Studies in Political Economy 1992

this book provides a broad ranging analysis of the global resurgence of right wing forces in the twenty first century these parties organisations and social movements represent a break from right wing forces in interwar political history in europe and the united states and the right wing dictatorships in latin america the book reflects on the most appropriate conceptual categories to account for this phenomenon and whether terms such as populism fascism authoritarianism or conservatism can explain the new manifestations of the right the book also explores this through a range of national case studies written by country specialists focusing on austria italy spain argentina brazil ecuador and the united states of america providing a much needed global perspective this book will be of considerable interest to students and scholars of populism fascism right wing extremism and conservatism

when you re born without a trace no one knows you re a weapon i lie for her i hunt for her i kill for her and above all i betray my mission for her she doesn t know why she doesn t care why i do treason comes in many forms love is one of them our training taught me to be a sociopath a machine a pawn nothing more than a tool for a larger goal without attachments or feelings our teachers forgot one important detail pawns shouldn t have hearts yet we do it turns out our emotions are our greatest weapon and i know exactly where mine are aimed the first in an all new series by usa today bestselling author meli raine

Global Resurgence of the Right 2021-07-27

after two world wars the great depression and experiments with socialism interrupted the liberal economic order that began in the 19th century the world economy has recently returned to the level of globalization that it previously enjoyed peruvian novelist mario vargas llosa embraces that development saying it is liberalism more than any other doctrine that symbolizes the extraordinary advances that liberty has made in the long course of human civilization in global fortune experts from four continents examine the financial turmoil that has accompanied the return to a global economy and address the accusation of its critics that markets spread instability and poverty the contributors also explore the role of the international monetary fund show that close ties between business and government in south korea thailand and indonesia have led to massive malinvestments and assess russia s record of reforms which according to andrei illarionov president putin s chief economic advisor has been dismal the notion that capitalism has somehow failed is regrettable because the welfare of humanity is largely tied to the fortune of capitalism itself capitalism prof rudiger dornbusch says made the 20th century one of unrivaled prosperity enabling unprecedented improvements in the living standards of billions of people around the world vargas llosa sums up the sentiments of the authors in this collection when he says we should celebrate the achievements of liberalism with joy and serenity but without triumphalist hubris that which remains to be done is more important still

Forbes 2007

assessing the impact of germany s defeat on the policing of berlin this book addresses the reconstruction of the police force as a crucial component of four power government as mark fenemore shows getting four nationalities to work together to administer a complex major city was a unique undertaking never before attempted the situation was made even more difficult by the conditions of hunger and desperation that caused a spike in crime the stage was a city in ruins the capital of a defeated divided prostrate occupied country the audience the administrations were playing to was a population deeply scarred by nazism total war cold hunger and mass rape dismembered policing explores postwar berlin from the perspective of all four occupiers and of ordinary berliners fenemore discusses how each occupation government sought to act as an advertisement for its country s respective cultural values mores and system of governance as an international multi archival study the book draws on evidence in french and german as well as in english using law enforcement as a lens it examines issues like mass rape the black market interracial sex and political violence with hunger sexually motivated assault and dismembered body parts featuring prominently it is reminiscent of ian mcewen s novel the innocent but based on real police files

The California Ranger 1933

Stateless (Stateless #1) 2019-10-15

winner of columbia university s 2024 bancroft prize in american history 2024 spur award winner named a best civil war book of 2023 by civil war monitor in continental reckoning renowned historian elliott west presents a sweeping narrative of the american west and its vital role in the transformation of the nation in the 1840s by which time the united states had expanded to the pacific what would become the west was home to numerous vibrant native cultures and vague claims by other nations thirty years later it was organized into states and territories and bound into the nation and world by an infrastructure of rails telegraph wires and roads and by a racial and ethnic order with its indigenous peoples largely dispossessed and confined to reservations unprecedented exploration uncovered the west s extraordinary resources beginning with the discovery of gold in california within days of the united states acquiring the territory following the mexican american war as those resources were developed often by the most modern methods and through modern corporate enterprise half of the contiguous united states was physically transformed continental reckoning guides the reader through the rippling multiplying changes wrought in the western half of the country arguing that these changes should be given equal billing with the civil war in this crucial transition of national life as the west was acquired integrated into the nation and made over physically and culturally the united states shifted onto a course of accelerated economic growth a racial reordering and redefinition of citizenship engagement with global revolutions of science and technology and invigorated involvement with the larger world the creation of the west and the emergence of modern america were intimately related neither can be understood without the other with masterful prose and a critical eye west presents a fresh approach to the dawn of the american west one of the most pivotal periods of american history

