fingertips and discover a new you

The Write Style Guide 2020 over a million copies
sold clear writing is the key to clear thinking so
think what you want to say then say it as simply
as possible that s the thinking that underpins
this much loved guide and the mantra for anyone
wanting to communicate with the clarity style and
precision for which the economist is renowned the
economist style guide guides the reader through
the pleasures and pitfalls of english usage it
offers advice on the consistent use of punctuation
abbreviations and capital letters identifies
common errors and clichés and contains an
exhaustive range of reference material covering
everything from business ratios to mathematical
symbols and common latin phrases it also tackles
the key differences between british and american
english but this is no ordinary guide to english
usage it has a wit verve and flair which make it
much more than a simple work of reference here are
just some examples anticipate does not mean expect
jack and jill expected to marry if they
anticipated marriage only jill might find herself
expectant take care with between to fall between
two stools however painful is grammatically
acceptable to fall between the cracks is to
challenge the laws of physics critique is a noun
if you want a verb try criticise use words with
care if this door is alarmed does its hair stand
on end the economist style guide is required

reading for anyone who wants to communicate with style
