

Free ebook **Il profeta disarmato Ieresia di francesco pucci nelleuropa del cinquecento studi e ricerche (Read Only)**

the religious histories of christian and muslim countries in europe and western asia are often treated in isolation from one another this can lead to a limited and simplistic understanding of the international and interreligious interactions currently taking place this edited collection brings these national and religious narratives into conversation with each other helping readers to formulate a more sophisticated comprehension of the social and cultural factors involved in the tolerance and intolerance that has taken place in these areas and continues today part one of this volume examines the history of relations between people of different christian confessions in western and central europe part two then looks at the relations between western and eastern orthodox christianity islam and judaism in the vast area that extends around the mediterranean from the iberian peninsula to western asia each part ends with a conclusion that considers the wider implications of the preceding essays and points the way toward future research bringing together scholars from asia the middle east europe and america this volume embodies an international collaboration of unusual range its comparative approach will be of interest to scholars of religion and history particularly those with an emphasis on interreligious relations and religious tolerance in 2018 a conference of the international association for neo latin studies took place in albacete humanity and nature arts and sciences in neo latin literature this volume publishes the event s proceedings which deal with a broad range of fields including literature history philology the history of the florentine patriciate did not end with the establishment of the medici duchy and grand duchy of tuscany proud and self confident these patricians were not subservient courtiers on the contrary they continued to exert a considerable influence on florentine culture and politics for centuries the patrician class in sixteenth century florence were the descendants of wealthy sophisticated and politically savvy families who while acquiring noble titles estates and villas retained their long standing urban identity the mark they left on the city s cultural and artistic life was embraced by the medici who used their political and diplomatic knowhow elaborate artistic commissions and european networks to enhance their power and prestige a cultural symbiosis highlights the contributions to florentine art

and culture of eight patricians focusing on the valori pucci ridolfi vecchietti del nero salvati guicciardini and niccolini families in the italian reformation outside italy giorgio caravale reconstructs the life and intellectual career of francesco pucci 1543 1597 presenting a rich chapter of sixteenth century european intellectual history mit diesem handbuch liegt erstmals ein umfassendes namen und begriffslexikon der frühneuzeitlichen gelehrtenkultur vor es besteht aus einem bio bibliographischen repertorium bd i zu den wichtigsten autoren zwischen dem 15 und 18 jahrhundert von thomas abbt bis zwingli und einem noch in vorbereitung befindlichen glossar bd ii mit konzisen artikeln zu zentralbegriffen der gelehrtenkultur der frühen neuzeit z b ars conversandi disputatio theologia naturalis zwinglianismus usw unter gelehrtenkultur wird der lebens und gesellschaftsbereich verstanden in denen der gelehrte eine bedeutende rolle spielt bzw der für ihn von bedeutung ist im vordergrund der dokumentation stehen sowohl kategorien termini und bezeichnungen der mentalen und theoretischen als auch der sozialen und materiellen kultur die sachbereiche umfassen sowohl lehre und wissenschaft schulen fakultäten der universität kirche jurisprudenzen medizin usw als auch die alltagskultur hof und stadt haus und garten freunde und familie reisen schreiben und lesen usw in this book twelve scholars of early modern history analyse various categories and cases of deception and false identity in the age of geographical discoveries and of forced conversions from two faced conversos to serial converts from demoniacs to stigmatics and from self appointed ambassadors to lying cosmographer giordano bruno is known as the prophet of the new age and his vision of an infinite universe grounded in science is increasingly celebrated one of the principal forces behind his rediscovery was the great british historian frances yates in calling attention to giordano bruno she paved the way for a reevaluation of the esoteric influences at play during the onset of the modern era today when traditional answers about the universe and our place within it are under increasing scrutiny giordano bruno and the hermetic tradition proves itself a true classic for our time mario biagioni presents an account of the lives and thoughts of some radical reformers of the sixteenth century showing that the radical reformation played a pivotal role in the rise of modern europe a friend of galileo and author of the renowned utopia the city of the sun tommaso campanella stilo calabria 1568 paris 1639 is one of the most significant and original thinkers of the early modern period his philosophical project centred upon the idea of reconciling renaissance philosophy with a radical reform of science and society he produced a complex and articulate synthesis of all fields of knowledge including magic and astrology during his early formative years as a dominican friar he manifested a restless impatience towards aristotelian philosophy and its followers as a reaction he enthusiastically embraced bernardino telesio s view that knowledge could only be acquired through the observation of things themselves investigated through the senses and based on a correct understanding of the

