the interdisciplinary uses of traditional cartographic resources and modern gis tools allow for the analysis and discovery of information across a wide spectrum of fields a research guide to cartographic resources navigates the numerous american and canadian cartographic resources available in print and online offering researchers academics and students with information on how to locate and access the large variety of resources new and old dozens of different cartographic materials are highlighted and summarized along with lists of map libraries and geospatial centers and related professional associations a research guide to cartographic resources consists of 18 chapters two appendixes and a detailed index that includes place names and libraries structured in a manner consistent with most reference guides including cartographic categories such as atlases dictionaries gazetteers handbooks maps plans gis data and other related material almost all of the resources listed in this guide are categorized by geography down to the county level making efficient work of the type of material required to meet the information needs of those interested in researching place specific cartographic related resources additionally this guide will help those interested in not only developing a comprehensive collection in these subject areas but get an understanding of what materials are being collected and housed in specific map libraries geospatial centers and their related websites of particular value are the sections that offer directories of cartographic and gis libraries as well as comprehensive lists of geospatial datasets down to the county level this volume combines the traditional and historical collections of cartography with the modern applications of gis based maps and geospatial datasets

Jefferson's America, 1760-1815 2010

a captivating and lucid narrative of america's revolutionary generation jefferson's america takes the reader from the earliest rumblings of colonial dissent through the crises of revolution and nation making to the heroic drama of the war of 1812 risjord deftly weaves together strands of biography and social history with military and political history to depict the rich fabric of the

young republic while most writers on this period conclude with the end of the revolution the ratification of the constitution or the election of jefferson risjord contends that there is a fundamental continuity in the history of the early republic the basic problems involved in creating a stable representative government were not resolved until the second war of independence a symbolic end for the revolutionary generation which produced a sense of national unity and determined the viability of the new nation risjord incorporates new social and economic perspectives and he deals suggestively with the struggle over who shall rule at home yet he still presents the pivotal events of the war for independence the framing of the constitution the revolution of 1800 and the war of 1812 in an interesting and understandable way this is no watered down version of the national myth but a subtle and well told story the third edition reflects new research on a number of topics including the role of women in the resistance to british measures the impact of the revolution on blacks both slave and free and the lot of the common soldier during the same period

Early Landowners Near Greenfield, Virginia, and the Bell Family who Once Lived There 1993

a new and revised edition of alan sked s groundbreaking book which examines how the habsburg empire survived the revolutionary turmoil of 1848 the year of revolutions saw the whole of europe convulsed in turmoil and revolt yet the habsburg empire survived as state after state succumbed to the violent winds of change that were sweeping the continent how did the habsburg empire survive how was the army able hold together while the rest of the empire collapsed in civil war and how was it able to seize the political initiative in this new edition alan sked reflects on the changed understanding of the period which resulted from the first appearance of this book and widens the discussion to look at the habsburg empire alongside the decline of the russian and german empires arguing that it is possible to understand their decline from a broad european perspective as opposed to the overly narrow focus of recent explanations alan sked makes us look at familiar events with new eyes in this radical vigorously written classic which is essential reading for anyone interested in the history of nineteenth century europe

The Decline and Fall of the Habsburg Empire, 1815-1918 2015-12-14

between 1815 and 1861 american slaveholders and southern italian landowners presided over the economic and social life of two predominantly agricultural regions the u s south and italy s mezzogiorno enrico dal lago ingeniously compares these agrarian elites demonstrating how the study of each enhances our understanding of the other as well as of their shared nineteenth century world agrarian elites charts the parallel developments of plantations and latifondi in relation to changes in the world economy at the same time it examines the spread of paternalistic models of family relations and of slave and free labor management that accompanied the rise of large groups of american slaveholders and southern italian landed

proprietors in the early to mid 1800s according to dal lago the most articulate and enlightened members of both elites combined the pursuit of profit with the implementation of modern contractual practices in dealing with their workforces both elites also used their economic and social power for political advantage opposing the intervention of their national governments in local affairs the search for ever better protection of their respective interests in slaveholding and landed property led ultimately to their support for the creation of two nations the confederate states of america and the kingdom of italy both in 1861 dal lago brings together two subjects that have generated considerable debate and research systems of slave and nominally free labor and the elites who employed them and nineteenth century nationalism with its pathbreaking approach and singular and comparative insights agrarian elites will inform not only american and italian studies but also the very practice of comparative history

