## Sulle orme dell'antico

1991-01-01

this book is an enquiry into memory in the western world specifically memory is the framework of culture because it links the present to the past or tradition and projects it into the future for this reason any work focusing on memory involves a double challenge 1 to reveal the origin of concepts and 2 to glimpse the course of thoughts this is the case of the present volume in which the authors make several tastings of europe s intellectual heritage by taking into account both the greek origin of this legacy and its relevance for understanding the european philosophical heritage in particular these papers focus on the aristotelian tradition the true keystone of europe and on other currents of thought that have also played an essential role in the intellectual evolution of the old continent in the latter field there are contributions for instance on philosophical religious traditions such as orphism or on certain fundamental aspects of neoplatonism both in the classical world and in christian authors the volume concludes with various works on the survival of these intellectual trends from the renaissance to the present day consequently this work offers the opportunity to delve deeper into some of the aspects that define western civilisation observed both from its origin and its evolution over the centuries the volume contains papers in spanish portuguese italian and english este libro es una indagación en la memoria del mundo occidental específicamente la memoria es el almacén de la cultura porque liga el presente al pasado o tradición y lo proyecta al futuro por ello toda obra centrada en la memoria entraña un doble reto 1 revelar el origen de los conceptos y 2 atisbar el rumbo de los pensamientos este es el caso del presente volumen en el que realizan diversas catas en el patrimonio intelectual europeo lo hace teniendo en cuenta tanto el origen griego de ese legado como su relevancia para comprender el acervo filosófico europeo en concreto se centra en la tradición aristotélica verdadera clave de bóveda de europa y en otras corrientes de pensamiento que también han jugado un papel esencial en la evolución intelectual del viejo continente en éste último ámbito hay contribuciones por ejemplo sobre tradiciones filosófico religiosas como el orfismo o sobre determinados aspectos fundamentales del neoplatonismo en el mundo clásico y en autores cristianos concluye el volumen con diversos trabajos sobre la pervivencia de esas tendencias intelectuales desde el renacimiento hasta nuestros días en consecuencia esta obra ofrece la oportunidad de profundizar en algunos aspectos que definen nuestra civilización observados tanto desde su origen como desde su evolución a lo largo de los siglos

## La tragedia italiana del Cinquecento

1904

al contrario di quanto avviene solitamente nei romanzi del genere noir gli eroi in questo libro di delitti e misteri agiscono alla luce del luminoso sole di grecia storie del tutto imprevedibili che avvengono ora nella casa accanto ora nelle bianche isole greche o talvolta nelle azzurre profondità del mare tra i misteri e i codici del teatro antico o sul sedile di una rossa ferrari alla fine matura sempre un atroce delitto lassassino sa il perch la signora gilda si impossessa della casa degli oleandri nassos rincorre lauto rossa delle donne di facebook davanti al faro dell'isola di paros sotto lo schermo della telecamera della cnn avviene la scoperta di un

singolare delitto oreste nell'antico teatro di epidauro indaga i misteri di asclepio e trova la sua elena un rasta  
va alla ricerca dei segreti della sirena tra le rocce della fortezza veneziana di monenvassia il marinaio mimis  
decide di porre fine all'angoscia che gli procurano i sofismi del maestro uninnocua amicizia entra nella vita di

## **Il mito sulla scena**

2003

the origins of satyr drama and particularly the reliability of the account in aristotle remains contested and  
several of this volume's contributions try to make sense of the early relationship of satyr drama to dithyramb  
and attempt to place satyr drama in the pre-classical performance space and traditions what is not contested is  
the relationship of satyr drama to tragedy as a required cap to the attic trilogy here however how aeschylus  
sophocles and euripides to whom one complete play and the preponderance of the surviving fragments belong  
envisioned the relationship of satyr drama to tragedy in plot structure setting stage action and language is a  
complex subject tackled by several contributors the playful satyr chorus and the drunken senility of silenos  
have always suggested some links to comedy and later to attellan farce and phlyax those links are best  
examined through language passages in later greek and roman writers and in art the purpose of this volume is  
to probe as many themes and connections of satyr drama with other literary genres as well as other art forms  
putting satyr drama on stage from the sixth century bc through the second century ad the editors and  
contributors suggest solutions to some of the controversies but the volume shows as much that the field of  
study is vibrant and deserves fuller attention