link between words and objects campanella s new natural philosophy rested on the principle that the books written by men needed to be compared with god s infinite book of nature allowing them to correct the mistakes scattered throughout the human copies which were always imperfect partial and liable to revisions it is in the light of these principles that he defended galileo s right to read the book of nature while denouncing the mistake of those be they aristotelian philosophers or theologians who wanted to stop him from carrying on his natural investigations however campanella maintained that the book of nature far from being written in mathematical characters was a living organism in which each natural being was endowed with life and a degree of sensibility that was appropriate for its preservation and propagation nature as a whole was an organism in which each single part was directed towards the common good this is the reason why campanella thought that nature had to be regarded as an ideal model for any political organisation political structures were often ruled by injustice and violence precisely because they had departed from that natural model this book charts campanella s intellectual life by showing the origin development and persistence of some of the fundamental tenets of his thought in august 2015 the sixteenth international congress for neo latin studies was held in vienna austria the proceedings in this volume sixty five individual and five plenary papers have been collected under the motto contextus neolatini neo latin in local trans regional and worldwide contexts neulatein im lokalen transregionalen und weltweiten kontext first published in 1999 this is volume ii which includes the english translation of giordano bruno s selected works of the hermetic tradition from 1964 la trama nascosta è quella che emerge dalla ricostruzione delle vicende di alcuni personaggi qui osservati pur nell ambito delle specifiche competenze nelle vesti di tramiti di trasferimenti culturali in uno spazio che è quello dell europa meno fittamente abitata che nei suoi confini dilatati si apre a est a ben vedere più o meno l europa entrata con il nuovo millennio nell unione europea au sommaire notamment ce que révèle l exil politique sur les relations entre les états italiens c shaw éléments d une définition juridique de l exil le tractatus de bannitis de bartolo da sassoferrato 1314 1357 c zendri iacopo nardi et les exilés florentins 1534 1537 élaboration d un nouveau discours républicain l de los santos a cultural history of peace presents an authoritative survey from ancient times to the present the set of six volumes covers over 2500 years of history charting the evolving nature and role of peace throughout history this volume a cultural history of peace in the renaissance explores peace in the period from 1450 to 1648 as with all the volumes in the illustrated cultural history of peace set this volume presents essays on the meaning of peace peace movements maintaining peace peace in relation to gender religion and war and representations of peace a cultural history of peace in the renaissance is the most authoritative and comprehensive survey available on peace in the early modern era early modern europe was teeming with impostors

identity theft was only one form of misrepresentation royal pretenders envoys from imaginary lands religious dissimulators cross dressers false gypsies all these caused deep anxiety leading authorities to invent increasingly sophisticated means for unmasking deception this book explores the political and religious world of early bourbon france focusing on the search for stable accord that characterised its political and religious life chapters examine developments that shaped the bourbon realm through the century assertions of royal authority rules of political negotiation and the evolution of dévot piety tommaso campanella 1568 1639 is one of the most fascinating if hitherto inaccessible intellectuals of the italian renaissance his work ranges across many of the intellectual ecclesiastical and political concerns of that tumultuous era john headley uses campanella s life and works to open a window into this complex period he not only explicates the frequently contradictory texts of a prolific author but also situates campanella s writings amidst the larger currents of european thought for all its obscurely magical and astrolgocial intricacies campanella s entire intellectual endeavor expresses an effort to impose a distinctive order and direction upon the major issues and forces of the age different from that which was shortly to prevail with the new galilean science and the leviathan state in the process of identifying and engaging these issues and imparting in some instances something of his own he managed to mobilize and deploy many of the salient principles of late medieval and renaissance culture often cast in a curiously modern hue and aligned with the new forces of the age indeed modern and antique new and old juxtapose violently in the person of this reformer who combines an encyclopedic comprehensiveness of intellect with an appalling intensity of will he is a man who strove to destabilize the regnant forces of what he identified as tyranny sophistry and hypocrisy and to shake the world into a new order in this book headley invites readers to look anew at this mercurial figure and at the turbulent times in which he lived john m headley is professor of history at the university of north carolina at chapel hill he has authored studies of luther thomas more the emperor charles v and san carlo borromeo originally published in 1997 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905 italians adhering to protestantism or other forms of heterodoxy mostly had to leave their country after ca 1550 due to rome s pressure the connectivities with central europe not only germany as destination of that movement have been often neglected whereas the spanish american war has long been studied as a turning point in american history grover cleveland s foreign policy nick cleaver s study illuminates the dynamism and ideals

