held in ahmedabad india in december 2019 the 25 papers
presented in this volume were carefully reviewed and selected
from 53 submissions the papers are organized in topical
sections named big data analytics vision and perspectives
search and information extraction predictive analytics in
medical and agricultural domains graph analytics pattern
mining and machine learning jewels of gujarat leading global
gujarati personalities vol ii is an anthology of biographies
of the 100 most influential gujaratis around the world among
these personalities are the celebrated entrepreneurs like
mukesh ambani doctors like kiran c patel astronauts like
sunita williams philanthropists like manu shah social
activists like ela gandhi and many more from 30 countries
from 35 40 fields the book takes its readers on a
rollercoaster voyage of happiness and sadness victory and
defeat with these world renowned figures from different walks
of life to see what made them stand in a different race of
success the book is a collection of high quality peer
reviewed research papers presented at international
conference on frontiers of intelligent computing theory and
applications ficta 2016 held at school of computer
engineering kiit university bhubaneswar india during 16 17
september 2016 the book presents theories methodologies new
ideas experiences and applications in all areas of
intelligent computing and its applications to various
engineering disciplines like computer science electronics
electrical and mechanical engineering this volume forms part
of the critical discourses in south asia series which deals
with schools movements and discursive practices in major
south asian languages it offers crucial insights into the
making of gujarati literature and its critical condition
across a century several centuries the book presents a new
