The SAGE Handbook of Research in International Education

2015-10-13

the landscape of international education has changed significantly in the last ten years and our understanding of concepts such as international global and multicultural are being re evaluated fully updated and revised and now including new contributions from research in south east asia the middle east china japan australasia and north america the new edition of this handbook analyses the origins interpretations and contributions of international education and explores key contemporary developments including internationalism in the context of teaching and learning leadership standards and quality in institutions and systems of education the promotion of internationalism in national systems this important collection of research is an essential resource for anyone involved in the practice and academic study of international education including researchers and teachers in universities governmental and private curriculum development agencies examination authorities administrators and teachers in schools

Practising Virtue

2015-11-12

international arbitration has developed into a global system of adjudication dealing with disputes arising from a variety of legal relationships between states between private commercial actors and between private and public entities it operates to a large extent according to its own rules and dynamics a transnational justice system rather independent of domestic and international law in response to its growing importance and use by disputing parties international arbitration has become increasingly institutionalized professionalized and judicialized at the same time it has gained significance beyond specific disputes and indeed contributes to the shaping of law arbitrators have therefore become not only adjudicators but transnational lawmakers this has raised concerns over the legitimacy of international arbitration practising virtue looks at international arbitration from the inside with an emphasis on its transnational character instead of concentrating on the national and international law governing international arbitration it focuses on those who practise international arbitration

in order to understand how it actually works what its sources of authority are and what demands of legitimacy it must meet putting those who practise arbitration into the centre of the system of international arbitration allows us to appreciate the way in which they contribute to the development of the law they apply this book invites eminent arbitrators to reflect on the actual practice of international arbitration and its contribution to the transnational justice system

Food Regulation and Criminal Justice

2017-06-09

this issue is the first milestone on the way to the xxth aidp world congress dedicated to criminal justice and corporate business it brings together key proceedings of the international colloquium on food regulation and criminal justice organised by the chinese group of the aidp in beijing on september 23rd 26th 2016 the volume contains the resolutions adopted in beijing the general report four transversal articles and several national reports it offers a broad overview of the main challenges raised by contemporary food regulation as well as various responses provided by criminal law around the globe the contributions deal with issues concerning food security food safety and food fraud they pay particular attention to the international dimension the interaction with administrative enforcement mechanisms and the increasing relevance of self regulation

Market Manipulation and Insider Trading

2019-09-19

the european union regime for fighting market manipulation and insider trading commonly referred to as market abuse was significantly reshuffled in the wake of the financial crisis of 2007 2008 and new legal instruments to fight market abuse were eventually adopted in 2014 in this monograph the authors identify the association between the financial crisis and market abuse critically consider the legislative policy and enforcement responses in the european union and contrast them with the approaches adopted by the united states of america and the united kingdom respectively the aftermath of the financial crisis ongoing security concerns and increased legislation and policy responses to the fight against irregularities and market failures demonstrate that we need to understand in context the regulatory responses taken in this area specifically the book investigates how the regulatory responses have changed over time since the start of the financial crisis market manipulation and insider trading places the fight against market abuse in the broader framework of the fight against white collar crime and also considers some associated questions in order to better understand the contemporary market abuse regime

Unapproved Routes

2016-08-18

the delineation and emergence of the irish border radically reshaped political and social realities across the entire island of ireland for those who lived in close quarters with the border partition was also an intimate and personal occurrence profoundly implicated in everyday lives otherwise mundane activities such as shopping visiting family or travelling to church were often complicated by customs restrictions security policies and even questions of nationhood and identity the border became an interface not just of two jurisdictions but also between the public political space of state territory and the private familiar spaces of daily life the effects of political disunity were combined and intertwined with a degree of unity of everyday social life that persisted and in some ways even flourished across if not always within the boundaries of both states on the border the state was visible to an uncommon degree as uniformed agents road blocks and built environment at precisely the same point as its limitations were uniquely exposed for those whose worlds continued to transcend the border

sovereign debt is necessary for the functioning of many modern states yet its impact on human rights is underexplored in academic literature this volume provides the reader with a step by step analysis of the debt phenomenon and how it affects human rights beginning by setting out the historical political and economic context of sovereign debt the book goes on to address the human rights dimension of the policies and activities of the three types of sovereign lenders international financial institutions ifis sovereigns and private lenders bantekas and lumina along with a team of global experts establish the link between debt and the manner in which the accumulation of sovereign debt violates human rights examining some of the conditions imposed by structural adjustment programs on debtor states with a view to servicing their debt they outline how such conditions have been shown to exacerbate the debt itself at the expense of economic sovereignty concluding that such measures worsen the borrower s economic situation and are injurious to the entrenched rights of peoples

