introduces students to the study of specific plant and animal relationships in the food chain

Research in Education

1974

amid these world changes is the growing conviction that human beings must evolve a new consciousness that places a high value on being human that leads toward cooperation that enables positive conflict resolution and that recognizes our spiritual foundations can we accept as a given that the self of the therapist is an essential factor in the therapeutic process if this turns out to be true it will alter our way of teaching therapists as well as treating patients virginia satir in the use of self in therapy the haworth press inc 1987 virginia satir an internationally renowned educator and master therapist and a pioneer in the field of family therapy altered the way therapists are taught and patients are treated this landmark volume focuses on the important contributions that she made to the therapy profession written and edited by therapists who trained and worked closely with her virginia satir foundational ideas reflects her most basic ideas about the healing quality of respect for all people and the emphasis on the personal aspects of treatment rather than the technical it also addresses the necessity of emotional honesty between the therapist and the patient and illustrates these therapists impact on therapy as it is practiced today the legacy left by dr satir includes her profound insight into the behavior of human beings and the guidelines for the application of universal principles in such a way as to enhance human growth and unite individuals her impact on therapists around the world is apparent upon reading this triumphant volume scholars and practitioners address some of the fundamental tenets of therapy as developed by dr satir and explain how they have integrated these basic foundations into their own practices the highlights of her professional contributions that are discussed in this exhaustive volume

include the basic patterns of communication that are common to all people and the relationship of communication and self esteem the triad concept and strategies for teaching people to exist in this basic unit of humankind in a healthy way the parts party and how this process for integrating various aspects of a person can be used with couples as well the model for change process and the ways in which it can be used with individuals couples and the world family reconstruction and the value of acting out the past with the therapist as guide virginia satir foundational ideas is a sharp clear focus on the person and work of this great master it is necessary reading for all professionals around the world who seek to better understand the therapy process and the keys to its success
