For the Love of the Horse 2000-09-05

Horse-Keeping for Amateurs 2013-12

excerpt from how to break ride and drive a horse containing a complete treatise on the horse describing the most useful horses for business and the best horses for the road also giving instructions in breaking riding and driving horses tue horse used for riding commonly called a hack is of a somewhat different description from either the hunter or the race horse neither is the ordinary hack precisely like that called the covert hack many thoroughbred racehorses turn out good hacks and some hunters also are active enough to answer the same purpose but generally speaking this is not the case and neither the one nor the other would come under the description of the perfect back the most obvious distinction in hacks is between park hacks and road hacks the former requiring only a tine form with showy action while the latter are selected for their serviceable qualities and mast be capable of doing a distance in good time with ease to themselves and comfort to their riders tub par back is generally what is called by tho horse dealers a flat catcher that is to say he is a showy horse with an appearance which will catch the eye but really worthless from some deficiency of constitution or infirmity of legs there are every year some scores of useless brutes turned out of the racing stables with legs which will not stand a preparation in consequence of their tendency to inflame and become sore now these horses are often unfit for the hunting field from defective hocks or from some peculiarity of temper which prevents their taking to jump they are often well topped that is well formed about the head neck and body and to the inexperienced eye are very taking they also often have high action and

sometimes particularly so for the higher it is the more likely to occasion inflammation of the legs these animals are put by cooled down and blistered and are then brought out as showy hacks for the use of gentlemen who merely require a short constitutional airing every fine day of an hour or an hour and a half and as fine days do not average above four a week most horses even of the most infirm legs can accomplish that amount of work if ridden quietly over hard ground about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

there can be no better way of getting to know ireland than by visiting its racecourses from the glamour of leopardstown and the class of the curragh to the majestic mountains around killarney from the warm welcome at gowran park and clonmel to the summer holidaymakers meetings and industry days in the winter months at any one of these venues you might catch a glimpse of a future cheltenham gold cup champion or derby winner in action horses for courses guides readers through a typical year in irish racing and highlights the individuality of each venue all have their own special qualities and atmosphere but share two common traits a warm welcome and good sport and that is what the author believes irish racing is all about the country s courses enjoy a huge level of support from the local population it might be raining and some of the races may be ordinary but the stands will always be crowded that is because racing is part of irish culture and the nation s way of life with 27 courses it has proportionately far more venues than great britain meticulously researched and passionately written horses for courses is the definitive guide to ireland s racecourses and is essential reading for horse racing enthusiasts everywhere

How to Break, Ride and Drive a Horse 2015-08-04

horses played a major role in the military economic social and cultural history of early modern england this book uses the supply of horses to parliamentary armies during the english civil war to make two related points firstly it shows how control of resources although vital to success is contingent upon a variety of logistical and political considerations it then demonstrates how competition for resources and construction of individuals identities and allegiances fed into each other resources such as horses did not automatically flow out of areas which were nominally under parliament s control parliament had to construct administrative systems and make them work this was not easy when only a minority of the population actively

supported either side and property rights had to be negotiated so the success of these negotiations was never a foregone conclusion the study also demonstrates how competition for resources and construction of identities fed into each other it argues that allegiance was not a fixed underlying condition but was something external and changeable actions were more important than thoughts and to secure victory both sides needed people to do things rather than feel vaguely sympathetic furthermore identities were not always self fashioned but could be imposed on people against their will making them liable to disarmament sequestration fines or imprisonment more than simply a book about resources and logistics this study poses fundamental questions of identity construction showing how culture and reality influence each other through an exploration of parliament s interaction with local communities and individuals it reveals fascinating intersections between military necessity and issues of gender patriarchy religion bureaucracy nationalism and allegiance

Wild about Horses 2001

thousands of years ago people living on the steppes of central asia realized that horses could transport them long distances help them fight their wars pull their plows and provide them with sport and companionship ever since horses and human history have been intertwined the author illustrator team of jeff crosby and shelley ann jackson celebrates all kinds of horses in this beautifully illustrated fact filled book from fast horses like the barb which traveled to spain from africa in the early eighth century to become a foundation for many spanish and european breeds to war horses like the mongolian that gave their owners military advantage today there are more horses in mongolia than there are people to the hard working horses ranging from the tiny american miniature to the giant clydesdale harness horses bucking broncos pit ponies is a treasure trove of information today there are fifty eight million horses in the world this is the perfect book for those who own or dream of owning a horse who ride or who simply like to read about these magnificent animals and the special relationship they share with humans

