Combatting Discrimination Against Women in the Gamer Community

2016-06-20

discrimination in the gamer community is rampant as evidenced by the recent gamergate controversy though females make up 45 percent of all gamers nearly 90 percent of all game designers are male this has resulted in troubling portrayals of women in the games which can leave lasting impressions on young people playing them even more serious is the abuse women face in gamer communities and as professionals in the industry this timely resource will help teens make sense of the issues facing them when they participate in video game culture

Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives

2017-11-08

with complex stories and stunning visuals eliciting intense emotional responses coupled with opportunities for self expression and problem solving video games are a powerful medium to foster empathy critical thinking and creativity in players as these games grow in popularity ambition and technological prowess they become a legitimate art form shedding old attitudes and misconceptions along the way examining the evolution of gaming and its impact on social cultural and political perspectives asks whether videogames have the power to transform a player and his or her beliefs from a sociopolitical perspective unlike traditional forms of storytelling videogames allow users to immerse themselves in new worlds situations and politics this publication surveys the landscape of videogames and analyzes the emergent gaming that shifts the definition and cultural effects of videogames this book is a valuable resource to game designers and developers sociologists students of gaming and researchers in relevant fields

Toxic Geek Masculinity in Media

2020-12-17

this book examines changing representations of masculinity in geek media during a time of transition in which geek has not only gone mainstream but also become a more contested space than ever with continual clashes such as gamergate the rabid and sad puppies attacks on the hugo awards and battles at conventions over fake geek girls anastasia salter and bridget blodgett critique both gendered depictions of geeks including shows like chuck and the big bang theory and aspirational geek heroes ranging from the winchester brothers of supernatural to bbc s sherlock and the varied superheroes of the marvel cinematic universe through this analysis the authors argue that toxic masculinity is deeply embedded in geek culture and that the identity of geek as victimized other must be redefined before geek culture and media can ever become an inclusive space

Games as Texts

2015-09-18

games as texts provides an overview and practical steps for analysing games in terms of their representations of social structures class power race sexuality gender animals nature and ability each chapter applies a traditional literary theory to the narrative and mechanics of games and explores the social commentary the games encourage this approach demonstrates to players researchers games media and non gamers how they can engage with these cultural artefacts through both critical reading and theoretical interpretations key features explores games through various literary and theoretical lenses provides exemplar analysis and guiding questions to help readers think critically about games highlights the social commentary that all texts can reveal including games and how this impacts narrative and mechanics

ECGBL2015-9th European Conference on Games Based Learning

2020-07-15

description cooperative gaming provides context and practical advice regarding diversity in the games industry the book begins with a deep dive into research literature and the history of diversity in the games industry to provide context around what diversity is and why it is a topic worth considering the book looks at the different facets of diversity and games exploring the issues and solutions within game development studio management event planning and more it provides people with practical advice about being a marginalized person in the games industry and how to be heard how studios can support inclusive practices and events can actively become more accessible to a diverse audience key features explores the history of diversity in games provides important information around what it is like to be a marginalized person in the industry gives practical steps to improve the inclusivity of the industry that are designed to aid in contextualizing and upskilling new developers author bios alayna cole is the managing director of queerly represent me a not for profit championing queer representation in games alayna is also a producer at sledgehammer games co chair of the igda lgbtq special interest group and an award winning games journalist and game developer she was featured on the 2016 and 2017 develop pacific 30 under 30 lists and the 2017 and 2019 develop pacific women in games lists and she

has received several other accolades in the industry jessica zammit started writing in 2013 for start select media and for the next five years she followed her interest in writing about representations of mental health diversity and particularly sexuality in video games jessica has been speaking about diversity in games at conventions such as pax australia since 2016 and has been featured on several other discussions in and around the topic of representation in games and games criticism along with her co author she is co chair of the igda lgbtq special interest group and she was featured on the 2018 develop pacific 30 under 30 and women in games lists

Cooperative Gaming

2017-04-04

the greatest trick the videogame industry ever pulled was convincing the world that videogames were games rather than a medium for making metagames elegantly defined as games about games metagames implicate a diverse range of practices that stray outside the boundaries and bend the rules from technical glitches and forbidden strategies to renaissance painting algorithmic trading professional sports and the war on terror in metagaming stephanie boluk and patrick lemieux demonstrate how games always extend beyond the screen and how modders mappers streamers spectators analysts and artists are changing the way we play metagaming uncovers these alternative histories of play by exploring the strange experiences and unexpected effects that emerge in on around and through videogames players puzzle through the problems of perspectival rendering in portal perform clandestine acts of electronic espionage in eve online compete and commentate in korean starcraft and speedrun the legend of zelda in record times with or without the use of vision companies like valve attempt to capture the metagame through international e sports and online marketplaces while the corporate history of super mario bros is undermined by the endless levels of infinite mario the frustrating pranks of asshole mario and even super mario clouds a rom hack exhibited at the whitney museum of american art one of the only books to include original software alongside each chapter metagaming transforms videogames from packaged products into instruments equipment tools and toys for intervening in the sensory and political economies of everyday life and although videogames conflate the creativity criticality and craft of play with the act of consumption we don t simply play videogames we make metagames

Focus On: 100 Most Popular American Video Game Actresses

2018-10-01

contributions by dorian l alexander janine coleman gabriel gianola mel gibson michael goodrum tim hanley vanessa hemovich christina knopf christopher mcgunnigle samira nadkarni ryan north lisa perdigao tara prescott johnson philip smith and maite ucaregui the explosive popularity of san diego s comic con star wars the force awakens and rogue one and netflix s jessica jones and luke cage all signal the tidal change in superhero narratives and mainstreaming of what were once considered niche interests yet just as these areas have become more openly inclusive to an audience beyond heterosexual white men there has also been an intense backlash most famously in 2015 s gamergate controversy when the tension between feminist bloggers misogynistic gamers and internet journalists came to a head the place for gender in superhero narratives now represents a sort of battleground with important changes in the industry at stake these seismic shifts both in the creation of superhero media and in their critical and reader reception need reassessment not only of the role of women in comics but also of how american society conceives of masculinity gender and the superhero narrative launches ten essays that explore the point where social justice meets the justice league ranging from comics such as ms marvel batwoman elegy and bitch planet to video games netflix and cosplay this volume builds a platform for important voices in comics research engaging with controversy and community to provide deeper insight and thus inspire change