## **Sofocle e la tragedia greca**

1875

in teatro si può sorridere anche piangendo e chi ha il coraggio di ridere è padrone del mondo leopardi l  
accostamento ironico grottesco vuole essere una libera e pittoresca manipolazione della nostra quotidianità  
rispetto agli eventi tragici che i nostri grandi autori accomunati in quest'opera hanno tramandato ai posteri  
per sentirli piangere per vederli sorridere

## **Giambattista Giraldi e la tragedia italiana nel sec. XVI.**

1890

why do actors get stage fright what is so embarrassing about joining in why not work with animals and  
children and why is it so hard not to collapse into helpless laughter when things go wrong in trying to answer  
these questions usually ignored by theatre scholarship but of enduring interest to theatre professionals and  
audiences alike nicholas ridout attempts to explain the relationship between these apparently unwanted and  
anomalous phenomena and the wider social and political meanings of the modern theatre this book focuses on  
the theatrical encounter those events in which actor and audience come face to face in a strangely  
compromised and alienated intimacy arguing that the modern theatre has become a place where we entertain  
ourselves by experimenting with our feelings about work social relations and about feelings themselves

## **Women, Rhetoric, and Drama in Early Modern Italy**

2017-07-06

the aim of this book is to explore the definitions of theatre and metatheatre that scholars use when studying  
the ancient greek world although in modern languages their meaning is mostly straightforward both concepts  
become problematical when applied to ancient reality in fact theatre as well as metatheatre are used in many  
different sometimes even contradictory ways by modern scholars through a series of papers examining  
questions related to ancient greek theatre and dramatic performances of various genres the use of those two  
terms is problematized and put into question must ancient greek theatre be reduced to what was performed in  
proper theatre buildings and is everything that was performed within such buildings to be considered as theatre

how does the definition of what is considered as theatre evolve from one period to the other as for metatheatre the discussion revolves around the interaction between reality and fiction in dramatic pieces of all genres the various definitions of metatheatre are also explored and explicated by the papers gathered in this volume as well as the question of the distinction between paratheatre understood as paratragedy comedy and metatheatre readers will be encouraged by the diversity of approaches presented in this book to re think their own understanding and use of theatre and metatheatre when examining ancient greek reality

## ***Overarching Greek Trends in European Philosophy***

2021-08-16

ever since aristotle opened the discussion on the role of the chorus in greek tragedy theories of the chorus have continued to proliferate and provoke debate to this day the tragic chorus had its own story to tell it was a collective identity speaking within and to a collective citizen body acting as an instrument through which stories of other times and places were dramatized into resonant heroic narratives for contemporary athens by including detailed case studies of three different tragedies one each by aeschylus euripides and sophocles claude calame s seminal study not only re examines the role of the chorus in greek tragedy but pushes beyond this to argue for the polyphony of choral performance here he explores the fundamentally choral nature of the genre and its deep connection to the cultic and ritual contexts in which tragedy was performed

## **L'assassino Sa Il Perché**

2011-07-19

this 2003 book is a full length study of octavia the only complete roman drama of an historical subject or fabula praetexta the play deals with nero s divorce from the princess octavia claudius daughter by valeria messalina and with his subsequent marriage to poppaea sabina professor ferri presents a critical edition of the text based on a fresh re examination of the relevant manuscripts and provides a full discussion of textual issues in the introduction he argues that the play wrongly ascribed to seneca in our mss was composed in the late flavian period and that the author relied on pre existing historical accounts written after the death of nero he also discusses in detail the style and language of the play strongly influenced by senecan tragedy its relationship to the other plays of the senecan corpus and particularly to hercules oetaeus its stagecraft and post classical dramatic conventions and the author s political position

## ***Della ragion poetica libri due e della tragedia libro uno di Vincenzo Gravina giuriconsulto***

1731

this volume introduces civic shakespeare as a new and complex category entailing the dynamic relation between the individual and the community on issues of authority liberty and cultural production it investigates civic shakespeare through romeo and juliet as a case study for an interrogation of the limits and possibilities of theatre and the idea of the civic the play s focus on civil strife political challenge and the rise of a new conception of the individual within society makes it an ideal site to examine how early modern civic topics were received and reconfigured on stage and how the play has triggered ever new interpretations and civic performances over time the essays focus on the way the play reflects civic life through the dramatization of issues of crisis and reconciliation when private and public spaces are brought to conflict but also concentrate on the way the play has subsequently entered the public space of civic life set within the fertile context of performance studies and inspired by philosophical and sociological approaches this book helps clarify the role of theatre within civic space while questioning the relation between citizens as spectators and the community the wide ranging chapters cover problems of civil interaction and their onstage representation dealing with urban and household spaces the boundaries of social relations and legal economic political and religious regulation and the public dimension of memory and celebration this volume articulates civic romeo and juliet from the sources of genre to contemporary multicultural performances in political contact zones and civic shakespeare spaces exploring the bard and this play within the context of communal practices and their relations with

