in the confidential u s state department central files iran internal and foreign affairs 1960 january 1963 collected here researchers will find firsthand and in depth reports and analysis on the many challenges faced by iran during a trying period material also provides insight into the complex u s relations not only with iran but also with the entire middle east as washington evaluated the area strategically as both an emerging region and a cold war battleground here also are the documents that tell what the u s state department knew about the repressive nature of the shah s rule and the degree of popular support he enjoyed martial law imposed after mohammad mosaddeq s overthrow in 1953 was maintained until 1957 as the collection details the shah continued to exercise strict political controls even after ending martial law in 1955 iran entered the baghdad pact with britain iraq turkey and pakistan in march 1959 iran signed a bilateral defense agreement with the united states the central files offer insights into the shah s desire for close relations with the united states which resulted in these alliances and into his requests for u s military and economic aid the code of federal regulations is the codification of the general and permanent rules published in the federal register by the executive departments and agencies of the federal government vols for 1970 71 includes manufacturers catalogs this volume the second in a series of three devoted to the chemical warfare service cws in world war ii now the chemical corps covers research development procurement and distribution of chemical warfare materiel it traces the history of these activities from the world war i period when the cws was activated to supervise the offensive and defensive aspects of gas warfare throughout the army until the end of world war ii the first volume in the series organizing for war discusses the development of the cws organization and mission as well as personnel management and military training the third volume entitled chemicals in combat will deal with the chemical warfare activities in the theaters of operations in treating research and development the present volume concentrates on cws projects that proved of greatest significance to the armed forces during world war ii it attempts to point up the problems that arose in course of research and development and to indicate the solutions which the scientists hit upon since research and development in the zone of the interior was closely related to research and development in the theaters of operations the volume covers activities in both areas in contrast to research and development procurement and distribution differed considerably as between the zone of the interior and the theaters of operations in the theaters these activities were closely associated with the commanders combat responsibilities the volume therefore confines itself to a review of procurement and distribution in the zone of the interior leaving narration of theater activities to the volume chemicals in combat the united states code is the official codification of the general and permanent laws of the united states of america the code was first published in 1926 and a new edition of the code has been published every six years since 1934 the 2012 edition of the code incorporates laws enacted through the one hundred twelfth congress second session the last of which was signed by the president on january 15 2013 it does not include laws of the one hundred thirteenth congress first session enacted between january 2 2013 the date it convened and january 15 2013 by statutory authority this edition may be cited u s c 2012 ed as adopted in 1926 the code established prima facie the general and permanent laws of the united states the underlying statutes reprinted in the code remained in effect and controlled over the code in case of any discrepancy in 1947 congress began enacting individual titles of the code into positive law when a title is enacted into positive law the underlying statutes are repealed and the title then becomes legal evidence of the law currently 26 of the 51 titles in the code have been so enacted these are identified in the table of titles near the beginning of each volume the law revision counsel of the house of representatives continues to prepare legislation pursuant to 2 u s c 285b to enact the remainder of the code on a title by title basis into positive law the 2012 edition of the code was prepared and published under the supervision of ralph v seep law revision counsel grateful acknowledgment is made of the contributions by all who helped in this work particularly the staffs of the office of the law revision counsel and the government printing office preface educators have a key pedagogical role in promoting early years outdoor play in natural environments active outdoor play involving risk taking has been linked to positive effects on social health and behaviour and encourages physical activity and motor skill development at the same time it has been recognised that opportunities for children to experience outdoor learning have been reduced in recent decades due to the impacts of technology urbanisation and social change this book brings together renowned authors with research and professional experience in a range of disciplines to provide a comprehensive guide to developing positive and engaging outdoor learning environments in the early years part 1 looks at pedagogy and outdoor environments and considers the value of risk taking and developing a young child s appreciation of the natural world part 2 examines the key principles involved in the design and planning of these spaces such as applying the relevant equipment standards and regulations part 3 explores how educators can develop an understanding of children s own perspectives on outdoor spaces including promoting agency and recognising the importance of private playspaces part 4 examines different cultural perspectives on outdoor play including indigenous approaches while part 5 considers the range of experiences possible beyond purposefully designed spaces from visiting nature reserves to exploring urban environments a much needed and comprehensive resource for pre service teachers and educators of young children that encompasses philosophies

theories pedagogy and practice for purposeful engagement of children in all kinds of outdoor spaces in australia dr kumara ward director of academic program early childhood education western sydney university this seminal work will provide a shared language and framework for educators policy developers community builders and researchers in exploring the justifications for engaging children in well considered outdoor learning places and spaces leanne grogan school of education outdoor and environmental studies la trobe university inspired and led by sporting magnate albert goodwill spalding two teams of baseball players circled the globe for six months in 1888 1889 competing in such far away destinations as australia sri lanka and egypt these players however represented much more than mere pleasure seekers in this lively narrative zeiler explores the ways in which the spalding world baseball tour drew on elements of cultural diplomacy to inject american values and power into the international arena through his chronicle of baseball history games and experiences zeiler explores expressions of imperial dreams through globalization s instruments of free enterprise webs of modern communication and transport cultural ordering of races and societies and a strident nationalism that galvanized notions of american uniqueness spalding linked baseball to a u s presence overseas viewing the world as a market ripe for the infusion of american ideas products and energy through globalization during the gilded age he and other americans penetrated the globe and laid the foundation for an empire formally acquired just a decade after their tour a brief summary of financial proposals filed with and actions by the s e c lew ayres 1908 1996 became known to the public when he portrayed the leading character in the epic war film all quiet on the western front the role made him a household name introduced him to his closest friends brought him to the attention of his first two wives and would overshadow the rest of his career to be a movie star was his first and only ambition as a child but once he found success he was never fully satisfied in his choice of profession although lacking a formal education ayres spent the rest of his life pursuing dozens of intellectual studies interests and hobbies he even considered ending his acting career after just a few years to pursue a more respectable and fulfilling path as a director ayres was given not one but two comeback opportunities in his acting career in 1938 and 1945 he was cast in the film series dr kildare where he showed his abilities in comedy and his unique strength at bringing a level of sincerity to even the most outlandish or idealist character but he was willing to give up his star status in order to follow his moral compass first as a conscientious objector and ultimately as a noncombat medic during world war ii to everyone s surprise he was welcomed back to hollywood with open arms and new opportunities despite his objector status biographer lesley l coffin presents the story of a man of quiet dignity constantly searching for the right way to live his life and torn between the public world of hollywood and secluded life of spiritual introspection the global economy is characterized by increasing locational competition to attract the resources necessary to develop leading edge technologies as drivers of regional and national growth one means of facilitating such growth and improving national competitiveness is to improve the operation of the national innovation system this involves national technology development and innovation programs designed to support research on new technologies enhance the commercial return on national research and facilitate the production of globally competitive products understanding the policies that other nations are pursuing to become more innovative and to what effect is essential to understanding how the nature and terms of economic competition are shifting building the 21st century u s china cooperation on science technology and innovation studies selected foreign innovation programs and comparing them with major u s programs this analysis of comparative innovation policy includes a review of the goals concept structure operation funding levels and evaluation of foreign programs designed to advance the innovation capacity of national economies and enhance their international competitiveness this analysis focuses on key areas of future growth such as renewable energy among others to generate case specific recommendations where appropriate