INTERMEDIATE I YEAR PHYSICS(English Medium) TEST PAPERS

2014-11-19

labour and social security law studies have addressed the topic of the decline of the standard employment relationship mainly from the point of view of the growing number of atypical relationships only a limited number of studies have examined the issue from the perspective of the differentiation between core and contingent work such an examination is necessary as the increase in contingent work leads to complicated legal questions which vary between european states depending on the type of

contingent arrangements that have become most prevalent this book analyses using a comparative approach these different types of contingency from a national and eu perspective touching on the work relationship from a labour as well as a social security point of view the aim of the book is to identify and analyse those questions adopting an innovative approach and to put forward proposals for safeguarding social cohesion within undertakings and european society

International Law

2018-12-13

health and elite sport is the first book to critically examine the relationship between participation in high performance sport and health outcomes drawing on theory and empirical data from a wide range of disciplines including sociology developmental psychology epidemiology and physical education the book explores the benefits and detriments of participation in elite sport for both individuals athletes coaches spectators and communities written by a team of leading international sport researchers the book examines key issues including talent identification and young athletes abuse in sport positive youth development through sport athlete health in periods of transition health sport and the family health in professional sport the olympics paralympics and public health long term effects of participation in elite sport highlighting the connections and contradictions between high performance sport and health the book also discusses the clear and important implications for our socio cultural political and developmental understanding of sport health and elite sport is fascinating and important reading for all students and researchers with an interest in youth sport sports development sport policy sports coaching exercise and health physical education the sociology of sport or the sociology of health

Internationalized Armed Conflicts in International Law

2018-07-19

international economic law with its traditional focus on large multinational enterprises is only slowly waking up to the new reality of small and medium sized enterprises smes entering the global marketplace in the wake of the digital revolution smaller companies now play an important role in the global economic landscape in 2015 the un expressly called for smes to have greater access to international trade and investment and it is increasingly recognized that the integration of smes provides one of the keys to creating a more sustainable and inclusive global economy as smes increasingly permeate transnational supply chains so interactions between these companies and international economic law and policy proliferate small and medium sized enterprises in international economic law offers the first comprehensive analysis of the interaction between smes and international economic law this book presents a broad international perspective gathering together contributions by leading experts from academia legal practice and international organizations it opens up a field of enquiry into this so far unexplored dynamic and provide a touchstone for future debate the analysis covers a broad spectrum of international trade and investment law focusing on issues of particular interest to smes such as trade in services government procurement and trade facilitation diverse perspectives illuminate regional developments in particular within the eu and the

implications of mega regional free trade agreements the essays also examine questions of legitimacy of global economic governance in particular concerns surrounding the threat posed to the interests of domestic smes by the growing liberalization of international trade and investment these essays constitute essential reading for practitioners and academics seeking to navigate a previously neglected trend in international economic law

Core and Contingent Work in the European Union

2017-02-23

in 2012 at the height of the sovereign debt crisis european decision makers pushed for developing an ever closer union with the formation of a european banking union bu although it provoked widespread debate to date there has been no coherent discussion of the political and constitutional dimensions of the european banking union this important new publication fills this gap drawing on the expertise of recognised experts in the field it explores banking union from legal economic and political perspectives it takes a four part approach firstly it sets the scene by examining the constitutional foundations of banking union then in parts 2 and 3 it looks at the implications of banking union for european integration and for democracy finally it asks whether banking union might be more usefully regarded as a trade off between integration and democracy this is an important timely and authoritative collection

Health and Elite Sport

2014-10-17

some parts of this publication are open access available under the terms of a cc by nc nd 4 0 international licence chapters 2 4 10 47 and 49 are offered as a free pdf download from oup and selected open access locations the international criminal

court is a controversial and important body within international law one that is significantly growing in importance particularly as other international criminal tribunals close down after a decade of court practice this book takes stock of the activities of the international criminal court identifying the key issues in need of re thinking or potential reform it provides a systematic and in depth thematic account of the law and practice of the court including its changes context the challenges it faces and its overall contribution to international criminal law the book is written by over forty leading practitioners and scholars from both inside and outside the court they provide an unparalleled insight into the court as an institution its jurisprudence the impact of its activities and its future development the work addresses the ways in which the practice of the international criminal court has emerged and identifies ways in which this practice could be refined or improved in future cases the book is organised along six key themes i the context of international criminal court investigations and prosecutions ii the relationship of the court to domestic jurisdictions iii prosecutorial policy and practice iv the applicable law v fairness and expeditiousness of proceedings and vi its impact and lessons learned it shows the ways in which the court has offered fresh perspectives on the theorization and conception of crimes charges and individual criminal responsibility it examines the procedural framework of the court including the functioning of different stages of proceedings the court s decisions have significant repercussions on domestic law criminal theory and the law of other international courts and tribunals in this context the book assesses the extent to which specific approaches and assumptions both positive and negative regarding the potential impact of the court are in need of re thinking this book will be essential reading for practitioners scholars and students of international criminal law
