Treasure Island and The Ebb-Tide

2012-12-06

the meaning of video games takes a textual studies approach to an increasingly important form of expression in today s culture it begins by assuming that video games are meaningful not just as sociological or economic or cultural evidence but in their own right as cultural expressions worthy of scholarly attention in this way this book makes a contribution to the study of video games but it also aims to enrich textual studies early video game studies scholars were quick to point out that a game should never be reduced to merely its story or narrative content and they rightly insist on the importance of studying games as games but here steven e jones demonstrates that textual studies which grows historically out of ancient questions of textual recension multiple versions production reproduction and reception can fruitfully be applied to the study of video games citing specific examples such as myst and lost katamari damacy halo façade nintendo s wii and will wright s spore the book explores the ways in which textual studies concepts authorial intention textual variability and performance the paratext publishing history and the social text can shed light on video games as more than formal systems it treats video games as cultural forms of expression that are received as they are played out in the world where their meanings get made

The Meaning of Video Games

2008-04-11

roland mcmillan harper 1878 1966 had perhaps the greatest store of field experience of any living botanist of the southeast according to bassett maguire the renowned plant scientist of the new york botanical garden however harper s scientific contributions including his pioneering work on the ecological importance of wetlands and fire were buried for decades in the enormous collection of photographs and documents he left in addition harper s reputation as a scientist has often been obscured by his reputation as an eccentric with this book elizabeth findley shores provides the first full length biography of the accomplished botanist documentary photographer and explorer of the southern coastal plain s wilderness areas incorporating a wealth of detail about harper s interests accomplishments and influences shores follows his entire scientific career which was anchored by a thirty five year stint with the alabama geological survey shores looks at harper s collaboration with his brother francis as they traced william bartram s route through alabama and the florida panhandle and as francis edited the naturalist edition of the travels of william bartram she reveals roland s acquaintance with some of the most important and sometimes controversial scientists of his day including nathaniel britton hugo de vries and charles davenport shores also explores harper s personal relationships and the cluster of personality traits that sparked his interest in genetic predestination and other concepts of the eugenics movement roland harper described dozens of plant species and varieties published hundreds of scientific papers and made notable contributions to geography and geology in addition to explaining harper s

eminence among southeastern naturalists this story spans fundamental shifts in the biological sciences from an emphasis on field observation to a new focus on life at the molecular level and from the dawn of evolutionary theory to the modern synthesis to sociobiology

On Harper's Trail

2010

french novels such as madame bovary and the stranger are staples of high school and college literature courses this work provides coverage of the french novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in french culture and civilization

The Facts on File Companion to the French Novel

2006

with little more than courage and ingenuity five union prisoners escaped the siege of richmond by hot air balloon they have no idea if they ll ever see civilization again especially when they re swept off by a raging storm to the shores of an uncharted island

The Mysterious Island

2004-07-06

this book describes the history of patagonia from its discovery by magellan to recent times since its early exploration patagonia has been associated with conditions of extreme hardship and suffering men and ships were lost in the dangerous waters of the straits of tierra del fuego giving rise to tales of mysterious cities populated by the shipwrecked sailors survivors of the many failed expeditions early spanish attempts to colonize patagonia ended in failure and the region remained largely uninhabited until the arrival of the welsh in 1865 their peaceful coexistence with the natives ended abruptly when the argentine army entered patagonia and took over the indian lands which were promptly distributed to new settlers as a new frontier society patagonia could not fail to attract its share of desperadoes and adventurers the most notorious of whom are described in the book including gold prospectors hunters and bandits such as butch cassidy and the sundance kid the volume also narrates the anarchist s struggles that took place in patagonia at the beginning of the 1900s and the unsuccessful attempt by perón s government to convert argentina into a nuclear power in the early 1800 s the french traveller and explorer d orbigny said perhaps there is no region within the world of which so much has been said but so little is known patagonia is still a largely unknown and uninhabited place but it does have a rich history as described in this book

Patagonia, a Forgotten Land

2006-11-23

a wide ranging and appreciative literary history of the castaway tale from defoe to the present ever since robinson crusoe washed ashore the castaway story has survived and prospered inspiring a multitude of writers of adventure fiction to imitate and adapt its mythic elements in his brilliant critical study of this popular genre christopher palmer traces the castaway tales history and changes through periods of settlement violence and reconciliation and across genres and languages showing how subsequent authors have parodied or inverted the castaway tale palmer concentrates on the period following h g wells s the island of dr moreau these much darker visions are seen in later novels including william golding s lord of the flies j g ballard s concrete island and iain banks s the wasp factory in these and other variations the castaway becomes a cannibal the castaway s island is relocated to center of london female castaways mock the traditional masculinity of the original crusoe or friday ceases to be a biddable servant by the mid twentieth century the castaway tale has plunged into violence and madness only to see it return in young adult novels such as scott o

dell s island of the blue dolphins and terry pratchett s nation to the buoyancy and optimism of the original the result is a fascinating series of revisions of violence and pessimism but also reconciliation