institutions and civic interests

## **Reconstructing Satyr Drama**

2021-07-05

this multiauthored volume as well as bringing into clearer focus the notion of drama and oratory as important media of public inquiry and critique aims to generate significant attention to the unified intentions of the dramatist and the orator to establish favourable conditions of internal stability in democratic athens we hope that readers both enjoy and find valuable their engagement with these ideas and beliefs regarding the indissoluble bond between oratorical expertise and dramatic artistry this exciting collection of studies by worldwide acclaimed classicists and acute younger hellenists is envisaged as part of the general effort almost unanimously acknowledged as valid and productive to explore the impact of formalized speech in particular and craftsmanship rhetoric in general upon attic drama as a moral and educational force in the athenian city state both poet and orator seek to deepen the central tensions of their work and to enlarge the main themes of their texts to even broader terms by investing in the art of rhetoric whilst at the same time through a skillful handling of events evaluating the past and establishing standards or ideology

## **L'IRONIA E LA TRAGEDIA - Vittime ed eroi di ogni tempo**

2014-10-05

there have been extraordinary developments in the field of neuroscience in recent years sparking a number of discussions within the legal field this book studies the various interactions between neuroscience and the world of law and explores how neuroscientific findings could affect some fundamental legal categories and how the law should be implemented in such cases the book is divided into three main parts starting with a general overview of the convergence of neuroscience and law the first part outlines the importance of their continuous interaction the challenges that neuroscience poses for the concepts of free will and responsibility and the peculiar characteristics of a new cognitive liberty in turn the second part addresses the phenomenon of cognitive and moral enhancement as well as the uses of neurotechnology and their impacts on health self determination and the concept of being human the third and last part investigates the use of neuroscientific findings in both criminal and civil cases and seeks to determine whether they can provide valuable evidence and facilitate the assessment of personal responsibility helping to resolve cases the book is the result of an interdisciplinary dialogue involving jurists philosophers neuroscientists forensic medicine specialists and scholars in the humanities further it is intended for a broad readership interested in understanding the impacts of scientific and technological developments on people s lives and on our social systems

## **Stage Fright, Animals, and Other Theatrical Problems**

2006-08-17

experience narrative and criticism in ancient greece pursues a new approach to ancient greek narrative beyond the taxonomies of structuralist narratologies focusing on the phenomenal and experiential dimension of our response to narrative it triangulates ancient narrative with ancient criticism and cognitive approaches opening up new vistas within the study of classical literature while ably deploying the ancient material to demonstrate the value of a historical perspective for cognitive studies concepts such as immersion and embodiment help to establish a more comprehensive understanding of ancient narrative and ancient reading habits as manifested in greek criticism and rhetorical theory the thirteen chapters presented here tackle a broad range of narrative genres broadly understood besides epic historiography and the novel tragedy and early christian texts are also considered alongside non literary media such as dance and sculpture authored by international specialists in the language literature and culture of ancient greece each chapter utilizes a rich set of theoretical and methodological tools drawn from cognitive studies phenomenology and linguistics that place them at the vanguard of a strong new current in classical scholarship and literary criticism more generally

## Theatre and Metatheatre

2021-11-22

the blackwell companion to greek tragedy provides readers with a fundamental grounding in greek tragedy and also introduces them to the various methodologies and the lively critical dialogue that characterize the study of greek tragedy today comprises 31 original essays by an international cast of contributors including up and coming as well as distinguished senior scholars pays attention to socio political textual and performance aspects of greek tragedy all ancient greek is transliterated and translated and technical terms are explained as they appear includes suggestions for further reading at the end of each chapter and a generous and informative combined bibliography

## *Choral Tragedy*

2024-05-02

this volume explores how the choruses of greek tragedy creatively combined media and discourses to generate their own specific forms of meaning the contributors analyse choruses as fictional religious and civic performers as combinations of text song and dance and as objects of reflection in themselves in relation and contrast to the choruses of comedy and melic poetry drawing on earlier analyses of the social context of greek drama the non textual dimensions of tragedy and the relations between dramatic and melic choruses the chapters explore the uses of various analytic tools in allowing us better to capture the specificity of the tragic chorus special attention is given to the physicality of choral dancing musical interactions between choruses and actors the trajectories of reception and the treatment of time and space in the odes

