too often indigenous peoples have been portrayed as being without a future destined either to disappear or assimilate into settler society this book asserts quite the opposite indigenous peoples are not in any sense out of time in our contemporary world shaping the future on haida gwaii shows how indigenous peoples in canada not only continue to have a future but are at work building many different futures for themselves and for their non indigenous neighbours through the experiences of the haida first nation this book explores these possible futures in detail demonstrating how haida ways of thinking about time mobility and political leadership are at the heart of contemporary strategies for addressing the dilemmas that come with life under settler colonialism

Shaping the Future on Haida Gwaii

2020-12-01

is it possible that the woman who raised abraham lincoln was actually his half sister and that the man he knew as his grandfather had conducted a scandalous affair with a servant girl was nancy dude really a murderous witch or the victim of relentless calamities that would stretch anyone beyond the bounds of sanity should horace kephart be considered a hero for his work to protect the area of the great smokies where a mountain was named in his honor or a drunken scoundrel who uprooted families from the homes and farms they d had for generations from sam houston s childhood among the cherokee to the mysterious road to nowhere great smokies myths and legends makes history fun and pulls back the curtain on some of this national park s most fascinating and compelling stories

Great Smokies Myths and Legends

2007-01-01

this study documents the results to which the world bank s multi country aids program map financing in africa has contributed over the last five years what has the map achieved it uses extensive and detailed data from surveys and national hiv and aids programs from 30 map countries that are not usually publicly available or captured in routine world bank reporting systems it introduces a new results scorecard and framework for better measuring and reporting on results of bank financed hiv aids programs in africa in the future the book shows that the map has dramatically increased access to hiv prevention care and treatment across africa map funding has supported children orphaned by aids prevented mother to child transmission helped countries build capacity for scaled up more effective national responses to hiv and aids including providing treatment regional programs are addressing cross border issues and countries are sharing knowledge and experiences a unique feature of the map is its emphasis on channeling money to communities grass roots initiatives civil society organizations and ngos ten fifteen personal stories from people and groups in uganda ethiopia and rwanda offer powerful examples of how the map has improved health and lives reduced stigma and given new hope to people infected and affected by hiv across the continent

la refundición de la norma concursal con ese cometido armonizador y sobre todo aclaratorio y sistematizador ha ido en no pocos ámbitos más allá de lo previsto y quizá permitido dejemos ahora al margen lo que fue lo que pudo ser y centrémonos en lo que es un es sin duda efímero al máximo la transposición de la directiva de 2019 sobre reestructuración llama ya a la puerta una puerta que supone un nuevo texto concursal diametralmente opuesto y sobre basamentos muy dispares a las premisas del refundido en mayo de 2020 así se legisla así legislamos no entremos a valorar ni a medir porque los parámetros de esta mensurabilidad no serían quizá absolutamente objetivos una norma descomunal en su extensión y que curiosamente parece en no pocas áreas discurrir o fluir si se nos permite por cauces bien distintos a lo que hoy es la realidad práctica lo que viene el futuro texto concursal que en julio ha sido presentado ya un anteproyecto revolucionará y cambiará aún más este marco tiempo al tiempo mientras la masa pasiva del concurso de acreedores alcanza su cuarta edición hemos querido entrelazar lo nuevo con lo viejo adaptando suprimiendo creando ex novo pero sin perder el peso de la historia de la masa pasiva desde 2003 y desde la primera edición de esta obra hemos resaltado lo nuevo destacado los cambios y lo hemos hecho desde una amable convivencia entre tan diferentes odres y una colosal y exuberante jurisprudencia que sin duda ha ido aquilatando corrigiendo abriendo y ensanchando horizontes a una doctrina cada vez más numerosa pero que en 2003 no lo era tanto el interés por el derecho de insolvencia ha sido increíble como antes lo fue por el gobierno corporativo y ahora lo es por la inteligencia artificial y el derecho pero más allá de modas y modismos del estudio y del lenguaje la riqueza y la pluralidad vertical y transversal del derecho concursal es simplemente absoluta la cuadratura de un círculo oscilante y vibrante en todo momento

La masa pasiva del concurso de acreedores

this book analyzes the initial engagement with hollywood by key latin american writers and intellectuals during the first few decades of the 20th century the film metropolis presented an ambiguous multivalent sign for established figures like horacio quiroga alejo carpentier and mário de andrade as well as less renowned writers like the mexican carlos noriega hope the chilean vera zouroff and the cuban guillermo villarronda hollywood s arrival on the scene placed such writers in a bind as many felt compelled to emulate the artistry of a medium dominated by a nation posing a symbolic affront to latin american cultural and linguistic autonomy as well as the region s geopolitical sovereignty the film industry thus occupied a crucial site of conflict and reconciliation between aesthetics and politics
