The Crocodile (Annotated with Biography) 2013-11-15 fyodor dostoyevsky s classic story the story opens with the narrator telling the purportedly true tale of his friend ivan matveich who was swallowed alive by a crocodile the narrator ivan matveich and his wife elena ivanovna had all gone to the arcade to see a crocodile that was put on display by a german gentleman after teasing the crocodile ivan matveich was swallowed alive he found the inside of the crocodile to be quite elastic and benign and despite pleas from elena ivanovna to cut open the crocodile the german would not cooperate ivan matveich urged his friend to arrange for the crocodile to be paid for before it was cut open but the crocodile was so expensive that an agreement could not be reached elena ivanovna eventually divorced ivan matveich and he carried on his work as a civil servant as best he could from inside the crocodile

The Standard American Encyclopedia of Arts, Sciences, History, Biography, Geography, Statistics, and General Knowledge 1898 biographies of scientists carry an increasingly prominent role in today s publishing climate traditional historical and sociological accounts of science are complemented by narratives that emphasize the importance of the scientific subject in the production of science not least is the realization that the role of science in culture is much more accessible when presented through the lives of its practitioners taken as a genre such biographies play an important role in the public understanding

of science in recent years there has been an increasing number of monographs and collections about biography in general and literary biography in particular however biographies of scientists engineers and medical doctors have rarely been the topic of scholarly inquiry as such this volume of essays will be welcomed by those interested in the genre of science biography and who wish to re examine its history foundational problems and theoretical implications borrowing approaches and methods from cultural studies and the history philosophy and sociology of science the contributions cover a broad range of subjects periods and locations by presenting such a rich diversity of essays the volume is able to chart the reoccurring conceptual problems and devices that have influenced scientific biographies from classical antiquity to the present day in so doing it provides a compelling overview of the history of the genre suggesting that the different valuations given scientific biography over time have been largely fuelled by vested professional interests

The History and Poetics of Scientific Biography 2013-06-28 it is not surprising that biography is one of the most popular literary genres of our day what is remarkable is that there is no accessible guide for how to write one now following his recent biography a brief history from harvard award winning biographer and teacher nigel hamilton tackles the practicalities of doing biography in this first succinct primer to elucidate the tools of the biographer's craft hamilton invites the reader to join him on a fascinating journey through the art of biographical composition starting with personal motivation he charts the making of a modern biography from the inside from conception to fulfillment he emphasizes the need to know one's audience rehearses the excitement and perils of modern research delves into the secrets of good and great biography and guides the reader through the essential components of life narrative with examples taken from the finest modern biographies hamilton shows how to portray the ages of man birth childhood love life's work the evening of life and death in addition he suggests effective ways to start and close a life story he clarifies the difference between autobiography and memoir and addresses the sometimes awkward

ethical legal and personal consequences of truth telling in modern life writing he concludes with the publication and reception of biography. It's afterlife so to speak written with humor insight and compassion how to do biography is the manual that would be biographers have long been awaiting **The Virginia Magazine of History and Biography** 1896 the most detailed and revealing biography to date of a hollywood great steve mcqueen is that rare hollywood combination of a classic actor and a style icon in the tradition of james dean the king of cool as he was dubbed was at one time the highest paid film star in the world a status earned through his roles in films like the magnificent seven bullitt the thomas crown affair and the great escape but he also turned down at least as many roles in classic films including breakfast at tiffany s butch cassidy and the sundance kid and the french connection this is the first biography to cover in detail every film that mcqueen made and to put him into the context of the movie business showing how he had problems trying to be a method actor where an exact contemporary like clint eastwood thrived at it and how eastwood understood the studio system and made it work for him while an insecure mcqueen struggled with his sense of himself both on and off screen it includes interviews with people who have never spoken about him before and draws upon diaries in the private mcqueen collection

How To Do Biography 2012-10-22 most book reviewers know very little about the history or the art of biography indeed if there is any art in biography it is the rare reviewer that acknowledges it or knows how to discuss it usually the reviewer regards biography as an occasion to wax eloquent about what he or she thinks of the subject little space if any is devoted to the biography s structure or style to the biographer s peculiar problems or to how the biography relates to others about the same subject carl rollyson a professional biographer and weekly columnist on biography for the new york sun explores the ramifications of authorized and unauthorized biographies investigates the relationship between biography and history biography and fiction biography and autobiography as well commenting on certain perennial biographical subjects such as napoleon on sub genres such as

children's biography and on the most recent developments in life writing. Rollyson's aim is to reach not merely scholars but that vast general audience addicted to reading biography, enhancing their pleasure by providing insight or you might say the inside word on how biographies are put together.

Steve McQueen 2011-10-15 the third world was not a place argues vijay prashad it was a project this book is a paradigm shifting history of both a utopian concept and global movement the idea of the third world the darker nations traces the intellectual origins and the political history of the attempt to knit together the world's impoverished countries in opposition to the united states and soviet spheres of influence in the decades following world war ii as nation after nation across asia africa and south america gained political independence from colonial rule traversing continents vijay prashad's fascinating narrative takes us from the birth of postcolonial nations after world war ii to the downfall and corruption of nationalist regimes the darker nations restores to memory the vibrant though flawed idea of the third world whose demise prashad ultimately argues has produced a much impoverished international political arena
