Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954

1999

this is a collection of literature from and about the tallgrass bioregion it focuses on autobiographical nonfiction including adventure narrative spiritual reflection childhood memoir native american perspectives literary natural history humor travel writing and reportage writings by early explorers are followed by works of nineteenth century authors that reflect the fear awe reverence and thrill of adventure of the time after 1900 following the destruction of the majority of tallgrass much of the writing became nostalgic elegiac and mythic a new environmental consciousness asserted itself midcentury as personal responses to tallgrass were increasingly influenced by larger ecological perspectives preservation and restoration emerged as major themes early twenty first century writings demonstrate an awareness of tallgrass environmental history and the need for citizens including writers to remember and to help save our once magnificent prairies

Prairie Spring

2009-03-19

three time spur award winning author wayne d overholser dawson rides off the wind swept prairie into a fiery war it s a big country dawson but you re the second hardcase to ride into it and it ain t big enough for two jess dawson was tired of moving on and if it meant one more powder smoke showdown to clear space to settle on well he was ready for that trouble was lane miles had men and guns to stand behind him and dawson stood alone

Fifth Midwest Prairie Conference Proceedings

1978

maurine becotte was born and raised in the farming community of cut knife saskatchewan she was the eldest daughter of irwin and margaret duvall her dream was to become a veterinarian but young women of her time did not become veterinarians so she followed societies rules and become a school teacher after a few short years of

teaching school maurine met and married a true farmer emile becotte of the seagram district together they raised their family of eight children on a mixed farm in the baldwinton area of saskatchewan they grew a variety of grain crops but their passion was the herd of purebred angus cattle that they built from meager beginnings as their children we were not quite sure which meant more to them the beautiful black cows that we all came to love or us as children neither one lacked for love or attention times were hard on the farm and there was always work to be done maurine always found time to create fun and joy in life for family friends and neighbors she always had the coffee pot on and time to chat with all who passed thru our yard on one occasion a native family passed through in a horse drawn wagon and the young mother asked for some fresh water maurine being the kind person she was gave them the fresh water and a jar of fresh cows milk for the infant child some months later that same young woman thanked mom again for her generosity maurine began writing poetry while attending college in 1940 and she continued to write throughout her life her poetry is highlighted with ideas that came from everyday life the beauties of nature the love of family and community the dedication to farm life in saskatchewan history politics and war in the 1970 s and 1980 s maurine and two daughters compiled six volumes of her poetry under the name of housewife harmony volumes 1 through 6 maurine wrote poetry for some fifty plus years before ill health took away her capacity to write she died in march 1996 without achieving her one great wish to see her poetry published in one complete book this book is the fulfillment of that dream rather than use housewife harmony as a title i have chosen to call the book from the heart of a prairie farm wife because mom truly wrote from the heart the following pages will unveil the ability maurine had in the stroke of the pen

History of Logan County, Illinois, Together with Sketches of Its Cities, Villages, and Towns, Educational, Religious, Civil, Military, and Political History, Portraits of Prominent Person, and Biographies of Representative Citizens

1886

the cabin at the prairie by c h pearson c h pearson weaves a tale of an own family embarking on a courageous journey from their familiar town life to the untamed expanses of the midwest prairie filled with both humor and charm pearson skillfully captures the trials and triumphs inherent in frontier residing from the construction of a humble cabin to the demanding situations of cultivating vegetation and navigating the unforgiving elements of nature at its core the narrative unfolds as a testimony to the unwavering love and resilience of a family determined to carve out a brand new lifestyles this undying narrative serves as a poignant tribute to the pioneering spirit that fashioned america pearson s storytelling not simplest encapsulates the tangible struggles of frontier life however additionally illuminates the intangible traits that bind families together inside the face of adversity scholars recognize the cultural significance of this paintings thinking about it an essential contribution to the collective understanding of human civilization the cabin at the prairie stands as a literary testimony to the iconic spirit of folks that forged new paths within the pursuit of a better lifestyles showcasing the indomitable human will to conquer demanding situations and construct a legacy on the full size canvas of the american frontier

