CAR MAGAZINE 446

2016

1994

Nikkei toreudi

1996

a practical restoration manual written by journalist and e30 enthusiast andrew everett covers e30 models 316 316i 318i 320i 323i 325i 325e 324d and 324td 318is m3 alpina in saloon convertible touring forms professional advice also is given on buying a good used model e30 for restoration

Autocar & Motor

1998

the e30 3 series was the car that defined bmw more than any other during the 1980s and it has gone on to become a much loved modern classic this book tells the full story of the cars from the time in 1976 when work first began on the successor to the original e21 3 series this new book features the story of how and why bmw designed their new compact e30 saloon for the 1980s the styling engineering and specification changes introduced over the lifetime of the model there are full technical specifications including paint and interior trim choices given along with a chapter on the special us variants details of the m3 and the cars produced by the leading german tuners and finally there is a chapter on buying and owning a bmw e30

BMW 3er Limousine von 9/82 bis 8/90, Touring von 9/87 bis 2/94

2013-02-05

it is amazing to think that time has passed by and that the second bmw 3 series has achieved such status that it warrants this special book on its 21st anniversary maybe it is due to the sheer longevity of its design its ability to satisfy the keen driver or its iconic status but whatever it is there is no doubt that the e30 is one car from the past that will stay with us into the future it is a pending classic and prices for well kept models have started to escalate furthermore there is a core of well cared for cars out there requiring basic attention by their dedicated owners as a result there has never been a better time for a book of this sort by focusing on the common faults which crop up repeatedly and by giving detailed simple instructions regarding repairs this book will be uniquely invaluable for owners who wish to try their hand at their own maintenance especially those who may previously have been prevented from doing so by a lack of technical know how or specific knowledge