Agrarian Elites 2005-11-01

volume eight of the project documenting thomas jefferson s last years presents 591 documents dated from 1 october 1814 to 31 august 1815 jefferson is overjoyed by american victories late in the war of 1812 and highly interested in the treaty negotiations that ultimately end the conflict following congress s decision to purchase his library he oversees the counting packing and transportation of his books to washington jefferson uses most of the funds from the sale to pay old debts but spends some of the proceeds on new titles he resigns from the presidency of the american philosophical society revises draft chapters of louis h girardin s history of virginia and advises william wirt on revolutionary era stamp act resolutions jefferson criticizes those who discuss politics from the pulpit and he drafts a bill to transform the albemarle academy into central college monticello visitors francis w gilmer francis c gray and george ticknor describe the mountaintop and its inhabitants and gray s visit leads to an exchange with jefferson about how many generations of white interbreeding it takes to clear negro blood finally although death takes his nephew peter carr and brother randolph jefferson the marriage of his grandson thomas jefferson randolph is a continuing source of great happiness some images inside the book are unavailable due to digital copyright restrictions

History of Europe from the Fall of Napoleon in 1815 to the Accession of Louis Napoleon in 1852 1855

free blacks in antebellum america lived in a twilight world of oppressive laws and customs designed to suppress their mobility and their integration into civil society free blacks were free only to the extent of white tolerance in their community or town they were at the mercy of the lowest members of the dominant race who could punish them on a whim they were in the words of a 19th century european traveler to america masterless slaves nonetheless many successful and even prominent blacks emerged from the mire of oppressive laws and general public disdain to realize major achievements though excluded from the political process from education and from most professions they became preachers teachers missionaries contractors artisans boat captains and wealthy entrepreneurs members of this twilight social and legal class which numbered nearly a half million by 1860 made great accomplishments against strong

opposition in the first half of the 19th century the history of america and of american slavery is woefully incomplete without their story

A Practical Guide to Disputes Between Adjoining Landowners--easements 1990

giles carter immigrated to virginia from england in 1653

The Papers of Thomas Jefferson, Retirement Series, Volume 8 2012-01-29

lists every member of the u s house and senate since 1789 with brief biographical entries on each member

Virginia Law Review 1991

in the american south a history fourth edition william j cooper jr and thomas e terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the united states the authors analysis underscores the complex interaction between the south as a distinct region and the south as an inescapable part of america cooper and terrill show how the resulting tension has often propelled section and nation toward collision in supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in southern history each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the south coverage now includes the devastation of hurricane katrina in 2005 up to date analysis of the persistent racial divisions in the region and the south s unanticipated role in the 2008 presidential primaries

America'S Forgotten Caste 2013-05-14

this volume of pioneering essays brings together an impressive array of well established and emerging historians from europe and the united states whose common endeavor is to situate america s civil war within the wider framework of global history these essays view the american conflict through a fascinating array of topical prisms that will take readers beyond the familiar themes of u s civil war history they will also take readers beyond the national boundaries that typically confine our understanding of this momentous conflict the history of america s civil war has typically been interpreted within a familiar national narrative focusing on the internal discord between north and south over the future of slavery in the united states

The Carters of Amelia County, Virginia 2003

in the american south a history fifth edition william j cooper jr thomas e terrill and christopher childers demonstrate their belief that it is impossible to divorce the history of the south from the history of the united states the authors analysis underscores the complex interaction between the south as a distinct region and the south as an inescapable part of america cooper and terrill show how the resulting tension has often propelled section and nation toward collision in supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in southern history each volume includes a substantial bibliographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the south this first volume also includes updated chapters tables preface and prologue

John Lomax of Fauquier County, Virginia 2009

Michie's West Virginia Code, Annotated 1966

american slavery atlantic slavery and beyond provides an up to date summary of past and present views of american slavery in international perspective and suggests new directions for current and future comparative scholarship it argues that we can better understand the nature and meaning of american slavery and antislavery if we place them clearly within a euro american context current scholarship on american slavery acknowledges the importance of the continental and atlantic dimensions of the historical phenomenon comparing it often with slavery in the caribbean and latin america however since the 1980s a handful of studies has looked further and has compared american slavery with european forms of unfree and nominally free labor building on this innovative scholarship this book treats the u s peculiar institution as part of both an atlantic and a wider euro american world it shows how the euro american context is no less crucial than the atlantic one in understanding colonial slavery and the

american revolution in an age of global enlightenment reformism and revolutionary upheavals the cotton kingdom s heyday in a world of systems of unfree labor and the making of radical abolitionism and the occurrence of the american civil war at a time when nationalist ideologies and nation building movements were widespread

The American South 2008-10-23

first published in 2009 from the founding of jamestown to the american civil war slavery and abolition shaped american national regional and racial identities this four volume reset edition draws together rare sources relating to american slavery systems volume 1 includes a general introduction and the colonial period covering slavery and the law slave resistance religion and slavery and pro slavery anti slavery and the revolutionary impulse
