Historical Atlas of Ancient Rome 2005

the cradle of western civilisation ancient greece was a land of contradictions and conflict intensely quarrelsome and competitive the greek city states consistently proved unwilling and unable to unite yet in spite of or even because of this internal discord no ancient civilization proved so dynamic or productive the greeks not only colonized the mediterranean and black sea areas but set standards of figurative art that endured for nearly 2500 years charting topics as diverse as minoan civilization the persian wars the athenian golden age and the conquests of alexander the great the book traces the development of this creative and restless people and assesses their impact not only on the ancient world but also on our own attitudes and environment the authoritative narrative illustrated with over sixty full colour maps and over seventy plates makes this an indispensable handbook for history students and enthusiasts alike

Atlas of Ancient Worlds 2009-03-06

filled with fascinating facts and stunning images this single volume reference to ancient egypt introduces readers to this unique sometimes startling culture

The Penguin Historical Atlas of Ancient Civilizations 2005-10-25

published to complement his greek and roman dictionaries an atlas of ancient geography biblical and classical by sir william smith is the rarest and most visually compelling of the volumes produced to the highest standard by the leading mapmaker of the day the maps large scale small scale historical topographical multiple city plans and other insets are clear detailed intricately colored works of art the atlas provides the first complete set of maps of the ancient world both classical and biblical a full index of names and places both ancient and modern accompanies each of the larger maps for each map there is also an accompanying text giving sources and authorities for them this handsome edition is introduced by richard talbert william rand kenan jr professor of history and classics at the university of north carolina at chapel hill and one of the world s foremost scholars of the cartography of the ancient world

An Atlas of Ancient Egypt 2017-08-22

more than fifteen centuries after its fall the roman empire remains one of the most formative influences on the history of europe its physical remains dot the landscape from scotland to syria its cities are still the great metropolises of the continent its law and institutions have shaped modern practice and its ideal of a united europe has haunted politicians ever since fully illustrated and featuring more than sixty full colour maps this atlas traces the rise and fall of the first great multinational state it looks at its provinces and cities its trade and economy its armies and frontier defences follows its foreign ward and internecine struggles and charts its transformation into a christian theocracy and its fall in 476