of cleveland s diplomatic moment revealing their continuities with the engagement and expansionism of the mckinley presidency twelve years have gone by since the passing of george l mosse yet his work still provides essential tools for historical analysis and influences contemporary research this volume provides a re examination of his historiographical production and an analysis of his influence in the context of italian history des spécialistes de l histoire de l éducation analysent l idée selon laquelle les universités du xvie siècle auraient été des centres de résistance aux nouveaux modes de pensée de foi et de savoir apportés par l humanisme la renaissance la réforme et la contre réforme ils montrent qu elles furent aussi des lieux d échanges de dissémination et de modélisation this book explores the secrets of the extraordinary editorial success of jacobus acontius satan s stratagems an important book that intrigued readers and outraged religious authorities across europe despite condemnation by the catholic church the work first published in basel in 1565 was a resounding success for the next century it was republished dozens of times in different historical context from france to holland to england the work sowed the idea that religious persecution and coercion are stratagems made up by the devil to destroy the kingdom of god acontius work prepared the ground for religious toleration amid seemingly unending religious conflicts in revolutionary england it was propagated by latitudinarians and independents but also harshly censored by presbyterians as a dangerous socinian book giorgio caravale casts new light on the reasons why both catholics and protestants welcomed this work as one of the most threatening attacks to their religious power this book is an invaluable resource for anyone interested in the history of toleration in the reformation and counter reformation across europe this treatise investigates the emergence of the early modern law of nations focusing on alberico gentili s contribution to the same a religious refugee and regius professor at the university of oxford alberico gentili 1552 1608 lived in difficult times of religious wars and political persecution he discussed issues that were topical in his lifetime and remain so today including the clash of civilizations the conduct of war and the maintenance of peace his idealism and political pragmatism constitute the principal reasons for the continued interest in his work gentili s work is important for historical record but also for better analysing and critically assessing the origins of international law and its current developments as well as for elaborating its future trajectories the poems of catullus barely managed to survive the middle ages all surviving copies of the collection derive from an extremely corrupt manuscript and scholars have been working since the renaissance to reconstruct the original text this volume aims to contribute to this effort with a substantive introduction and with six original papers from a team of noted international specialists the papers were presented in 2011 at the conference what catullus wrote at the ludwig maximilians universitat munich the authors represent different generations of scholarship and of academic tradition

