1982

books have long been objects of beauty for many centuries and in societies across the world bookmakers have lavished great care on the paper binding materials and illustrations that surround the words on a page as well as on the lettering or type in which those words appear this volume featuring an array of beautiful books from the british library s collection focuses on the sensory experience of holding these objects in your hands each book represents a specific moment in the development of the object from scrolls and bound illuminated manuscripts to paperbacks and formatted digital information the books range from the seventh century to the present and include examples from china japan southeast asia and the middle east as well as europe and north america with separate features on book traditions in africa and oceania expert curators and other specialists explore these books from the perspective of design and manufacturing with original art photographs that zero in on their texture and materials as well as graphics that detail their size number of folios and other specifications offering a wide ranging look at the creation and use of books this volume is itself an object of beauty

## **Intellectual Property and Information Rights for Librarians**

2019-09-03

much of the current library literature assumes that professional library service is necessarily neutral detached from the librarian s philosophical or religious views by contrast contributors to this collection assert that librarianship is best practiced as an outworking of spiritual conviction accordingly they discuss principles for integrating christian faith and librarianship within various contexts and reflect on professional issues from biblical and theological perspectives this text will prove beneficial to christians working in all types of libraries whether religious or secular this compilation of 16 essays is divided into two main parts the first on theory and the second on practice the first part includes chapters such as a rationale for integrating christian faith and librarianship the master we serve the call of the christian librarian to the secular workplace and the impact of the christian faith on library service chapters in the second part include library encounters culture a christian approach to intellectual freedom in libraries and keeping sunday special in the contemporary workplace culture contributors include william fraher abernathy rod badams donald g davis jr john allen delivuk kenneth d gill graham hedges d elizabeth irish james r johnson roger w phillips gregory a smith stanford terhune john b trotti john mark tucker and geoff warren
