500 47 this book includes empirical contributions focusing on disadvantaged workers according to the european commission s definition disadvantaged workers include categories of workers with difficulties entering the labour market without assistance and hence requiring the application of public measures aimed at improving their employment opportunities in addition to the labour market perspective this is also relevant in terms of social cohesion which is one of the central objectives of the european union and of its member states this work deals with the most relevant groups of disadvantaged workers namely disabled workers young workers women living in depressed areas migrants in the labour market and the long term unemployed and analyses the situation in the italian spanish and some african labour markets the determinants of disadvantage in the labour market are investigated highlighting both the role of supply variables including structural factors and the weakness on the demand side the role of the economic crisis and the ineffectiveness of some labour policies a complex framework emerges in which disadvantaged groups may share common problems both in terms of integration into the labour market and in terms of working conditions but often require group specific policies taking into account their intergroup heterogeneity il volume esamina i rapporti di lavoro non contrattuali schiavitù e servaggio che a lungo contraddistinsero l economia europea sia pure con andamenti assai diversi nelle differenti aree i saggi in esso contenuti esaminano la evoluzione del servaggio visto come il lato economico del regime signorile e delle diverse forme di sottomissione personale fino alla vera e propria tratta degli schiavi di cui i mercanti europei furono protagonisti mettendo in luce una situazione assai più complessa e articolata di quanto gli schemi interpretativi tradizionali lasciassero intuire 1820 181 financial mathematics is an exciting emerging field of application the five sets of course notes in this book provide a bird s eye view of the current state of the art and directions of research for graduate students it will therefore serve as an introduction to the field while researchers will find it a compact source of reference the reader is expected to have a good knowledge of the basic mathematical tools corresponding to an introductory graduate level and sufficient familiarity with probabilistic methods in particular stochastic analysis il volume presenta studi e ricerche svolte dai membri del dipartimento di economia aziendale dell università roma tre nel corso del 2023 con l obiettivo di promuovere una maggiore collaborazione all interno del dipartimento e con ricercatori di università italiane e internazionali régions européennes dispose d une histoire et d une géographie particulières et pourtant elle entretient avec ces régions de nombreux rapports qu il conviendra d analyser afin d enrichir notre compréhension de l europe dans son ensemble une longue tradition de rapports économiques et culturels rapproche tous les pays donnant sur la mer berceau des principales civilisations du monde bassin où s échangent hommes idées matières premières et technologies l union européenne est appelée à développer une grande politique méditerranéenne aussi bien par l adhésion de nouveaux pays que par une politique de bon voisinage ou d associations privilégiées l instrument principal devrait en être une politique culturelle servant de pont entre l est et l ouest le nord et le sud politique commune afin de répandre les valeurs contenues dans le projet de constitution européenne qui reconnaît dans le concept de diversité son bien le plus précieux les pays de l europe méditerranéenne avec leurs expériences et leurs savoirs peuvent fournir à cette politique une contribution précieuse ce volume fruit de la coopération internationale de vingt chercheurs apporte des éclairages sur l europe méditerranéenne non seulement dans des dimensions historiques économiques démographiques

et politologiques mais également dans le domaine des relations internationales et de la politique culturelle the geography and the history of mediterranean europe are very different from those of the other european regions but their role in the relationships with the other shores of the mediterranean can be of great assistance to europe as a whole all the countries bordering the sea that witnessed the birth of some of the major civilisations of the world share a long tradition of economic and cultural relations in the past numerous diasporas knit the harbour cities together transmitting the ideas of the enlightenment today an uninterrupted flow of raw materials traverses the mediterranean together with people ideas and technology the european union is called upon to develop a major mediterranean policy both through the accession of new countries and by means of a policy of neighbourhood or of privileged associations the principal tool should be a cultural policy that serves as a bridge between east and west north and south a common policy to spread the values contained in the project of the european constitution in its motto united in diversity the union recognises diversity as its most valuable asset the countries of mediterranean europe with their experience and their knowledge can make a precious contribution to this policy this book the fruit of international co operation among 20 researchers offers a contribution to the study of mediterranean europe not only in the historic economic demographic and politological ambit but also in the sphere of international relations and cultural policy 364 178 365 628 365 756
