**Throwing Stones at the Moon** 2023-03-28 since 1964 colombia has been embroiled in internal armed conflict among guerrilla groups paramilitary militias and the country's own military civilians in colombia face a range of abuses from all sides including killings disappearances and rape and more than four million have been forced to flee their homes the oral histories in *Throwing Stones at the Moon* describe the most widespread of colombia's human rights crises forced displacement speakers recount life before displacement the reasons for their flight and their struggle to rebuild their lives narrators include maria victoria whose fight against corruption as a hospital union leader led to a brutal attempt on her life in 2009 assassins tracked her to her home and stabbed her seven times in the face and chest since the attack julia has undergone eight facial reconstructive surgeries and continues to live in hiding danny who at eighteen joined a right wing paramilitary's training camp initially lured by the promise of quick money danny soon realized his mistake and escaped to ecuador he describes his harrowing escape and his struggle to survive as a refugee with two young children to support

**Look at the Moon** 1996 a journey in verse to discover whether the same moon shines on all parts of the world

**Introduction to the Astronomical Observations Made at the Royal Observatory, Greenwich, in the Year ...** 1892 a noted physicist and popular science writer explains why the sea is salty how bubbles form on the water's surface where waves come from and other curiosities 1987 edition

*A Scientist at the Seashore* 2012-12-13 when a leaf falls on a windy day it drifts and tumbles tossed every which way on the breeze this is chaos in action in *Fly Me to the Moon* edward belbruno shows how to harness the same principle for low fuel space travel or as he puts it surfing the gravitational field belbruno devised one of the most exciting concepts now being used in space flight that of swinging through the cosmos on the subtle fluctuations of the planet's gravitational pulls his idea was met with skepticism until 1991 when he used it to get a stray japanese satellite back on course to the moon the successful rescue represented the first application of chaos to space travel and ushered in an emerging new field part memoir part scientific adventure story *Fly Me to the Moon* gives a gripping insider's account of that mission and of belbruno's personal struggles with the science establishment along the way belbruno introduces readers to recent breathtaking advances in american space exploration he discusses ways to capture and redirect asteroids presents new research on the origin of the moon weighs in on discoveries like 2003 ub313 now named eris a dwarf planet detected in the far outer reaches of our solar system and much more grounded in belbruno's own rigorous theoretical research but written for a general audience *Fly Me to the Moon* is for anybody who has ever felt moved by the spirit of discovery

*At the Back of the Moon* 2018-05-04 the ultimate showbiz insider's expose howling at the moon is the wildly entertaining and brilliantly narrated autobiography of walter yetnikoff head of cbs records during its heyday in the 1980s and then the most powerful man in the music industry yetnikoff knew most of the stars and embraced all the excesses of this era he was mentor to streisand father confessor to michael jackson shared a mistress with marvin gaye and came to blows with mick jagger he feuded with david geffen and outmanoeuvred rupert murdoch he was also addicted to cocaine and alcohol until his doctor gave him just 3 months to live yetnikoff came from a working class jewish family from brooklyn he graduated from law school in the 1950s and proceeded to climb the corporate ladder to the very top his high flying ended in breakdown but throughout his rise and fall yetnikoff remained a man of huge charisma and disarming charm *Howling at the Moon* is written with david ritz the only 4 time winner of the ralph j gleason music book award who has collaborated on the autobiographies of such stars as ray charles bb king aretha franklin and etta james

*Ravin' at the Moon* 1997-03-01 awaken heal and transform your life with the moon fix a bewitchingly illustrated modern guide to harnessing lunar power and celebrating the sacred feminine that lives within us all through better understanding and attuning ourselves to the lunar cycles we can improve our intuition let go of past pains and find a deeper spiritual connection from succeeding in business to finding love discover how lunar power can help you to achieve ambitious goals and address your most secret concerns bring ancient wisdom to modern living with this enlightening book which includes an introduction to the moon in astrology from its relation to the signs to its different phases and their significance when and how to harness lunar power to manifest and celebrate your deepest desires including how to create a moon altar and work with crystals incense herbs and oils lunar advice and spells rituals meditations and recipes organized by themes that include joy and success health and wellness and protection and comfort hauntingly beautiful illustrations from mystic artist and influencer indigo indg0 align yourself with the universe and connect with the changing cycles to live a limitless life

**Selenographical Studies Based on Negatives of the Moon Taken at the Lick Observatory** 1894 charles thought the moon would be a new beginning now he knows he'll be lucky just to stay alive having escaped both an earth on the verge of global collapse and their squabbling parents in a

divorce at geosynchronous station a newly independent charles chigger dingillian and his two brothers find themselves alone on the moon with very few prospects worse they are being hunted by ruthless interplanetary corporations who would stop at nothing to come in possession of a memory bar the boys smuggled on board totally unsure of who they can trust if anyone the three boys must find a way to make it on their own in unfamiliar territory only one thing is certain the moon is not a safe place to be

