link
6000 enabling ubiquitous 5g transport with unmatched flexibility mini
link 6000 provides the right solution for each part of the network all
deployment scenarios and site types enabling sound investments in line
with the service

all outdoor shorthaul ericsson Mar 11 2024 mini link all outdoor
products offer gbps capacities using traditional frequencies 6 42 ghz
and up to 10gbps capacities with e band 70 80 ghz as the name
indicates they provide a compact all outdoor solution for sites where
indoor space is limited

mini link 6600 ericsson Feb 10 2024 the mini link 6600 family provides
the highest node capacity in the smallest form factor with fixed and semi
modular nodes mini link 6600 supports multiple high capacity radio
links with a capacity of up to 2 5 gbps per link using high modulation
schemes 8k qam xpic carrier aggregation mimo multi band booster and
wide channels like 112mhz

mini link fcc id search Jan 09 2024 mini link e and mini link e micro
are product families for medium capacity point to point microwave
transmission the purpose of this description is to support the reader
with detailed information on included products with accessories from
technical and functional points of view
