1863

the armada which went to found the town in florida at the place called santa elena in the port of juan ponce on the eleventh of june and sailed with good and mild wind on the seventh day out we were on the river espiritu santo twenty leagues south of said river in 27th degree from there we sailed six days to the southeast and south until we found ourselves in the chain south from there we sailed north in search of the

coast of florida and at the end of the eighth day which was the eve of the visitation of saint elizabeth we discovered the coast of florida eight leagues to the west where the armada cast anchor and took on water and wood now we began to have rough weather from there the fleet sailed on the eighth of july in search of the port achusa sending ahead along the coast a frigate the pilot not knowing exactly where port achusa was the armada passed ahead and anchored in the bay of phillipina which was discovered by julio de labazares from whence the governor sent to seek port achusa having heard that it was the best and safest port on all that coast navigating along the same coast where the armada had come they found port achusa which is twenty leagues from bay phillipina and thirty more or less from the bay of miruelo so that it is between two bays latitude 30 1 3 degrees on the return of the frigate with the news we immediately determined to set sail with the armada it seemed best to have the horses go by land so we put them off in said bay of phillipina thus some of our captains made the trip overland with one hundred and forty horses out of the two hundred and forty we started with the others having died at sea on the bar of phillipina we had some trouble with the armada in crossing on account of its shallowness for the larger vessels also the strong and swift current besides the weather had changed and it was rougher the armada left bay phillipina for achusa on the 10th of august the day of st lawrence and it entered port achusa on the day of our lady of august for which reason we gave it the name of st mary of phillipina it is the best port discovered in the indias the shallowest part at the entrance is eleven cubits and after you enter there are seven or eight fathoms it is spacious having a front of three leagues the spaniards are already there the entrance of the bar is half a league in width on the eastern coast is a cliff at the mouth of the bay and large vessels can anchor in four or five fathoms within a stone s throw from land it is so safe that the winds and storms cannot hurt one we found a few indian ranches they seemed to be fishermen judging from appearances it seems to be a fertile and good soil there are many walnuts and many fruit trees good hunting and fishing and

good in many ways we also found some plantings of corn on the 25th of said month of august the governor sent don tristan de avellano in a galleon of those we brought for this from new spain with the news of all that had happened so far he entered the port of san juan de ulloa on the 9th of september he will supply himself quickly with provisions which at present we have sent to ask for and we expect the boats to return soon they will again go to this new spain and wait there to see the lay of the land and where we are to found this town and understand all the particulars and qualities to inform you

The unwritten history of old St. Augustine

2023-11-01

this book gives a new view on the legacy of jerzy grotowski 1933 1999 one of the central and yet misunderstood figures who shaped 20th century theatre focusing on his least known last phase of work on ancient songs and the craft of the performer salata posits grotowski s work as philosophical practice and more particularly as practical research in the phenomenology of being arguing that grotowski s departure from theatrical productions and thus critical consideration resulted from his uncompromising pursuit of one central problem what does it mean to reveal oneself the very question that drove his stage directing work the book demonstrates that the answer led him through the path of gradually stripping the theatrical phenomenon down to its most elemental aspect which shows itself through the craft of the performer as a non representational event this particular quality released at the heights of the art of the performer is referred to as aliveness or true liveness in this study in order to shift scholarly focus onto something that has always fascinated great theatre practitioners including stanislavski and grotowski and of which academic scholarship has limited grasp salata s theoretical analysis of aliveness reaches out

to phenomenology and a broad range of post structural philosophy and critical theory through which grotowski s project is portrayed as philosophical practice

as in many other traditional cultures hawaiian art dance music and poetry were highly integrated into every aspect of life to a degree far beyond that of industrial society the poetry at the core of the hula is extremely sophisticated typically a hula song has several dimensions mythological aspects cultural implications an ecological setting and in many cases although emerson is reluctant to acknowledge this frank erotic imagery the extensive footnotes and background information allow us an unprecedented look into these deeper layers while emerson s translations are not great poetry they do serve as a literal english guide to the amazing hawaiian lyrics

the nazi occupation of europe of world war two is acknowledged as a defining juncture and an important identity building experience throughout contemporary europe resistance is what saves european societies from an otherwise chequered record of collaboration on the part of their economic political cultural and religious elites opposition took pride of place as a legitimizing device in the post war order and has since become an indelible part of the collective consciousness yet there is one exception to this trend among previously occupied territories the british channel islands collective identity construction in the islands still relies on the notion of orderly and correct relations with the germans while talk of resistance earns raised eyebrows the general attitude to the many witnesses of conscience who existed in the islands remains ambiguous this book conversely and expertly argues that there was in fact resistance against the germans in the channel islands and is the first text to fully explore the complex relationship that existed between the germans and the

