animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs the animeo knx rts module 433 mhz is a game changer in smart shading and lighting control with wind direction measurement it optimizes sun protection by adjusting blinds based on wind direction daylight management ensures efficient lighting control for energy savings and enhanced viewing comfort animeo knx multi faceted façade management through intelligent sun protection controlling contents about somfy founded in 1960 in cluses france somfy has invented designed and created controls and motors for openings and closures in residential and commercial buildings using high tech motorisation and automation systems our flexible range of animeo solutions can be both stand alone with our proprietary protocols and open protocol such as knx we can naturally integrate all solutions to communicate with building management systems bms for example through our bms interface for bacnet animeo knx guarantees optimum lighting management glare protection and better viewing comfort this saves energy spent on artificial lighting and improves the visual solutions for building control the animeo knx master control w2 w8 v 3 0 is a building control ler which enables a zone based shadow management of 16 or more façade areas for a selection of 19 different types of blinds the animeo knx rs485 motor controller wm is a cutting edge somfy product that empowers efficient motor control it enables the precise management of up to 18 motors whether you choose to operate them individually or in user defined groups animeo knx is a flexible open system designed to provide more complex control and integration of shades and blinds with other building control systems using the knx bus the animeo knx range has been developed to effectively manage solar shading by regulating light temperature fluctuations and improving air quality in the building animeo knx garandeert een optimaal lichtmanagement bescherming tegen verblinding en meer visueel comfort dit beperkt het gebruik van kunstverlichting en verbetert de lichtomstandigheden in de ruimte dynamic façade management with animeo knx eib builds on the international standard for building management systems lighting air conditioning heating security etc and is completely compatible with other knx eib devices introduction the knx 4 dc e motor controller wm 220 230 v ac is for controlling motors in the concept 25 motor series 24 v dc it is suited for the control ling of up to four

individually parameterable motors for venetian blinds or roller blinds sistema de gestión de fachada adaptable y compatible con los estándares knx sin limitación de zonas controlador de motor multifuncional para controlar todo tipo de protecciones de ventana los interruptores conectados por cable a la red local y los mandos a distancia rts de somfy pueden integrarse en el bus knx mediante entradas binarias somfy s animeo range provides flexible and scalable solutions for the automation of solar shadings we offer market leading building controls and motors together with our unique service capabilities they make us your ideal partner in every phase of the project without any additional wiring investment 4 motors can be controlled individually or in a group by radio using the somfy rts technology through the animeo knx rts radio receiver ref 1 860 191 signals can be linked to the knx bus animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs knx rts receiver somfy continues to improve the performance of façades by developing new intelligent controls for solar shading the latest product extends the complete animeo knx solution offering a high functional level for occupants facility managers and system integrators easy and quick commissioning in combination with the animeo ib touchbuilding controller spring connectors and tension relief with cable ties for safer and quicker installation status feedback through leds easily accessible safety fuses per output

## **animeo knx building controls system somfy projects**

May 20 2024

animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs

### **animeo knx somfysystems com**

Apr 19 2024

animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs

### **animeo knx somfy**

Mar 18 2024

animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs

### **animeo knx rts receiver 433 mhz somfy**

Feb 17 2024

the animeo knx rts module 433 mhz is a game changer in smart shading and lighting control with wind direction measurement it optimizes sun protection by adjusting blinds based on wind direction daylight management ensures efficient lighting control for energy savings and enhanced viewing comfort

### **animeo knx somfy**

Jan 16 2024

animeo knx multi faceted façade management through intelligent sun protection controlling contents about somfy founded in 1960 in cluses france somfy has invented designed and created controls and motors for openings and closures in residential and commercial buildings using high tech motorisation and automation systems

## **building controls smart buildings somfy projects**

Dec 15 2023

our flexible range of animeo solutions can be both stand alone with our proprietary protocols and open protocol such as knx we can naturally integrate all solutions to communicate with building management systems bms for example through our bms interface for bacnet

### ***animeo somfypro***

Nov 14 2023

animeo knx guarantees optimum lighting management glare protection and better viewing comfort this saves energy spent on artificial lighting and improves the visual

### **knx master control w2 w8 v 3 somfy**

Oct 13 2023

solutions for building control the animeo knx master control w2 w8 v 3 0 is a building control ler which enables a zone based shadow management of 16 or more façade areas for a selection of 19 different types of blinds

### **animeo knx rs485 motor controller wm somfy**

Sep 12 2023

the animeo knx rs485 motor controller wm is a cutting edge somfy product that empowers efficient motor control it enables the precise management of up to 18 motors whether you choose to operate them individually or in user defined groups

### ***somfy s animeo knx is a flexible open system for complex***

Aug 11 2023

animeo knx is a flexible open system designed to provide more complex control and integration of shades and blinds with other building control systems using the knx bus the animeo knx range has been developed to effectively manage solar shading by regulating light temperature fluctuations and improving air quality in the building

## ***animeo knx gebouwbeheersysteem somfy projecten***

Jul 10 2023

animeo knx garandeert een optimaal lichtmanagement bescherming tegen verblinding en meer visueel comfort dit beperkt het gebruik van kunstverlichting en verbetert de lichtomstandigheden in de ruimte

## **knx eib somfy**

Jun 09 2023

dynamic façade management with animeo knx eib builds on the international standard for building management systems lighting air conditioning heating security etc and is completely compatible with other knx eib devices

## **animeo knx 4 dc e motor controller wm 220 230 v ac**

May 08 2023

introduction the knx 4 dc e motor controller wm 220 230 v ac is for controlling motors in the concept 25 motor series 24 v dc it is suited for the control ling of up to four individually parameterable motors for venetian blinds or roller blinds

## **animeo knx sistema de inmótica proyectos somfy**

Apr 07 2023

sistema de gestión de fachada adaptable y compatible con los estándares knx sin limitación de zonas controlador de motor multifuncional para controlar todo tipo de protecciones de ventana los interruptores conectados por cable a la red local y los mandos a distancia rts de somfy pueden integrarse en el bus knx mediante entradas binarias

## **downloads building controls guide somfy projects**

Mar 06 2023

somfy s animeo range provides flexible and scalable solutions for the automation of solar shadings we offer market leading building controls and motors together with our unique service capabilities they make us your ideal partner in every phase of the project

## **animeo knx 4ac motor controller 1860114 somfy**

Feb 05 2023

without any additional wiring investment 4 motors can be controlled individually or in a group by radio using the somfy rts technology through the animeo knx rts radio receiver ref 1 860 191 signals can be linked to the knx bus

## **animeo knx somfy**

Jan 04 2023

animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs

## **animeo knx somfyprojects me**

Dec 03 2022

animeo knx adaptable façade management system compatible with knx standards no zone limitation multifunctional motor controller to control all types of blinds and window coverings local wired switches and somfy rts remote controls can be integrated into the knx bus using binary inputs

## ***homepage smart buildings projects somfy projects***

Nov 02 2022

knx rts receiver somfy continues to improve the performance of façades by developing new intelligent controls for solar shading the latest product extends the complete animeo knx solution offering a high functional level for occupants facility managers and system integrators

## **animeo ib 4ac motor controller wm 100 120 vac somfy**

Oct 01 2022

easy and quick commissioning in combination with the animeo ib touchbuilding controller spring connectors and tension relief with cable ties for safer and quicker installation status feedback through leds easily accessible safety fuses per output
