the medieval north of england has been underexplored to date and this volume may be seen as an invitation for further exploration it brings together scholars with shared interests in language literature culture history and manuscript studies viewed from different disciplinary perspectives such as english philology historical linguistics and medieval literature while many scholars have thus far been debating the dividing lines between north and south as well as between north midlands and south the contributors to this volume are interested in texts produced in the north

the providence of which has been determined by way of affiliation to religious and civic writing centres including the important monastic houses in the north such as durham york and the yorkshire cistercian houses most of the contributions grow out of recent and ongoing research projects that touch upon different aspects of the north of england in the medieval period concentrating on the north as a centre of manuscript production dissemination and reception this volume aims also at illustrating the fluidity of boundaries and communication and the resulting links to different geographical regions

magic and medieval society presents a thematic approach to the topic of magic and sorcery in western europe between the eleventh and the fifteenth century it aims to provide readers with the conceptual and documentary tools to reach informed conclusions as to the existence nature importance and uses of magic in medieval society contrary to some previous approaches the authors argue that magic is inextricably connected to other areas of cultural practice and was found across medieval society therefore the book is arranged thematically covering topics such as the use of magic at medieval courts at universities and within the medieval church itself each chapter and theme is supported by additional documents diagrams and images to allow readers to examine the evidence side by side with the discussions in the chapters and to come to informed conclusions on the issues this book puts forward the argument that the witch craze was not a medieval phenomenon but rather the product of the renaissance and the reformation and demonstrates how the components for the early modern prosecution of witches were put into place this new seminar study is supported by a comprehensive documents section chronology who s who and black and white plate section it offers a concise and thought provoking introduction for students of medieval history
