Parallel Image Analysis And Processing 2012-12-06 1 1 background there are many paradigmatic statements in the literature claiming that this is the decade of parallel computation a great deal of research is being de voted to developing architectures and algorithms for parallel machines with thousands or even millions of processors such massively parallel computers have been made feasible by advances in vlsi very large scale integration technology in fact a number of computers

having over one thousand pro cessors are commercially available furthermore it is reasonable to expect that as vlsi technology continues to improve massively parallel computers will become increasingly affordable and common however despite the significant progress made in the field many funda mental issues still remain unresolved one of the most significant of these is the issue of a general purpose parallel architecture there is currently a huge variety of parallel architectures that are either being built or proposed the problem is whether a single parallel computer can perform efficiently on all computing applications

Advances in Electronics and Electron Physics 2003-06-20 john o halloran was a country boy from tamworth nsw who was called up for national service not long after the start of the vietnam war as a tough and determined 21 year old he guided 6 rar s b company 5 platoon through some of the biggest conflicts of the war including operation hobart and the battle of long tan but he faced his hardest military challenge at operation bribie leading a fixed bayonet charge against a deadly viet cong jungle stronghold the platoon commander is an unmissable and devastating first hand account of the realities and brutalities of war and especially this war fought in jungles not trenches which would go on to bitterly divide australians o halloran s sense of duty and strong character carried

him and his men through fierce battles and uncertainty his sense of humour kept him going through the years afterwards his indomitable spirit inspired the men of 5 platoon to fight against the odds to achieve the mission no matter how treacherous and even away from the action and in the many years since o halloran kept the respect of his men now regarded by many of his peers as a national treasure john patrick joseph o halloran has been quoted in almost every important book written about australia s involvement in the vietnam war yet has never told his own remarkable story until now
