Mathletics

2009

Mathletics is a comprehensive online mathematics program for students from elementary school to high school. It covers a wide range of topics including arithmetic, algebra, geometry, and calculus. The program includes interactive lessons, practice problems, and assessments. It is designed to be user-friendly and engaging, with a variety of activities and games to help students learn and understand mathematical concepts. Mathletics also provides teachers with tools to track student progress and identify areas where students may need additional support.