Horse-keeping for Amateurs 1800

from philip kerr the new york times bestselling author of the bernie gunther novels comes a breathtaking journey of survival in the dark days of wwii in ukraine a country that remains tumultuous today this inspiring tale captures the power of the human spirit and is perfect for fans of the book thief milkweed and the boy in the striped pajamas it will soon be another cold winter in the ukraine but it s 1941 and things are different this year max the devoted caretaker of an animal preserve must learn to live with the nazis who have overtaken this precious land he must also learn to keep secrets for there is a girl kalinka who is hiding in the park kalinka has lost her home her family her belongings everything but her life still she has gained one small precious gift a relationship with the rare wild and wily przewalski s horses that wander the preserve aside from max these endangered animals are her only friends until a nazi campaign of extermination

nearly wipes them out for good now kalinka must set out on a treacherous journey across the frozen forest to save the only two surviving horses and herself

Harness Horses, Bucking Broncos & Pit Ponies 2011-11-24

richard dunwoody was the most successful steeplechase jockey of his time during his fantastic career he rode over 10 000 times often

partnering the top national hunt horses such as desert orchid and miinnehoma his staggering collection of 1 699 wins in britain has earned him professional respect and a string of accolades including an mbe in this fascinating book dunwoody remembers the great horses he has ridden and the high points of his remarkable career in 1986 he rode to victory in the grand national on west tip and repeated this triumph in 1994 on miinnehoma it was with one man that he won two consecutive king george vi chases although his career was full of memorable partnerships and victories it is for riding desert orchid that dunwoody is best remembered dessie was a hugely popular horse apart from red rum he was the only racehorse with a fan club and the pair rode their way to a remarkable seven victories yet despite his big race victories his determination and ambition remained constant driving him on to even greater achievements in a book full of stories anecdotes and opinions richard tells not only of the glory surrounding his career but also of the hard work involved in achieving that glory the struggle to ensure that both horse and rider were at their peak on race day the pitfalls and the setbacks endured and the quirks and characteristics of some of the finest horses in this tough sport

Remarks on the Condition of Hunters, the Choice Horses, and Their Management ... The Second Edition 1834

escaping from a marriage gone bad and the wreckage of a distinguished career champion hunter rider rusty coulter wants nothing more than to immerse himself in the comforting anonymity of teaching english at a large university in texas and to keep his hand in with horses by helping out part time as manager and bookkeeper at a local stable coulter has achieved a precarious peace of mind when he stumbles upon the battered corpse of the flamboyant chairman of the english department and becomes unwillingly plunged into a maelstrom of deception dishonesty sex and sudden death the detective assigned to the case a retired nypd lieutenant enlists coulter s reluctant help in sorting through the suspects coulter quickly realizes that the serene groves of academe can be just as dangerous as anything he s encountered in the glamorous high stakes world of the east coast show ring and his job at the stable proves no less perilous

The Winter Horses 2014-03-25

this book presents for the first time the complete corpus of equipment for horses excavated by the hasanlu project in the iron ii level at hasanlu tepe iran the equipment is varied extensive and in a context sealed as buildings collapsed during the violent surprise attack and resulting fire that destroyed the town the equipment most still in its primary location ready for active use make it of particular if not unique importance it is also remarkable in the quantity recovered its variety and richness the functional types that could be identified riding draft ceremonial and the amount that could be reconstructed its life context gives new information about equipment and usage not otherwise available and allows suggestions for the layered importance

of the horse as evidenced by the equipment no other book presents equipment for horses in a similar context and quantity because the preservation at hasanlu is unique for this part of the near east in this time period the equipment also provides new insight into space use in hasanlu one of the most important iron age sites in northwest iran findspots yield information about building use and reuse some as stables these and architectural alterations provide unique information regarding changes to the town over time some of which most likely reflect changes in the dynamics of the region

Parasites and Parasitic Diseases of Horses 1930

Horses Never Lie 2000

this practical book helps you interpret and connect the physical signals that horses display in response to their environment these signals are evident in the everyday actions gestures and attitudes that horses communicate to each other but are often so subtle that they can go unnoticed by humans this book aims to rectify that offering horse lovers and equine professionals an opportunity to gain a unique insight into their horse s world key features includes detailed description of language signs of domestic horses with a special emphasis on calming signals includes 275 pictures to visualize various language signs calming signals behaviour sequences and facial features presents communication ladders to show how a horse responds to incentives in his environment and what signals he uses at certain moments contains tips on the use of the communication ladders and calming signals to improve the socialisation training and wellbeing of your horse considers equine psychological stress from an environmental perspective providing a valuable alternative to the current common clinical perspective after reading this book you will be more astute in spotting calming signals displacement activities stress signals and distance increasing signals and better able to see which stimuli your horse can handle and which he cannot this means you will know what to do to calm your horse before his stress rises to an unmanageable level language signs and calming signals of horses is both fascinating and important reading for any equine veterinary practitioner student or nurse as well as horse owners and trainers