## *Octavia*

2003-12-18

this volume takes a new approach to roman drama by looking at comic and tragic plays from the republican and imperial periods in context by presenting a number of case studies and considerations of wider issues the 33 international contributors explore the role of roman drama in contexts such as the literary tradition the relationship to works in other literary genres the historical and social situation or the intellectual background

## Shakespeare, Romeo and Juliet, and Civic Life

2015-09-16

brill s companion to euripides as well as presenting a comprehensive and authoritative guide to understanding euripides and his masterworks provides scholars and students with compelling fresh perspectives upon a broad range of issues in the field of euripidean studies

## Poet and Orator

2019-04-01

this book is about the representation of gods both as characters and as a subject for discourse in two tragedies by euripides heracles and hippolytus its goal is to establish a framework for the reading of greek tragedy and for the analysis of the various ways in which the gods of the greek religion appear in tragic drama and to apply it to the aforementioned plays in this work we contend that such a framework should transcend the usual dichotomy made between a religious and a non religious reading of greek tragedy and more specifically of euripidean tragedy this dichotomy contains in itself a cultural assumption that is the possibility of establishing a clear cut distinction between a domain of religious discourse and an autonomous profane sphere in which the representations of gods would assume a different value and meaning there is nothing in the discursive structures of classical greece that allows us to posit something of the kind the elements that appear to us as questioning the traditional representations of gods in greek tragedy can be seen from this perspective

2020-06-01

Συναγωνίζεσθαι the ancient greek verb chosen as the title of this volume belongs to the jargon of dramaturgy as employed by aristotle in poetics where he emphasizes the function of the chorus as an active co protagonist in the dynamics of drama here it suggests the collaborative nature of this festschrift offered to guido avezzù in the year of his retirement by friends and colleagues the volume collects a wide selection of contributions by international scholars grouped into four sections greek tragedy part 1 greek comedy part 2 reception part 3 and theatre and beyond part 4 the authors a andrisano p angeli bernardini a bagordo a bierl s bigliazzi m g bonanno s brunetti d cairns g cerri v citti a t cozzoli f dall'olio m di marco m duranti s fornaro a grilli s halliwell e m harris o imperio p judet de la combe w lapini v liapis l lomiento f lupi a markantonatos g mastromarco e medda f montana f montanari c neri e nicholson r nicolai h notsu g paduano n pasqualicchio m p pattoni a provenza j redondo a scafuro s l schein a sidiropoulou r tosi p totaro m treu m tulli g ugolini p volpe m zanolla

## *Experience, Narrative, and Criticism in Ancient Greece*

2020-01-15

Alzira is the seventh work and the sixth opera to be published in the critical edition of the works of Giuseppe Verdi composed during the middle of the very productive period of Verdi's first large scale successes Alzira premiered at Naples on August 12 1845 Cammarano's libretto is based on a play of Voltaire who used a real incident in sixteenth century Peru during the Spanish conquest to shape a critique of the morality of the noble savage as against Christian values the inherent conflicts and exotic setting appealed to Verdi's dramatic sense and in its best moments the music of Alzira fully realizes his potential as a masterful composer for the theater because the success of the premiere was not repeated Alzira fell out of the repertory and no orchestral score was ever published the critical edition based on Verdi's autograph score and important secondary sources provides the first reliable full score of the work it is complemented by an introduction tracing the opera's genesis sources and performance history and practices together with the detailed critical commentary discussing problems and ambiguities in the sources the edition provides scholars and performers alike with unequalled means for interpretation and study of this poorly known work

## A Companion to Greek Tragedy

2008-04-15

Chance in addition to the unavoidable ambiguity caused by time is one of the main guilty parties in the transmission of ancient texts or lack thereof however the same cannot be said for what concerns the mechanisms of selection and loss of historical and literary memory where the voluntary awareness of obscuring is often part of a precise aim thus leading the cultural memory of a literate society to become fragmented the present volume explores the devices and criteria of selection and loss in ancient and medieval texts and the subsequent fragmentation of such literature but it also addresses the questions of the *damnatio memoriae* of literary strategies such as reticence and omission as well as of known texts deemed lost but re-found thanks to state of the art methods in digitization the many and diverse nuances of the concepts of omission selection and loss throughout ancient and medieval literature and history are illustrated through a number of case studies in the four sections of this volume each examining a different facet of the topic mechanisms and criteria of textual loss and selection lost texts re-discovered voluntary omissions and desire for oblivion and re-working the known
