La ciudad del sol

2020

en los bosques del sur de chile dos parejas de adolescentes se encuentran para asumir una gran misión salvar la ciudad del sol un lugar mágico y deslumbrante que está a punto de desaparecer

El sol

1891

the power of eros the enduring beauty of art a love hate nostalgia for his argentine homeland the bonds of friendship and the tragic folly of politics are some of the themes of save twilight informed by his immersion in world literature music art and history and most of his own emotional geography cortazar s poetry traces his paradoxical evolution from provincial argentinean sophisticate to cosmopolitan parisian romantic always maintaining the sense of astonishment of an artist surprised by life

Save Twilight

1997-12

barcelonan okupas squatter power is the first book to combine close readings of the representations of spanish squatters known as okupas with the study of everyday life built environment and city planning in barcelona vilaseca broadens the scope of spanish cultural studies by integrating into it notions of embodied cognition and affect that respond to the city before and against the fixed relations of capitalism social transformation as demonstrated by the okupas is possible when city and art interrelate not through capital or the urbanization of consciousness but through bodily thought the okupas reconfigure the way thoughts words images and bodily responses are linked by evoking and communicating the idea of free exchange and openness through art poetry music performance art the plastic arts graffiti urban art and cinema and by acting out and rehearsing these ideas in the practice of squatting the okupas challenge society to differentiate the images and representations instituted by state domination or capitalist exploitation from the subversive potential of imagination the okupas unify theory and practice word and body in pursuit of a positive social vision that might serve humanity and lead the way out of the current problems caused by capitalism
