The Later Reformation in England, 1547-1603

2001

the english reformation was the event which chiefly shaped english identity well into the twentieth century it made the english kingdom a self consciously protestant state dominating the british isles and boasting an established church which eventually developed a peculiar religious agenda anglicanism although henry viii triggered a break with the pope in his eccentric quest to rid himself of an inconveniently loyal wife the reformation soon slipped from his control and in the reigns of his tudor successors it developed a momentum which made it one of the success stories of european protestantism in this book macculloch discusses the developing reformation in england through the later tudor reigns edward vi mary i and elizabeth i he provides a narrative of events then discusses the ideas which shaped the english reformation and surveys the ways in which the english reacted to it how far and quickly they accepted it and assesses those who remained dissenters this new edition is fully updated to take account of new material in the field that has appeared in the last decade

The Age of Elizabeth 1547-1603

exam board ocr level a level subject history first teaching september 2015 first exams summer 2016 target success in ocr as a level history with this proven formula for effective structured revision key content coverage is combined with exam preparation activities and exam style questions to create a revision guide that students can rely on to review strengthen and test their knowledge enables students to plan and manage a successful revision programme using the topic by topic planner consolidates knowledge with clear and focused content coverage organised into easy to revise chunks encourages active revision by closely combining historical content with related activities helps students build practise and enhance their exam skills as they progress through activities set at three different levels improves exam technique through exam style questions with sample answers and commentary from expert authors and teachers boosts historical knowledge with a useful glossary and timeline

s throne andy king and claire etty trace the fractious relationship between england and scotland from the death of alexander iii to the accession of james vi as james i of england spanning medieval and early modern history this book is the ideal starting point for students studying anglo scottish relations up to the union

England and Scotland, 1286-1603

2015-10-05

the english civil wars and revolution remain controversial this book develops the theme that the revolution arising from the three separate rebellions was an english phenomenon exported to ireland and then to scotland dr kennedy examines the widespread effects of years of bloody and unnatural civil wars upon the british isles he also explores the symbolism of charles i s execution the great debates about the proper limits of the king s authority and the great divide in english politics which makes neutral writing about this period impossible taking into account the radical exigencies and expectations of war and peace making the discordant testimonies from battlefield and bargaining table parliament press and pulpit dr kennedy provides a full analysis of the english experience of revolution

The English Revolution 1642-1649

2017-05-01

this book is intended as a guide and introduction to recent scholarship on the causes of the english civil war it examines english developments in a broader british and european context and explores current debates on the nature of the political process and the divisions over religion and politics it then analyses renewed attempts to set the civil war in a social context and to connect social change to broad cultural cleavages in england the author also provides her own positive interpretation which takes account of the valuable insights of revisionist approaches but concludes that long term ideological divisions and tensions arising from social change were crucial in causing the civil war

The Causes of the English Civil War

1998-12-14

this book provides a thematic survey of english foreign policy in the sixteenth century focusing on the influence of the concept of honour security concerns religious ideology and commercial interests on the making of policy it draws attention to aspects of continuity with the late medieval past but argues too that the european reformation brought new challenges which forced a rethinking of policy far from treating the sixteenth century as the period when england began its rise as a great power the author emphasises the structural weaknesses of the english armed forces and demonstrates that dangers and insecurities did more to mould foreign policy

than the energy and confidence of the tudor rulers

England and Europe in the Sixteenth Century

1998-10-30

john stuart mill 1806 1873 was one of britain s greatest philosophers and radical politicians whose views had a profound influence on thinking on liberty social policy and gender relations william stafford s accessible study outlines mill s reputation from his lifetime to the present together with a discussion of the major areas of his moral and political thought this book presents him as a consistent and engaged radical politician in relation to ireland and india he argued that british rule could only be justified if it benefited its imperial subjects while defending democracy he thought subtly about its problems at a time when it was still an open question an untried experiment he advocated a non paternalistic non welfarist form of socialism which combined community with self reliance he played a leading role in placing women s issues on the agenda not only political and employment rights but also male violence against and sexual exploitation of women sexist language and the oppressive construction of gender

