Muriel Rukeyser and Documentary 2013-01-31

provides a new perspective on the documentary diversity of Muriel Rukeyser's work and influences winner of the inaugural Peggy O'Brien Book Prize of the Irish Association for American Studies I.A.A.S.

Muriel Spark, Existentialism and The Art of Death 2019-02-20

Contextualises Muriel Spark's writings in the tradition of Christian existentialism and its insistence on being towards death. This book proposes that Christian existentialism and in particular the work of Søren Kierkegaard helped shape Spark's religious commitments and her artistic innovations because of the prominence after the Second World War of the atheistic existentialism of Jean-Paul Sartre. It is often forgotten that existentialism was originally a Christian philosophy shaped by followers of Kierkegaard such as Karl Jaspers and Gabriel Marcel. Craig traces in Spark's writings both the influence of Kierkegaard and of Spark's resistance to Sartre's co-option of existentialism to an atheistic agenda. Kierkegaard's analysis of the nature of the aesthetic as a false mode of existence that has to be transcended by the ethical and then by the religious provides a fundamental structure for Spark's satirical analyses of the failings of the modern world. Key features provide detailed analyses of a substantial proportion of Spark's novels. Explains the philosophies of Kierkegaard and Sartre designed for readers without specialist philosophical knowledge. Reads major Spark works such as *The Ballad of Peckham Rye*, *The Prime of Miss Jean Brodie*, *Hothouse* by the East River Symposium. The only problem analyses the ways in which Spark situates her plots within the major historical conflicts and social transformations of the twentieth century.

John Masefield 2016-05-15

Before she published her distinguished novels Muriel Spark first made her name as a critic and poet. Her discerning study of the poet and novelist John Masefield will therefore be doubly welcome as an example of her earlier work and as one of the best introductions to Masefield with characteristic insight Spark shows Masefield's development as a storyteller through his early lyrics to his long narrative poems and finally his prose together with his gift for observation of the life around him. John Masefield 1878-1967 lived a life as varied as his work. At the age of fifteen he went to sea as an apprentice in a windjammer and made the voyage round Cape Horn. The next three years he spent in New York in a bakery, a livery stable, a saloon and a carpet factory. Back in England he wrote for *The Guardian* and in the First World War served with the Red Cross. Throughout these years he had been writing poetry and when in 1923 his collected poems appeared they sold over 200,000 copies. In 1930 he succeeded Robert Bridges as poet laureate. He was a prodigious novelist, essayist and poet. Among his best known works are *The Everlasting Mercy*, *Dauber*, *Reynard the Fox*, *Sard Harker* and *The Midnight Folk*. I feel a large amount of my writing on him can be applied generally. I wrote Spark in 1992. It is in many ways a statement of my position as a literary critic and I hope some readers will recognise it as such. Spark shows herself to be as fearless and original a biographer as she was a novelist. *Times Literary Supplement*.

Complete Poems 2015-10-01

In her foreword to all the poems 2003 Muriel Spark wrote: although most of my life has been devoted to fiction I have always thought of myself as a poet. I do not write poetic prose but feel that my outlook on life and my perceptions of events are those of a poet. Including previously uncollected work this new edition demonstrates her ear for the rightness of a line and her eye for the telling detail. Her command of poetic forms and her ability to rise to the different challenges of freer verse. Spark's poems are witty, idiosyncratic and haunting, transforming the familiar into glittering moments of strangeness, revealing the dark and light music beneath the mundane.

Drawn to Purpose 2018-02-14

published in partnership with the library of congress drawn to purpose american women illustrators and cartoonists presents an overarching survey of women in american illustration from the late nineteenth into the twenty first century martha h kennedy brings special attention to forms that have heretofore received scant notice cover designs editorial illustrations and political cartoons and reveals the contributions of acclaimed cartoonists and illustrators along with many whose work has been overlooked featuring over 250 color illustrations including eye catching original art from the collections of the library of congress drawn to purpose provides insight into the personal and professional experiences of eighty women who created these works included are artists roz chast lynda barry lynn johnston and jillian tamaki the artists stories shaped by their access to artistic training the impact of marriage and children on careers and experiences of gender bias in the marketplace serve as vivid reminders of social change during a period in which the roles and interests of women broadened from the private to the public sphere the vast often neglected body of artistic achievement by women remains an important part of our visual culture the lives and work of the women responsible for it merit much further attention than they have received thus far for readers who care about cartooning and illustration drawn to purpose provides valuable insight into this rich heritage