they here study aspects of the manuscript tradition of the poems and their editorial history as well as contributing directly to the reconstruction of the text the volume aims to set an example of a collaborative approach to textual criticism in which significant choices are based not on the judgement of a single authoritative editor but on the outcome of debate between scholars who represent a broad range of viewpoints in 1600 giordano bruno one of the leading intellectuals of the renaissance was burned at the stake on the charge of heresy by the roman inquisition he is remembered primarily for his cosmological theories particularly that the universe was infinite with the earth not being at its centre today he has become a symbol of the struggle for religious and philosophical tolerance the trial of giordano bruno originally published in italian in 2018 provides english audiences with a complete and updated reconstruction of the inquisitorial trial by analysing the accusations witnesses and legal proceedings in detail the author also gives a detailed profile of bruno as well as the body which arrested and accused him the inquisition this book will appeal to all those interested in the life and death of giordano bruno as well as those interested in early modern legal proceedings the roman inquisition and the history of religious and philosophical tolerance décrivant l'arrivée des armées de françois ier dans la péninsule italienne michelet affirmait la découverte de l'italie eut infiniment plus d'effet sur le seizième siècle que celle de l'amérique si la thèse est discutable il est certain que la destinée des espaces français et italien a été durablement transformée par les individus les idées et les livres qui ont franchi les alpes tout au long du siècle et que ces circulations ont touché tous les aspects de l'activité humaine de la politique à l'art en passant par la guerre et la religion this second selection of studies by frank d'accone again based principally on the documentary evidence follows the development through the mid 16th century of musical chapels at the cathedral and the baptistery of florence and of musical establishments at the santissima annunziata and san lorenzo the lives careers and works of composers associated with these churches are illustrated and their works analyzed particularly the theoretical treatise by fra mauro the madrigals of mauro matti and the ambitiously conceived canzone cycle of mattia rampollini the final studies moving into the 17th century look at the music for holy week and the unprecedented programme of performances at santa maria novella established in 1542 the roman inquisition operated through a network of almost fifty tribunals to combat heretical and heterodox threats within the papal territories whilst its theological institutional and political aspects have been well studied until now no sustained work has been undertaken to understand the financial basis upon which it operated yet as the business of the roman inquisition in the early modern era shows the fiscal autonomy enjoyed by each tribunal was a major factor in determining how the inquisition operated for as the flow of cash from rome declined each tribunal was forced to rely upon its own assets and resources to fund its work resulting in a situation whereby tribunals

increasingly came to resemble businesses as each tribunal was permitted to keep a substantial proportion of the fines and confiscations it levied questions quickly arose regarding the economic considerations that may have motivated the inquisition's actions dr maifreda argues that the inquisition with the need to generate sufficient revenue to continue working had a clear incentive to target wealthy groups within society who could afford to yield up substantial revenues furthermore as secular authorities also began to rely upon a levy on these revenues the financial considerations of decisions regarding heresy prosecutions become even greater based upon a wealth of hitherto neglected primary sources from the vatican and local italian archives dr maifreda reveals the underlying financial structures that played a vital part in the operations of the roman inquisition by exploring the system of incentives and pressures that guided the actions of inquisitors in their procedural processes and choice of victims a much clearer understanding of the roman inquisition emerges this book is an english translation of *i denari dell inquisitore affari e giustizia di fede nell italia moderna* turin einaudi 2014 bibliography of italian studies in america in each number 1924 48 the republic of venice was the only catholic territory in which an anabaptist community formed in the 16th century the history of venetian anabaptism hitherto little known in reformation studies is the focus of this book using a large quantity of archival material and rare printed sources riccarda suitner reconstructs the lives of the republic's anabaptists and the inquisitorial repression they suffered and analyses the doctrinal specificities of the radical reformation in this area this story represents a fundamental stage in the relations between german central european and italian culture in the early modern period events in venice are presented within a broader comparative framework paying particular attention to the german states switzerland the polish lithuanian commonwealth transylvania moravia tyrol and the kingdom of naples it will emerge that its venetian history cannot be ignored if we are to gain a true understanding of the european reformation throughout history prophetic voices have bolstered the struggle for social and political emancipation such voices have given meaning to suffering spoken with pathos and anger to touch passions and set into motion the moral imagination guiding efforts toward redemption this book provides the visions of social emancipation we need 55 000 biographies of people who shaped the history of the british isles and beyond from the earliest times to the year 2002 since the publication in 1896 of andrew dickson white's classic history of the warfare of science with theology in christendom no comprehensive history of the subject has appeared in the english language although many twentieth century historians have written on the relationship between christianity and science and in the process have called into question many of white's conclusions the image of warfare lingers in the public mind to provide an up to date alternative based on the best available scholarship and written in nontechnical language the editors of this

volume have assembled an international group of distinguished historians in eighteen essays prepared especially for this book these authors cover the period from the early christian church to the twentieth century offering fresh appraisals of such encounters as the trial of galileo the formulation of the newtonian worldview the coming of darwinism and the ongoing controversies over scientific creationism they explore not only the impact of religion on science but also the influence of science and religion this landmark volume promises not only to silence the persistent rumors of war between christianity and science but also serve as the point of departure for new explorations of their relationship scholars and general readers alike will find it provocative and readable volume 51 in the accademia pontaniana a model of a humanist network shulamit furstenberg levi explores the intellectual networks which developed around the fifteenth century humanist pontano she applies recent sociological theory to investigate links between the various italian humanist circles