John Stuart Mill

1998-10-19

sir robert peel 1788 1850 is always remembered for three things his creation of the metropolitan police his principal role in the repeal of the corn laws and his status as founder of the modern conservative party this is quite sufficient to make him the key statesman of the early victorian period but there were many other aspects of his personality and politics which make the study of his career uniquely useful for students of the period in many ways he can be seen as the archetypal link figure between the pre reform and post reform political worlds embodying a strange mixture of reactionary toryism and vigorous progressivism

Sir Robert Peel

1998-10-30

one of the most charismatic and controversial of british politicians david lloyd george had a profound impact on the country as a welsh radical as an edwardian social reformer and as the man who won the war lloyd george was centrally involved in all the major national issues of the early twentieth century and in the aftermath of world war i he played a crucial role at the versailles peace conference and on the world scene of the early 1920s his life is fascinating in itself and highly valuable as a means to understanding a crucial era in british history students hoping to understand the politics of the period that decisively ushered in the british experience of the welfare state and through the emergencies provoked by the great war a new and highly obtrusive role for government will find dr packer s book an invaluable aid

Lloyd George

1998-10-30

this volume examines the main themes in welsh history from the coming of the normans in the eleventh century and their impact on welsh society and politics to the fall of the duke of buckingham the last great marcher magnate in 1521 it also looks at the part played by the leaders of the native welsh community in the years after the conquest of 1282 3 this is one of the less familiar aspects of the medieval history of the british isles but one in which there has been an increasing interest in recent years wales lost its independence in 1282 owain glyn dwr led a revolt in the early fifteenth century henry tudor was of welsh descent and landed in milford haven in 1485 these are the most familiar facts about the history of medieval wales and today this history is often presented as nothing more than a romantic story of princes and castles but there is a great deal more to it like every other nation wales has a history and identity of its own and edward i did not bring that history to an end unlike england it was not conquered by the normans in the thirteenth century the native princess of gwynedd tried to create a single welsh principality and for a short time came close to success the fourteenth century was much a period of crisis for wales as for every other part of europe and the effect of the black death lasted a long time the fifteenth century saw the leaders of the community move on to a wider political stage why did conquest come in 1282 who was owain glyn dwr and why did he rebel why was henry tudor s bid for power based in wales and what gave him credibility there dr carr considers these questions and suggests some possible answers as he examines one of the less familiar areas of british history

Medieval Wales

1995-05-10

a very effective survey of an important theme on british political and social history andrew chandler midland history this book effectively discharges its proclaimed purpose a sound successful and informative survey ian christie the journal of ecclesiastical history the volume provides a balanced and useful overview of the latest scholarship on an important period in church history carla h hay albion a useful and balanced survey of the condition of the established church at the accession of george iii for anyone seeking a straightforward up to date survey this is the book to begin with a very useful book john guy the journal of welsh religious history in this wide ranging book william gibson examines the principal themes in the developing relationship between the churches the state and society between 1760 and 1850 among other issues this book examines the involvement of the church of england in politics the development of a clerical profession the work of the bishops and clergy the economic position of the church the church s reaction to the french and american revolutions the exercise of church patronage by premiers the development of church parties the growth of toleration the reaction of the churches to industrialisation the halevy debate the reform of the church after 1830 the development of nonconformity and the state of religion and social groups in 1850

Church, State and Society, 1760-1850

1991

The changes begun by the devolution referendum of 1997 have caused interest and concern throughout Britain what seemed a remote and abstract question to many has in the last few years struck at the heart of the issue of what Britain is and it is increasingly clear that things will never be the same again Scottish Nationality is written with these changes in mind it is the only book available which both gives an overview of what made Scotland a nation across the whole of its history while also focusing in closely on the issues of the present day in particular Scotland's relationship with Britain Murray Pittock discusses historic Scottish Nationality modern nationalism and patriotism within the Union what is a nation how has Scotland developed within Britain where does it stand now and what does the future hold these questions are all addressed and Pittock also deals in detail with the essential facts of Scotland's story not a story which can be understood in isolation Scottish Nationality examines Scotland's relationship with both England and the wider world in order to put Scotland in context within the new British history and the new Britain itself as for the future the book avoids unverifiable predictions instead showing evidence of various trends and suggesting the importance of arguments for mutual understanding of Scotland's and England's national traditions

