shows through exercises stories anecdotes and metaphors how to focus attention on the body s awareness of the present moment moving away from preconceived ideas improvisations move through fear boredom laziness and distraction to a sustained awareness of creative options shakespeare s plays continue to be circulated on a massive scale in a variety of guises as editions performances and adaptations and it is by means of such mediation that we come to know his drama shakespeare and the problem of adaptation addresses fundamental questions about this process of mediation making use of the fraught category of adaptation to explore how we currently understand the shakespearean work to adapt implies there exists something to alter but what constitutes the category of the play and how does it relate to adaptation how do play and adaptation relate to drama s twin media text and performance what impact might answers to these questions have on current editorial performance and adaptation studies margaret jane kidnie argues that play and adaptation are provisional categories mutually dependent processes that evolve over time in accordance with the needs of users this theoretical argument about the identity of works and the nature of text and performance is pursued in relation to diverse examples including theatrical productions by the royal shakespeare company the bbc s shakespeare told the reduced shakespeare company and recent print editions of the complete works these new readings build up a persuasive picture of the cultural and intellectual processes that determine how the authentically shakespearean is distinguished from the fraudulent and adaptive adaptation thus emerges as the conceptually necessary but culturally problematic category that results from partial or occasional failures to recognize a shifting work in its textual theatrical instance as an actor awareness of your movement is the key to transformation by making deliberate physical choices you can fully and articulately embody different ways of being you can come someone or something else laban s efforts give you a way of identifying and making these choices working with them helps the actor to create wholly present and physically ambitious performances this book outlines ewan s practical process which allows the actor to understand their own movement and that of others by exploring one key part of laban s work the efforts of action drive this complete stage by stage working process has been developed through more than thirty years of work with actors in the studio clear instructions for practical exercises are woven throughout the book as well as exciting ways to apply the work in rehearsal performance and on set this allows the actor to learn and apply laban s efforts for themselves full video and audio resources allow the reader to experience the practical work in action vanessa ewan s work with laban and the efforts as you will find in this inspired book provides performers with an incredibly fertile foundation from which to create she has found an astoundingly practical way of applying laban s work to the quest of being a fully embodied actor you will find tools in this book that will open door after door to your own creativity and awaken you to the endless possibility of what you can create on stage and on screen andrew garfield actor theatre is at its best when it is disobedient when it argues back to society but what enables it to achieve this impact what makes it a force to be reckoned with what are the principles and the tools of the trade that shape it to be effective powerful and resonant drawing from both theory and practice and informed by conversations with recognized practitioners from across the uk this book provides answers and makes an impassioned call for artists to reimagine question and disrupt divided into two parts in the world and in the room the book presents a rounded picture of the possibilities of a disobedient culture and includes many games and exercises for creative practitioners in part one the author offers a lexicon defining the spirit and impulse which characterises disobedient theatre he describes the

principles the strategies and the voice of the artist before suggesting ways to survive as a creative practitioner part two illustrates how these principles may be worked out in practice when creating new work with the hands on approaches supplemented by games and exercises to assist in generating material disobedient theatre is for all those who have an interest in what makes theatre powerful disturbing or even life changing it is a book for artists thinkers activists and all who believe in the function of art to offer new possibilities and to change and inform the evolution of society for applied theatre to work it must be passionate it must be in constant flux and defy any single definition or practice constantly developing with each project applied challenging stagnancy and predictable outcomes each chapter of this book presents a single day of the twenty day training which ruth zaporah developed into action theater her investigation into the life reflecting process of improvisation this book shows through exercises stories anecdotes and metaphors how to focus attention on the body s awareness of the present moment moving away from preconceived ideas improvisations move through fear boredom laziness and distraction to a sustained awareness of creative options this book is an anthropological study of play acting acting on the stage is seen as an example of social action in general the focus is on the playing of shakespeare and on the players use of and reflections upon time space plot and acting in her new book kirsten hastrup aims at a renewed understanding of action and motivation within any social setting by listening to such experts of action as the players of shakespeare we achieve a comprehensive reappraisal of current notions of human agency in the process we are offered a set of methodological tools and analytical concepts that may enrich future anthropological analysis of individual actions in their social context the work is an unprecedented approach to action and acting for anthropologists and other social or cultural scientists hastrup offers a fresh perspective on performance and on the construction of the analytical object for theatre historians and dramatists the combination of detailed ethnographic analysis if the city is the theatre of urban life how does architecture act in its many performances this book reconstructs the spatial experiments of art et action a theatre troupe active in 1920s paris and how their designs for theater buildings show how the performance spaces interacted with actors and spectators according to their type culture is not simply an explanation of last resort but is itself a rich multifaceted and contested concept and set of practices that needs to be expanded appreciated and applied in fresh ways if it is to be both valued in itself and to be of use in practical development this innovative book places culture specifically in the form of the arts back at the centre of debates in development studies by introducing new ways of conceptualizing art in relation to development the book shows how the arts and development are related in very practical ways as means to achieve development goals through visual dramatic filmic and craft inspired ways it advocates not so much culture and development but rather for the development of culture without a cultural content to economic and social transformation the problems found in much development up rooting of cultures loss of art forms languages and modes of expression and performance may only accelerate paying attention to the development of the arts as the content of development helps to amend this culturally destructive process finally the book argues for the value of the arts in attaining sustainable cultures promoting poverty alleviation encouraging self empowerment stimulating creativity and the social imagination which in turn flow back into wider processes of social transformation discussion