Religious Interactions in Europe and the Mediterranean World 2017-07-14 the religious histories of christian and muslim countries in europe and western asia are often treated in isolation from one another this can lead to a limited and simplistic understanding of the international and interreligious interactions currently taking place this edited collection brings these national and religious narratives into conversation with each other helping readers to formulate a more sophisticated comprehension of the social and cultural factors involved in the tolerance and intolerance that has taken place in these areas and continues today part one of this volume examines the history of relations between people of different christian confessions in western and central europe part two then looks at the relations between western and eastern orthodox christianity islam and judaism in the vast area that extends around the mediterranean from the iberian peninsula to western asia each part ends with a conclusion that considers the wider implications of the preceding essays and points the way toward future research bringing together scholars from asia the middle east europe and america this volume embodies an international collaboration of unusual range its comparative approach will be of interest to scholars of religion and history particularly those with an emphasis on interreligious relations and religious tolerance

Tommaso Campanella and the Transformation of the World 2019-01-15 tommaso campanella 1568 1639 is one of the most fascinating if hitherto inaccessible intellectuals of the italian renaissance his work ranges across many of the intellectual ecclesiastical and political concerns of that tumultuous era john headley uses campanella s life and works to open a window into this complex period he not only explicates the frequently contradictory texts of a prolific author but also situates campanella s writings amidst the larger currents of european thought for all its obscurely magical and astrolgocial intricacies campanella s entire intellectual endeavor expresses an effort to impose a distinctive order and direction upon the major issues and forces of the age different from that which was shortly to prevail with the new galilean science and the leviathan state in the process of identifying and engaging these issues and imparting in some instances something of his own he managed to mobilize and deploy many of the salient principles of late medieval and renaissance culture often cast in a curiously modern hue and aligned with the new forces of the age indeed modern and antique new and old juxtapose violently in the person of this reformer who combines an encyclopedic comprehensiveness of intellect with an appalling intensity of will he is a man who strove to destabilize the regnant forces of what he identified as tyranny sophistry and hypocrisy and to shake the world into a new order in this book headley invites readers to look anew at this mercurial figure and at the turbulent times in which he lived john m headley is professor of history at the university of north carolina at

chapel hill he has authored studies of luther thomas more the emperor charles v and san carlo borromeo originally published in 1997 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

Fruits of Migration 2018-08-07 italians adhering to protestantism or other forms of heterodoxy mostly had to leave their country after ca 1550 due to rome s pressure the connectivities with central europe not only germany as destination of that movement have been often neglected

Grover Cleveland's New Foreign Policy 2014-10-23 whereas the spanish american war has long been studied as a turning point in american history grover cleveland s foreign policy nick cleaver s study illuminates the dynamism and ideals of cleveland s diplomatic moment revealing their continuities with the engagement and expansionism of the mckinley presidency

George L. Mosse's Italy 2014-09-10 twelve years have gone by since the passing of george l mosse yet his work still provides essential tools for historical analysis and influences contemporary research this volume provides a re examination of his historiographical production and an analysis of his influence in the context of italian history

Les échanges entre les universités européennes à la Renaissance 2003 des spécialistes de l histoire de l éducation analysent l idée selon laquelle les universités du xvie siècle auraient été des centres de résistance aux nouveaux modes de pensée de foi et de savoir apportés par l humanisme la renaissance la réforme et la contre réforme ils montrent qu elles furent aussi des lieux d échanges de dissémination et de modélisation