A Guide to John Henry Newman

2022

Reformation Fictions rehabilitates some twenty polemical dialogues published in Elizabethan England for the first time giving them a literary historicist and to a lesser extent theological reading by juxtaposing these Elizabethan publications with key Lutheran and Calvinist dialogues

theological tracts catechisms sermons and dramatic interludes antoinina bevan zlatar explores how individual dialogists exploit the fictionality of their chosen genre writers like john véron anthony gilby george gifford john nicholls job throckmorton and arthur dent to name the most prolific not only understood the dialogue s didactic advantages over other genres they also valued it as a strategic defence against the censor they were convinced as erasmus had been before them that a cast of lively characters presented antithetically often with a liberal dose of lucianic humour worked wonders with carnal readers here was an exemplary way to make doctrine entertaining and memorable here was the honey to make the medicine go down they knew too that these dialogues particularly their use of manifestly imaginary interlocutors and a plot of conversion licensed the delivery of singularly radical messages what comes to light is a body of literature often scurrilous always serious that gives us access to early modern concepts of fiction rhetoric and satire it showcases the imagery of protestant polemic against catholicism and puritan invective against the established elizabethan church all the while triggering the frisson that comes from the illusion of eavesdropping on early modern conversations

Scottish Nationality

2017-04-26

a critique of anglo american relations in the twentieth century in the light of the most recent research it challenges many existing interpretations and argues that the basis of the anglo american special relationship was laid by roosevelt and chamberlain that roosevelt preferred stalin to churchill and that the origins of the cold war should be seen as a british education of the americans to the soviet threat suz is reassessed following the recent release of material in the eisenhower library there is a consideration of the relationship of mutual interdependence and why wilson and heath chose to move instead towards the european connection as well as mrs thatcher s reasons for preferring the atlantic alliance

kilian schindler reveals how religious persecution in early modern england was a shaping force for drama and conceptions of theatricality

Anglo-American Relations in the Twentieth Century

1998-10-30

church music and protestantism in post reformation england breaks new ground in the religious history of elizabethan england through a closely focused study of the relationship between the practice of religious music and the complex process of protestant identity formation hearing was of vital importance in the early modern period and music was one of the most prominent

powerful and emotive elements of religious worship but in large part traditional historical narratives of the english reformation have been distinctly tone deaf recent scholarship has begun to take increasing notice of some elements of reformed musical practice such as the congregational singing of psalms in meter this book marks a significant advance in that area combining an understanding of theory as expressed in contemporary religious and musical discourse with a detailed study of the practice of church music in key sites of religious worship divided into three sections discourses sites and identities the book begins with an exploration of the classical and religious discourses which underpinned sixteenth century understandings of music and its use in religious worship it then moves on to an investigation of the actual practice of church music in parish and cathedral churches before shifting its attention to the people of elizabethan england and the ways in which music both served and shaped the difficult process of protestantisation through an exploration of these issues and by reintegrating music back into the elizabethan church we gain an expanded and enriched understanding of the complex evolution of religious identities and of what it actually meant to be protestant in post reformation england

Religious Dissimulation and Early Modern Drama

2023-07-31

the book outlines the historical development of public law and the state from ancient times to the modern day offering an account of relevant events in parallel with a general historical background establishing and explaining the relationships between political religious and economic events

Church Music and Protestantism in Post-Reformation England

2016-05-23

perhaps no period in christian history experienced such social tumult and upheaval as the reformation as it quickly became apparent that social and political issues finding deep resonance with the common people were deeply entwined with religious ones raised by the reformers led by eminent reformation historian peter matheson this volume of a people s history of christianity explores such topics as child bearing a good death rural and village piety and more includes 50 illustrations maps and an 8 page color gallery

A History of Western Public Law

2014-12-31

comprehensive and systematic introduction to hooker's life works thought reputation and influence