people of the only part of the british isles to experience occupation

in unwritten rome a new book by the author of myths of rome t p wiseman presents us with an imaginative and appealing picture of the early society of pre literary rome as a free and uninhibited world in which the arts and popular entertainments flourished this original angle allows the voice of the roman people to be retrieved empathetically from contemporary artefacts and figured monuments and from selected passages of later literature how do you understand a society that didn t write down its own history that is the problem with early rome from the bronze age down to the conquest of italy around 300 bc the texts we have to use were all written centuries later and their view of early rome is impossibly anachronistic but some possibly authentic evidence may survive if we can only tease it out like the old story of a roman king acting as a magician or the traditional custom that may originate in the practice of ritual prostitution this book consists of eighteen attempts to find such material and make sense of it

when someone wants to be lost a home tucked among the ten thousand islands off the

florida coast is a good place to live a couple decent boats and a deep knowledge of fishing and a man can get by without ever having to talk to another soul it s a nice enough existence until the one person who ties him to the world of the living the reason he s still among them even if only on the fringes asks him for help father steady capri knows quite a bit about helping others but he is afraid katie quinn s problems may be beyond his abilities katie is a world famous actress with an all too familiar story fame seems to have driven her to self destruct steady knows the true cause of her desire to end her life is buried too deeply for him to reach but there is one person who still may be able to save her from herself he will show her an alternate escape a way to write a new life but katie still must confront her past before she can find peace ultimately he will need to leave his secluded home and sacrifice the serenity he s found to help her from the florida coast they will travel to the french countryside where they will discover the unwritten story of both their pasts and their future

A Death in the Islands

2016-11-08

one of our most interesting and bold writers offers a characteristically wild effort that defies genre distinctions flits from the profound to the mundane with fierce intelligence and searching restlessness and at its best delves deep into the recesses of the human heart with courageous abandon an intoxicating blend of humor and pathos priscilla gilman the boston globe eerie profound and daring this is a book only the inimitable hunt could write adrienne westenfeld esquire from samantha hunt the award winning author of the dark dark comes the unwritten book her first work of nonfiction a genre bending creation that explores the importance of books the idea of haunting and messages from beyond i carry each book i ve ever read with me just as i carry my

dead those things that aren't really there those things that shape everything i am a genre bending work of nonfiction samantha hunt's the unwritten book explores ghosts ghost stories and haunting in the broadest sense of each what is it to be haunted to be a ghost to die to live to read books are ghosts reading is communion with the dead alcohol is a way of communing too as well as a way of dying each chapter gathers subjects that haunt dead people the forest the towering library of all those books we'll never have time to read or write hunt like a mad crossword puzzler looks for patterns and clues through literary criticism history family history and memoir inspired by w g sebald james joyce ali smith toni morrison william faulkner and many others hunt explores motherhood hoarding legacies of addiction grief how we insulate ourselves from the past how we misinterpret the world nestled within her inquiry is a very special ghost book an incomplete manuscript about people who can fly without wings written by her father and found in his desk just days after he died what secret messages might his work reveal what wisdom might she distill from its unfinished pages hunt conveys a vivid and grateful life one that comes from living closer to the dead and shedding fear for wonder the unwritten book revels in the randomness connectivity and magic of everyday existence and at its heart is the immense weight of love

unveiling the fantasies that drove the enlightenment and created modern literature nathan gorelick's the unwritten enlightenment literature between ideology and the unconscious traces the relations between literary criticism and psychoanalysis to their shared origins in the enlightenment era's novels and novelistic discourse where the period's efforts to invent new notions of subjectivity and individualism are most

apparent gorelick shows how modern concepts of literature and the unconscious were generated in response to these efforts and by an ethical concern for what the language of the enlightenment excludes represses or struggles to erase troubling the idea of the enlightenment on its own terms subverting its supposed authority from within gorelick thus reveals the workings of unconscious fantasy at the foundations of our contemporary political realities the unwritten enlightenment makes clear that to criticize the enlightenment s deficiencies ambiguities and legacies of violence without regard for the unconscious fantasies that drive them risks reproducing the very patterns of thought action and imagination that the enlightenment novel already unsettles

the fifth and final volume in this collection of the british prime minister s oratory contains the final speeches and addresses of his life legendary politician and military strategist winston s churchill was a master not only of the battlefield but of the page and the podium over the course of forty books and countless speeches broadcasts news items and more he addressed a country at war and at peace thrilling with victory but uneasy with its shifting role on the global stage in 1953 he was

awarded the nobel prize for literature for his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values during his lifetime he enthralled readers and brought crowds roaring to their feet in the years since his death his skilled writing has inspired generations of eager history buffs in the last years of sir winston churchill s life his health was failing he had suffered several strokes but his intellect and wit were as sharp as ever this collection contains some of churchill s more obscure works including addresses at banquets award ceremonies and to the primrose league where he had given his first political speech many decades before in 1897 in these speeches we see the continued force of his mental acuity and of his love for the country he served every day of his adult life