Censorship and Heresy in Revolutionary England and Counter-Reformation Rome 2017-09-19 this book explores the secrets of the extraordinary editorial success of jacobus acontius satan s stratagems an important book that intrigued readers and outraged religious authorities across europe despite condemnation by the catholic church the work first published in basel in 1565 was a resounding success for the next century it was republished dozens of times in different historical context from france to holland to england the work sowed the idea that religious persecution and coercion are stratagems made up by the devil to destroy the kingdom of god acontius work prepared the ground for religious toleration amid seemingly unending religious conflicts in revolutionary england it was propagated by latitudinarians and independents but also harshly censored

by presbyterians as a dangerous socinian book giorgio caravale casts new light on the reasons why both catholics and protestants welcomed this work as one of the most threatening attacks to their religious power this book is an invaluable resource for anyone interested in the history of toleration in the reformation and counter reformation across europe

War and Peace 2020-05-18 this treatise investigates the emergence of the early modern law of nations focusing on alberico gentili s contribution to the same a religious refugee and regius professor at the university of oxford alberico gentili 1552 1608 lived in difficult times of religious wars and political persecution he discussed issues that were topical in his lifetime and remain so today including the clash of civilizations the conduct of war and the maintenance of peace his idealism and political pragmatism constitute the principal reasons for the continued interest in his work gentili s work is important for historical record but also for better analysing and critically assessing the origins of international law and its current developments as well as for elaborating its future trajectories

What Catullus Wrote 2015-06-01 the poems of catullus barely managed to survive the middle ages all surviving copies of the collection derive from an extremely corrupt manuscript and scholars have been working since the renaissance to reconstruct the original text this volume aims to contribute to this effort with a substantive introduction and with six original papers from a team of noted international specialists the papers were presented in 2011 at the conference what catullus wrote at the ludwig maximilians universitat munich the authors represent different generations of scholarship and of academic tradition they here study aspects of the manuscript tradition of the poems and their editorial history as well as contributing directly to the reconstruction of the text the volume aims to set an example of a collaborative approach to textual criticism in which significant choices are based not on the judgement of a single authoritative editor but on the outcome of debate between scholars who represent a broad range of viewpoints

The Trial of Giordano Bruno 2022-06-16 in 1600 giordano bruno one of the leading intellectuals of the renaissance was burned at the stake on the charge of heresy by the roman inquisition he is remembered primarily for his cosmological theories particularly that the universe was infinite with the earth not being at its centre today he has become a symbol of the struggle for religious and philosophical tolerance the trial of giordano bruno originally published in italian in 2018 provides english audiences with a complete and updated reconstruction of the inquisitorial trial by analysing the accusations witnesses and legal proceedings in detail the author also gives a detailed profile of bruno as well as the body which arrested and accused him the inquisition this book will appeal to all those interested in the life and death of giordano bruno as well as those interested in early modern legal proceedings the roman inquisition and the history of religious and philosophical

tolerance

Oltralpe 2023-12-13T16:53:00+01:00 décrivant l'arrivée des armées de français en France dans la péninsule italienne Michelet affirmait la découverte de l'Italie eut infiniment plus d'effet sur le seizième siècle que celle de l'Amérique si la thèse est discutable il est certain que la destinée des espaces français et italien a été durablement transformée par les individus les idées et les livres qui ont franchi les Alpes tout au long du siècle et que ces circulations ont touché tous les aspects de l'activité humaine de la politique à l'art en passant par la guerre et la religion

Music and Musicians in 16th-Century Florence 2023-05-31 this second selection of studies by Frank D'Accone again based principally on the documentary evidence follows the development through the mid 16th century of musical chapels at the cathedral and the baptistery of Florence and of musical establishments at the Santissima Annunziata and San Lorenzo the lives careers and works of composers associated with these churches are illustrated and their works analyzed particularly the theoretical treatise by Fra Mauro the madrigals of Mauro Matti and the ambitiously conceived canzone cycle of Mattia Rampollini the final studies moving into the 17th century look at the music for Holy Week and the unprecedented programme of performances at Santa Maria Novella