Reformation Christianity

2010-03-01

in this innovative study elisabeth salter reconstructs the lives of six men and women of the early renaissance and leads us on a quest to reconstruct their lost cultural worlds the six men and women are all figures from the margins of the royal courts during the reigns of henry vii and henry viii this book will appeal to historians of the late medieval period and the renaissance and will serve as an exemplary model to scholars of biographical reconstruction

A Companion to Richard Hooker

2008

this title was first published in 2002 this work invests the post shakespearean history plays of the jacobean era including among others shakespeare's henry viii 1613 dekker's the whore of babylon 1606 and heywood's if you know not me you know nobody 1604-5 with new significance by recognizing the role they played in popularizing and re-appropriating foxe's book of martyrs one of the most formative and culturally significant reformation texts this study presents the historical stage as a site of a continuing reformation debate over the nature of political authority the validity of conscience and the challenge to social and gender hierarchies implicit in protestant doctrine relating each play to contemporary political events the book demonstrates the role of the jacobean stage in promoting reformation and informing with providential meaning the events unfolding outside the theatre

Six Renaissance Men and Women

2007

the english renaissance is frequently defined in the context of the elizabethans and early stuart but here we focus on the early renaissance and the important cultural transitions of the late medieval early tudor period in this innovative study elisabeth salter reconstructs the lives and experiences of six men and women of the early renaissance and leads us on a quest to reconstruct their lost cultural worlds the six men and women are all figures from the margins of the royal courts during the reigns of henry vii and henry viii gilbert banaster present at the court of henry vii in the guise of writer and musician the anonymous witness spectator to the marriage of prince arthur and katherine of aragon william cornish playwright and musician at henry viii's household elizabeth philip silk trader to the royal court dame katherine styles whose biography is recreated through her will and william buckley educator and schoolmaster to king edward vi salter presents an exemplary model of how it is possible to reconstruct biography from

sometimes fragmentary sources the connections drawn between these six individuals display ample evidence for the cultural innovation and sophistication of these courts in terms of pageantry music the visual arts fashions in luxury consumption scientific discovery and literary invention when all six lives are added together as a whole the book will lead the reader to a richer understanding of the cultural context of the early english renaissance

Writing the Reformation

2017-11-30

the last genuine rebellion on british soil the jacobite rising of 1745 forms one of the greatest what ifs of british history if bonnie prince charlie s troops had defeated the forces of george ii it is fair to say that the entire subsequent course of the country s history would have been dizzyingly changed jacobitism is a comprehensive study of the stuart dynasty s attempts to regain the thrones of england scotland and ireland in the eighteenth century it provides not only a history of the jacobite cause and the risings but also studies of jacobite culture the financing of jacobitism the jacobite diaspora and jacobitism and nationalism as well as a critical review of the major changes in jacobite scholarship this century

Six Renaissance Men and Women

2018-01-18

historical dictionary of the british monarchy second edition contains a chronology an introduction and an extensive bibliography the dictionary section has more than 800 cross referenced entries that cover significant events places institutions and other aspects of british culture economics politics and society

Jacobitism

1998-09-21

the most comprehensive scholarly survey of karl barth s theology ever published karl barth arguably the most influential theologian of the 20th century is widely considered one of the greatest thinkers within the history of the christian tradition readers of karl barth often find his work both familiar and strange the questions he considers are the same as those christian theologians have debated for centuries but he often addresses these questions in new and surprising ways the wiley blackwell companion to karl barth helps readers understand barth s theology and his place in the christian tradition through a new lens covering nearly every topic related to barth s life and thought this work spans two volumes comprising 66 in depth chapters written by leading experts in the field volume one explores barth s dogmatic theology in relation to traditional christian theology provides historical timelines of barth s life and works and discusses his significance and influence volume two examines barth s relationship to various

figures movements traditions religions and events while placing his thought in its theological ecumenical and historical context this groundbreaking work places barth into context with major figures in the history of christian thought presenting a critical dialogue between them features contributions from a diverse team of scholars each of whom are experts in the subject provides new readers of barth with an introduction to the most important questions themes and ideas in barth s work offers experienced readers fresh insights and interpretations that enrich their scholarship edited by established scholars with expertise on barth s life his theology and his significance in christian tradition an important contribution to the field of barth scholarship the wiley blackwell companion to karl barth is an indispensable resource for scholars and students interested in the work of karl barth modern theology or systematic theology

