Closing the Execution Gap 2010-05-11

closing the execution gap once upon a time strategy was king leaders immersed themselves in the matter of planning how best to achieve their company's goals the subject dominated the attention of senior executives and the writings of consultants and management gurus experts of various stripes weighed in on how to put strategic planning processes in place and transform employees at all levels into strategic thinkers naturally leaders assumed all this strategizing would pay off and yet for too many organizations the promised results never came to pass quite simply they couldn't execute now the business world has shifted its focus to the consistent delivery of results if an organization can't execute its plans and initiatives nothing else matters not the most solid well thought out strategy not the most innovative business model not even technological breakthroughs that could transform an industry as it turns out the conventional wisdom about what it takes to implement strategy and deliver results isn't all that wise so what really differentiates the companies that are able to get things done day to day and deliver consistent results the answer is found in the pages of richard lepsinger's ground breaking book closing the execution gap based on extensive research and years of practical experience the book outlines five prerequisites for effective execution and five bridges that differentiate companies that do it best it also describes six bridge builders leaders at all levels can use to close the execution gap in their company or team and help people get things done specifically it addresses what really gets in the way of getting things done for individuals teams and entire companies what leaders can do to enhance their organization's ability to close the execution gap and achieve solid business results what it takes to consistently execute plans and initiatives at a day to day operational level the book features many case studies of companies that have a track record of effective execution hewlett packard costco procter gamble and those who have struggled with closing the gap between creating a vision and delivering results dell american airlines gm as the business world becomes more competitive and less forgiving execution matters more than ever this is a book for the times we live in and one that for many companies could mean the difference between success and failure

The 4 Disciplines of Execution 2016-04-12

business strategy the 4 disciplines of execution offers the what but also how effective execution is achieved they share numerous examples of companies that have done just that not once but over and over again this is a book that every leader should read clayton christensen professor harvard business school and author of the innovator's dilemma do you remember the last major initiative you watched die in your organization did it go down with a loud crash or was it slowly and quietly suffocated by other competing priorities by the time it finally disappeared it's likely no one even noticed what happened the whirlwind of urgent activity required to keep things running day to day devoured all the time and energy you needed to invest in executing your strategy for tomorrow the 4 disciplines of execution

can change all that forever