The Business of the Roman Inquisition in the Early Modern Era 2016-11-18 established in 1542 the Roman Inquisition operated through a network of almost fifty tribunals to combat heretical and heterodox threats within the papal territories whilst its theological institutional and political aspects have been well studied until now no sustained work has been undertaken to understand the financial basis upon which it operated yet as the business of the Roman Inquisition in the early modern era shows the fiscal autonomy enjoyed by each tribunal was a major factor in determining how the inquisition operated for as the flow of cash from Rome declined each tribunal was forced to rely upon its own assets and resources to fund its work resulting in a situation whereby tribunals increasingly came to resemble businesses as each tribunal was permitted to keep a substantial proportion of the fines and confiscations it levied questions quickly arose regarding the economic considerations that may have motivated the Inquisition's actions Dr Maifreda argues that the Inquisition with the need to generate sufficient revenue to continue working had a clear incentive to target wealthy groups within society who could afford to yield up substantial revenues furthermore as secular authorities also began to rely upon a levy on these revenues the financial considerations of decisions regarding heresy prosecutions become even greater based upon a wealth of hitherto neglected primary sources from the Vatican and local Italian archives Dr Maifreda reveals the underlying financial structures that played a vital part in the operations of the Roman Inquisition by exploring the system of incentives and

pressures that guided the actions of inquisitors in their procedural processes and choice of victims a much clearer understanding of the roman inquisition emerges this book is an english translation of i denari dell inquisitore affari e giustizia di fede nell italia moderna turin einaudi 2014

"L" esposizione universale di Vienna del 1873 illustrata 1873 bibliography of italian studies in america in each number 1924 48

Bulletin of the American Association of Teachers of Italian 1948 the republic of venice was the only catholic territory in which an anabaptist community formed in the 16th century the history of venetian anabaptism hitherto little known in reformation studies is the focus of this book using a large quantity of archival material and rare printed sources riccarda suitner reconstructs the lives of the republic s anabaptists and the inquisitorial repression they suffered and analyses the doctrinal specificities of the radical reformation in this area this story represents a fundamental stage in the relations between german central european and italian culture in the early modern period events in venice are presented within a broader comparative framework paying particular attention to the german states switzerland the polish lithuanian commonwealth transylvania moravia tyrol and the kingdom of naples it will emerge that its venetian history cannot be ignored if we are to gain a true understanding of the european reformation

Venice and the Radical Reformation 2023-12-04 throughout history prophetic voices have bolstered the struggle for social and political emancipation such voices have given meaning to suffering spoken with pathos and anger to touch passions and set into motion the moral imagination guiding efforts toward redemption this book provides the visions of social emancipation we need

Prophetic Times 2022-12-31 55 000 biographies of people who shaped the history of the british isles and beyond from the earliest times to the year 2002

Oxford Dictionary of National Biography: Pote-Randles 2004 since the publication in 1896 of andrew dickson white s classic history of the warfare of science with theology in christendom no comprehensive history of the subject has appeared in the english language although many twentieth century historians have written on the relationship between christianity and science and in the process have called into question many of white s conclusions the image of warfare lingers in the public mind to provide an up to date alternative based on the best available scholarship and written in nontechnical language the editors of this volume have assembled an international group of distinguished historians in eighteen essays prepared especially for this book these authors cover the period from the early christian church to the twentieth century

offering fresh appraisals of such encounters as the trial of galileo the formulation of the newtonian worldview the coming of darwinism and the ongoing controversies over scientific creationism they explore not only the impact of religion on science but also the influence of science and religion this landmark volume promises not only to silence the persistent rumors of war between christianity and science but also serve as the point of departure for new explorations of their relationship scholars and general readers alike will find it provocative and readable

God and Nature 2023-11-10 volume 51

I manoscritti italiani della Regia biblioteca parigina descritti ed illustrati 1838 in the accademia pontaniana a model of a humanist network shulamit furstenberg levi explores the intellectual networks which developed around the fifteenth century humanist pontano she applies recent sociological theory to investigate links between the various italian humanist circles
