Technical Report/research Paper

1963

supporting research writing explores the range of services designed to facilitate academic writing and publication in english by non native english speaking nnes authors it analyses the realities of offering services such as education translation editing and writing and then considers the challenges and benefits that result when these boundaries are consciously blurred it thus provides an opportunity for readers to reflect on their professional roles and the services that will best serve their clients needs a recurring theme is therefore the interaction between language professional and client author the book offers insights into the opportunities and challenges presented by considering

ourselves first and foremost as writing support professionals differing in our primary approach through teaching translating editing writing or a combination of those but with a common goal this view has major consequences for the training of professionals who support english language publication by nnes academics and scientists supporting research writing will therefore be a stimulus to professional development for those who support english language publication in real life contexts and an important resource for those entering the profession takes a holistic approach to writing support and reveals how it is best conceived as a spectrum of overlapping and interrelated professional activities stresses the importance of understanding the real world needs of authors in their quest to publish provides insights into the approaches used by experienced practitioners across europe

Research Paper INT.

1983

this volume continues the publication of professor elton s collected papers on topics in the history of tudor and stuart england all appeared between 1973 and 1981 as before they are reprinted exactly as originally published with corrections and additions in footnotes they include the author s four presidential addresses to the royal historical society and bring together his preliminary findings in the history of parliament and its records several of them which appeared in various collections and festschriften have been difficult to find and some are taken from locations in germany and the united states unfamiliar to english readers the eight lengthy reviews here republished examine some of the major questions in the history of the age and throw light on the principles of investigation which underlie the author s own research

Research papers

1978

in 1997 the u s environmental protection agency epa established regulatory standards to address health risks posed by inhaling tiny particles from smoke vehicle exhaust and other sources at the same time congress and the epa began a multimillion dollar research effort to better understand the sources of these airborne particles the levels of exposure to people and the ways that these particles cause disease to provide independent guidance to the epa congress asked the national research council to study the relevant issues the result was a series of four reports on the particulate matter research program the first two books offered a conceptual framework for a national research program identified the 10 most critical research needs and described the recommended timing and estimated costs of such research the third volume began the task of assessing initial progress made in implementing the research program this the fourth and final volume gauged research progress made over a 5 year period on each of the 10 research topics the national research council concludes that particulate matter research has led to a better understanding of the health effects caused by tiny airborne particles however the epa in concert with other agencies should continue research to reduce further uncertainties and inform long term decisions
