testament was written god saw the need for one last book and it is also the last book given by god to give us his final advice instructions encouragements and warnings the book of the revelation also contains many apocalyptic visions including the plagues seals bowls etc in this book i will not try to interpret all of the apocalyptic visions because the book of revelation has much greater truths that we need to learn first such as who and what is babylon how do we get out of babylon who are the redeemed and how can we be among them how does a person receive the seal of god what is the seal of god how does a person avoid the mark of the beast what qualifies a person to enter the new jerusalem we need to know all of this and more as judgment day is fast approaching and what i found in god s last book will take most christians out of their comfort zones and out of babylon what i have to share in this book is far more important than endless speculation on the nature timing and sequence of the apocalyptic events with endless speculations as to who is the beast or the false prophets i m sure that you will be informed warned instructed encouraged and blessed by this book just as i was in writing it