The Gardener's Guide to Prairie Plants

2023-04-12

general biology is an introductory level college biology textbook that provides students with an understandable and engaging encounter with the fundamentals of biology written for a two semester undergraduate course of biology majors and presented as a bound set of two distinct volumes this reader friendly textbook s is concept driven vs terminology driven that is the book s are based on the underlying concepts and principles of biology rather than the strict memorization of biological terms and terminology written in a student centered and conversational style this educational research based book s connects students to all aspects of biology from the molecular to the biosphere end of chapter questions challenge students to think critically and creatively while incorporating science process skills and biological principles

The Tallgrass Prairie Reader

2014-06

elemental is the perfect word to describe george olson s watercolor drawings of the plants of the tallgrass prairie delicately precise yet filled with vigor and color they present the prairie in its individual elements and taken as a group that celebrates the hues and textures of tallgrass wildflowers and grasses in its seasonal abundance in the elemental prairie the combination of george olson s luminous drawings and john madson s eloquent essay the running country encourages us to look at the prairie world with newly appreciative eyes for some years olson has focused almost exclusively on the grasses and wildflowers of the north american prairie meticulously reproducing their elemental structures and colors while proving once again that art can both imitate and enhance nature emphasizing their magical loveliness by painting certain species in their winter and summer plumages he reveals the plants stark wintry framework as well as their more glorious warm weather beauty the elemental prairie presents sixty glowing images of tallgrass plants from the familiar purple coneflower and black eyed susan to the less often seen rattlesnake master and compass plant together olson and madson two dedicated prairie restorationists one using images and the other using words create a living prairie in all its brilliance

The Ladies' Repository

1870

the author discusses his discoveries in the search for remaining areas of tallgrass prairie in northeast texas helping readers understand what a prairie is and how to

appreciate its beauty and importance and also increasing the awareness of past and present prairies in an effort to support their overall survival

The Universalist and Ladies' Repository

1870

in the rush of modern life we measure our lives by the clock the calendar the timetable but there are older rhythms in nature the call of chickadees before the first hint of spring the golden face of a compass plant in july the first snowfall these signs mark the passage of time in a world that aldo leopold knew well and eloquently described with notebook and camera in hand john and beth ross revisit the aldo leopold memorial reserve in south central wisconsin fifty years after leopold's death thanks to the efforts of leopold his family and the leopold foundation this once ruined farmland is now largely restored to a natural state the rosses explore the terrain of this sandy land encounter its natural citizens and relate life here to its physical underpinnings following leopold's own practice of phenology they note the seasonal changes arrivals and departures of wild geese the blossoming of the pasque flower at the edge of melting snow the appearance of monarch butterflies on the milkweed and further they seek to find in this landscape an underlying morality a communion of understanding a sense of place in the cosmos beautifully illustrated with color photographs the book also includes notes on the behavior habitat and human interactions with ninety four species of plants birds and other animals found in the reserve an extensive glossary explains terms from geology ecology meteorology and related life and earth sciences

The Long Wind

1872

this work advocates the restoration of the north american tallgrass prairie which is rapidly disappearing historical descriptions of prairie aesthetics are outlined as we are experiencing a worldwide mixing of plant species prairie restoration is particularly important plants alien to north america do not readily support insect populations including all animal species higher on the food chain prairie restoration methods are described for amateurs academics and land managers some of the techniques described are growing crops for seed production times of seed gathering for specific species facile seed processing for amateurs land preparation segregation of seed into its preference for habitat and required seed treatment for germination over 200 species are described that comprise the predominant species found in tallgrass prairie nature preserves as well as degraded prairies some additional plants of especial interest are also described the appendix tabulates all likely species found on prairies regardless of their scarcity safe fire management of prairies is described in detail finally methods of controlling aggressive alien weeds by herbicides are detailed