Return to Gooseneck 2016-06-01

sara finished packing her station wagon closed the door and then went back into the home she called home for twenty five years she walked through the rooms wiping tears from her face what happened to my life my children to leave me my last two babies were gone from me at their birth now all of them left for england to live with marcie steven had explained to the children he wasn t married to their mother just to marcie there was evil in that house in sara s marriage was that her evil mother in law with jackie s help they walked through the rooms she loved so much and locked then the doors the next morning after saying goodbye to her friends she climbed in her car and drove away after a few scares sara pulled up to andy s apartment in florida and stayed a couple days before heading for gooseneck pulling in the long drive she stooped and gasped e what happened to this home was sara sommers up to her old tricks from the time she was thirteen that woman was in my life did sara have a hand in my troubles she wondered the inside was a disaster her uncle joe and stepfather looked sick the house looked sick everything was falling apart she called her brother telling him to come home with sam s and his wife s betty help the estate once again livable nathan mccabe became acquainted with sara once again they fell in love and were married will her children ever come back who knows will there ever be love in the estate again was the voice from the past her dear departed granny help her now on the other hand was the past sara sommers with her here too did she have a hand bringing the bears that stood around the estate come alive when any unwanted stumbled on the estate

Language learning and professionalization in higher education: pathways to preparing learners and teachers in/for the 21st century 2020-11-16

in this volume language learning and professionalization are explored by addressing the existing gap between pressing needs for enhanced soft skills in work environments wherein technology mediated multilingual communication is increasingly the norm and current foreign language teaching and learning offerings in higher education considering theoretical methodological and pedagogical perspectives for preparing language learners and teachers in for the 21st century this volume s eight chapters underscore that research findings should inform the design of learning experiences so that people s communication needs in fast changing work environments are met and the link between language education and professionalization within a lifelong learning perspective is sustained

The Essence of the Brontes 2014-09-01

muriel spark always regarded the brontés with a novelist s eye as boyd tonkin argues in his lively introduction written for this new edition the brontés inspired spark at the very beginning of her own career but not in a straightforward way through her critical and biographical work on the brontés spark identified not only their achievements but also their flaws and failings and thereby began to define as tonkin puts it her own best route as she herself said in a piece recorded for the bbc at emily bronté s grave in 1961 i was fascinated by emily s creative mind because it s so entirely alien to my own this book first published in 1993 collects spark s essays on the brontés her selection of their letters and of emily s poetry evident throughout are spark s critical intelligence dry wit and refusal to sentimentalise qualities that gave her own novels their particular appeal at the same time the essence of the brontés is muriel spark s tribute to the sisters whose talents placed them on a stage from where they could hypnotize their own generation and even more posterity

Spartakiads 2020-01-01

every five years from 1955 to 1985 mass czechoslovak gymnastic demonstrations and sporting parades called spartakiads were held to mark the 1945 liberation of czechoslovakia involving hundreds of thousands of male and female performers of all ages and held in the world s largest stadium a space built expressly for this purpose the synchronized and unified movements of the czech citizenry embodied quite literally the idealized socialist people a powerful yet pliant force directed by the

regime this book explores the political social and aesthetic dimensions of these mass physical demonstrations with a particular focus on their roots in the völkisch nationalism of the german turner movement and the czech sokol gymnastic tradition featuring an abundance of photographs spartakiads takes a new approach to communist history by opening a window onto the mentality and mundanity behind the iron curtain

A Bounded Land 2020-11-01

canada is a bounded land a nation situated between rock and cold to the north and a border to the south cole harris traces how society was reorganized for indigenous and non indigenous people alike when europeans resettled this distinctive land through a series of vignettes that focus on people s experiences on the ground he exposes the underlying architecture of colonialism from first contacts to the immigrant experience in early canada to the dispossession of first nations in the process he unearths fresh insights on the influence of indigenous peoples and argues that canada s boundedness is ultimately drawing it toward its indigenous roots

move from feeling anxious about the oil crisis to developing a positive visions and taking traction action to create a more self reliant existence with this ground breaking book we live in an oil dependent world and have become reliant in a very short space of time using vast reserves of oil in the process and without planning for when the supply is not so plentiful most of us avoid thinking about what happens when the oil runs out or becomes prohibitively expensive but the reality may not be as bad as we think the transition handbook shows how the inevitable and profound changes ahead could have a positive effect written by permaculture expert rob hopkins he discusses the possibility of a rebirth of local communities which will generate their own fuel food and housing these will encourage the development of local currencies to keep money in the local area and unleash a local skilling up so that people have more control over their lives the growth in interest in the transition model continues to be exponential there are now more than 35 formal transition

initiatives in the uk including towns cities islands villages and peninsulas with more joining as the idea takes off with little proactivity at government level communities are taking matters into their own hands and acting locally if your community has not yet become a transition initiative this upbeat guide filled with beautiful black and white photographs offers you the tools to get started the transition handbook is the perfect manual to guide communities as they begin this energy descent journey