**Fly Me to the Moon** 2007-02-11 an unparalleled exploration of magic in the greco roman world what did magic mean to the people of ancient greece and rome how did greeks and romans not only imagine what magic could do but also use it to try to influence the world around them in drawing down the moon radcliffe edmonds one of the foremost experts on magic religion and the occult in the ancient world provides the most comprehensive account of the varieties of phenomena labeled as magic in classical antiquity exploring why certain practices images and ideas were labeled as magic and set apart from normal kinds of practices edmonds gives insight into the shifting ideas of religion and the divine in the ancient past and later western tradition using fresh approaches to the history of religions and the social contexts in which magic was exercised edmonds delves into the archaeological record and classical literary traditions to examine images of witches ghosts and demons as well as the fantastic powers of metamorphosis erotic attraction and reversals of nature such as the famous trick of drawing down the moon from prayer and divination to astrology and alchemy edmonds journeys through all manner of ancient magical rituals and paraphernalia ancient tablets spell books bindings and curses love charms and healing potions and amulets and talismans he considers the ways in which the greco roman discourse of magic was formed amid the cultures of the ancient mediterranean including egypt and the near east an investigation of the mystical and marvelous drawing down the moon offers an unparalleled record of the origins nature and functions of ancient magic

*The Moon and the Condition and Configurations of Its Surface. ... Illustrated by Maps and Plates* 1876 why do people read science fiction in hopes of receiving such writing as this a ravishingly accurate vision of things unseen an utterly unexpected yet necessary beauty so says ursula k le guin in her introduction to the first men in the moon h g wells s 1901 tale of space travel heavily criticized upon publication for its fantastic ideas it is now justly considered a science fiction classic cavor a brilliant scientist who accidentally produces a gravity defying substance builds a spaceship and along with the materialistic bedford travels to the moon the coldly intellectual cavor seeks knowledge while bedford seeks fortune instead of insight and gold they encounter the selenites a horrifying race of biologically engineered creatures who viciously and successfully defend their home

*Considerations on the Established Doctrines Concerning the Moon's Rotation: the Sidereal Day and the Sidereal Month* 1856 ravin at the moon by stephen crane kidwell stephen crane kidwell assumed his present incarnation on friday the thirteenth of nineteen forty three the only red haired blue eyed child in an otherwise dark haired dark eyed family as tom robbins so aptly pointed out in still life with woodpecker all redheads emanate from the planet argon and this along with his birthdate probably explains most everything you need to know about him the way to tell if someone is argonian is to get up real close to them and take a discreet whiff if you can distinctly detect the odor of cantaloupe you ve found one he still has a day job in texas but spends as much time as he can at his home in the florida keys where he is working on his second book backseat driver

**Howling at the Moon** 2005-01 set against the stunning backdrop of renaissance france the serpent and the moon is a true story of love war intrigue betrayal and persecution at its heart is one of the world s greatest love stories the lifelong devotion of king henri ii of france to diane de poitiers a beautiful aristocrat who was nineteen years older than her lover at age fourteen henri was married to fourteen year old catherine de medici an unattractive but extremely wealthy heiress who was to bring half of italy to france as her dowry when catherine met henri on her wedding day she fell instantly in love but henri could see no one but the beautiful diane when henri eventually became king he and diane ruled france as one meanwhile catherine took as her secret motto the words hate and wait and lived for the day diane would die and she could win henri s love and rule by his side fate had another plan her royal highness princess michael of kent herself a descendant of both catherine and diane imbues this seldom told story with an insider s grasp of royal life the serpent and the moon is a fascinating love story as well as a richly woven history of an extraordinary time

**The Moon Fix** 2020-03-31 the endeavour has made rocket ship history with its automatic pilot and artificial gravity anyone is qualified to fly to the moon but the scientists who designed it did not envision the hidden dangers of lunar exploration nor did they foresee the kind of violence that could erupt among the five mismatched crew members in a lonely space capsule the endeavour s captain franz brunel of the british space service has to contend with

the many perils that await him on the surface of the moon soon a murderer is among them now contemporary readers have the chance to enjoy temple s unusual blend of traditional sf with a darkly ironic tone

*Bouncing Off the Moon* 2019-07-16 a heartwarming love story between mother and child when mama elephant must leave little one to ask the skies for rain the young elephant is worried who will care for little one who will sing mama s special songs when will she return mama is very reassuring little one will hear her song on the wind and feel her love in the warmth of the sun and after the rains come they will meet where the moon sets exquisitely illustrated and supremely comforting meet me at the moon is a mother and child love story to be enjoyed again and again

**Drawing Down the Moon** 2021-12-07 examines the many facets and puzzles of our moon including its phases and eclipses its early discoveries and modern exploration and its possible origins and future prospects

**The Cyclopædia; Or, Universal Dictionary of Arts, Sciences, and Literature. By Abraham Rees, ... with the Assistance of Eminent Professional Gentlemen. Illustrated with Numerous Engravings, by the Most Distinguished Artists. In Thirthy-nine Volumes. Vol. 1 [- 39]**

1819 this anthology is the second in a series published by the international poetry fellowship ipf this volume is about the changing seasons represented as the four corners of the moon it is written by a number of amateur and professional poets who are all members of allpoetry com and the ipf it is a cross cultural look at the world from many poets from many countries and you can enjoy the mystery of the world over from the comfort of your chair

*The First Men in the Moon* 2007-12-18 this early work by abraham grace merritt was originally published in 1919 and we are now republishing it with a brand new introductory biography the moon pool is a fantasy novel set on the island of ponape amongst ruins of an ancient civilisation it tells the tale of adventurous explorers who discover an unknown world abraham grace merritt also known by his byline a merritt was born on the 20th january 1884 in new jersey america merritt s stories typically revolved around conventional pulp magazine themes his heroes are gallant irishmen or scandinavians his villains treacherous germans or russians and his heroines often virginal mysterious and scantily clad merritt married twice once in the 1910s to eleanore ratcliffe with whom he raised an adopted daughter and again in the thirties to eleanor h johnson
