The Longman Standard History of Philosophy, Vol 1 & 2

2016-10-14

this eagerly awaited volume the first of its kind by western scholars describes the development amongst the diverse inhabitants of the immense landmass between the carpathians and urals of a political economic and social nexus underpinned by a common culture and eventually a common faith out of which would emerge the future russia ukraine and belarus the authors explore every aspect of life in rus using evidence and the fruits of post soviet historiography they describe the rise of a polity centred on kiev the coming of christianity and the increasing prosperity of the region even as with the proliferation of new dynastic centres the balance of power shifted northwards and westwards fractured violent and transitory though it often is this is a story of growth and achievement and a masterly piece of historical synthesis

A Post-emancipation History of the West Indies

2005-07

a linguistic history of italian offers a clear and concise explanation of why modern italian grammar has become the way it is it focuses on the effects of

historical changes on the modern structure of italian revealing patterns and structures which are not always apparent to those who are only familiar with modern italian although the book concentrates on the internal history of the language the emergence of italian is considered against the wider background of the history of italian dialects and other external factors such as cultural and social influences are also examined