Historical Dictionary of the British Monarchy

2023

this volume analyses the societal legacy of lutheranism in finland in broad terms it contributes to the recent renewed interest in the history of religion in finland and the nordic countries by bringing together researchers in history political science economics social psychology education linguistics media studies and theology to examine the mutual relationship between lutheranism and society in finland the two main foci are i the historical effects of the reformation and its aftermath on societal structures and on national identity values linguistic culture education and the economy and ii the adaptation of the church and its theology to changes in the geo political and sociocultural context important sub themes include nationalism and religion the secularization and institutionalization of traditional values multiple protestant ethics and long continuities in history overall the book argues that large changes in societies cannot be explained via secular factors alone such as economic development or urbanization but that factors pertaining to religion provide substantial explanatory power for understanding societal change and the resulting societal structures

2014-05-15

mary stuart is infamous for the mysteries of her reign mary ruled in a patriarchal society and married a subject a catholic queen who was the only person in her kingdom legally allowed to hear catholic mass these contradictions in mary s life forced her contemporaries to search for new answers about how scotland should be governed

Mary Queen of Scots: The First Biography

2023-05-15

as superintendent of fife john winram played a pivotal role in the reform of the scottish church charting his career within st andrews priory from canon to subprior linda dunbar examines the ambiguity of winram s religious stance in the years before 1559 and argues that much of the difficulty in pinning down winram s views stems from the mis identification of john knox s unnamed reforming sub prior with winram in fact as the book shows this early reformer was probably winram s own sub prior alexander young the various reforming influences on winram

and the gradual change in his religious stance is charted together with his robust attempts at catholic reform with st andrews and his profound effect upon john knox during the siege of the castle in 1559 winram eventually decided to side with the protestants the book concludes with an analysis of the difficulties experienced by winram and the preponderance of accusations against him which led to his final relinquishing of office in 1577 in his transition from a catholic to a protestant reformer winram s experience is typical of that of many of his contemporaries in scotland and in europe

Catholic Queen, Protestant Patriarchy

2006-11-28

what is it about the irish that has kept them at each other s throats throughout this century in this thought provoking book professor harkness charts the record of antagonistic aspirations that have divided irish nationalists from irish unionists the latter since 1920 being concentrated in the six counties of northern ireland before the first world war advocates of irish home rule opposed unionist defenders of the united kingdom during and after the war irish nationalist separatists struggled against the unionist stronghold in the north east when in 1922 ireland was divided between two unequal administrations deadlock ensued the irish free state became first a dominion in the british commonwealth and then in 1949 the irish republic outside it northern ireland soldiered on a mere local administration devolved from westminster determined to remain part of the united kingdom but weakened by a divided population and by uncertain support from london in 1972 after a fierce renewal of communal strife within northern ireland london reasserted its rule over the province sought an end to violent conflict and pursued relations with dublin to that end the contrast of the belfast dublin perspectives throughout this period are the substance of this book yet the ongoing record of practical day to day operations is also part of the story a multitude of contacts persisted across the irish frontier economic and social sporting and cultural religious and professionals and to these too this book makes reference

Reforming the Scottish Church

2017-07-05

benjamin disraeli earl of beaconsfield remains one of the most fascinating and enigmatic figures in british political history he was the romantic radical who went on to lead the conservative party the urban middle class jew who identified himself with a ruling elite based on the aristocracy land and anglicanism this study of disraeli seeks to provide a balanced coverage of the whole of his career giving equal weight to the long period spent as leader of the opposition as well as examining his rise to the conservative leadership and his subsequent record as prime minister an assessment is offered of disraeli s contribution to the late victorian conservative party s political ascendancy and in particular to its image as the national party