Global Fortune 2000-06-01

the first major biography of america s twenty eighth president in nearly two decades from one of america s foremost woodrow wilson scholars a democrat who reclaimed the white house after sixteen years of republican administrations wilson was a transformative president he helped create the regulatory bodies and legislation that prefigured fdr s new deal and would prove central to governance through the early twenty first century including the federal reserve system and the clayton antitrust act he guided the nation through world war i and although his advocacy in favor of joining the league of nations proved unsuccessful he nonetheless established a new way of thinking about international relations that would carry america into the united nations era yet wilson also steadfastly resisted progress for civil rights while his attorney general launched an aggressive attack on civil liberties even as he reminds us of the foundational scope of wilson s domestic policy achievements john milton cooper jr reshapes our understanding of the man himself his wilson is warm and gracious not at all the dour puritan of popular imagination as the president of princeton his encounters with the often rancorous battles of academe prepared him for state and national politics just two years after he was elected governor of new jersey wilson now a leader in the progressive movement won the democratic presidential nomination and went on to defeat theodore roosevelt and william howard taft in one of the twentieth century s most memorable presidential elections ever the professor wilson relied on the strength of his intellectual convictions and the power of reason to win over the american people john milton cooper jr gives us a vigorous lasting record of wilson s life and achievements this is a long overdue revelatory portrait of one of our most important presidents particularly resonant now as another president seeks to change the way government relates to the people and regulates the economy

Dismembered Policing in Postwar Berlin 2023-04-06

since its inaugural issue november 2020 through diligent effort and teamwork by our editors our new york based contemporary china review has published four issues in chinese and now the second issue in english contemporary china review has established itself with a growing reputation attracted attention from scholars and libraries

including library of congress among the academia drew recognition from experts in think tanks specialized in u s china relations and received praises among the community of chinese language publication worldwide contemporary china review has been fulfilling its mission to provide independent chinese intellectuals and scholars around the world with an open and free platform to discuss their research findings and express their opinions especially now that the chinese communist party ccp totalitarian regime has almost completely suppressed the freedom of speech and freedom of press in the most parts of chinese speaking world we are very excited to include in this issue many in depth commentaries by various scholars and experts on current affairs in china and america

____2011-06

this book is not mere history it is an expose you won t know which is more shocking the lengths to which fdr and new dealers like senators and future supreme court justices hugo black and sherman minton went to suppress freedom of speech privacy and civil rights or the degree to which these efforts have been concealed by pro fdr and new deal propagandists randy e barnett patrick hotung professor of constitutional law georgetown university law center spying on citizens censoring critics imprisoning minorities these are the acts of communist dictators not american presidents or are they franklin d roosevelt s legacy enjoys regular acclaim from historians politicians and educators lauded for his new deal policies leadership as a wartime president cozy fireside chats and groundbreaking support of the forgotten man fdr we have been told is worthy of the same praise as men like washington jefferson and lincoln but is that true does the father of today s welfare state really deserve such generous approbation or is there a dark side to this golden legacy the new deal s war on the bill of rights the untold story of fdr s concentration camps censorship and mass surveillance unveils a portrait much different from the standard orthodoxy found in today s historical studies deploying an abundance of primary source evidence and well reasoned arguments historian and distinguished professor emeritus david t beito masterfully presents a complete account of the real franklin d roosevelt a man who abused power violated human rights targeted dissidents and let his crude racism imprison american citizens merely for being of japanese descent read it and discover how fdr shamelessly censored critics of his administration barred them from the public square destroyed their careers and even bankrupted them when possible locked up japanese american citizens in concentration camps built on american soil sowed the seeds of today s out of control surveillance state and much much more here is an all too rare portrait of a man who changed the course of american history not for the better read it and you II never view the fireside president the same again

Continental Reckoning 2023-02

timothy pickering was an important figure in the early american republic for more than fifty years he was deeply entrenched in the political military and diplomatic affairs of the young nation he held important administrative posts during the revolution two cabinet posts and served as a congressman senator and as a spokesman for the extremist element of new england s federalists clarfield presents the first comprehensive biography of pickering and a critical assessment of this controversial and often intractable man

The Reporter 1956

zusammenfassung this open access book sets out simple solutions to managing complex catastrophes it focusses on four kinds of crises climate change crime war cascades epidemics and financial crises these catastrophes are conceived as complex and prone to cascade effects this book is optimistic in explaining that there are identifiable simple institutions that international society can strengthen and some simple principles that can help humankind to control the expanding gamut of complex catastrophes that confront the planet including simple stable institutions and regulatory bodies it draws on a wide range of current and past crises and challenges from the cold war to covid 19 and from weapons of mass destruction to restorative diplomacy with states like china to provide an urgent and timely path forward it speaks to those interested in criminology public policy and international relations political science sociology public health and economics john braithwaite is emeritus distinguished professor of the australian national university and an interdisciplinary scholar of peacebuilding war crime business crime criminological theory and regulation and governance he founded and was the first director of the school of regulation and global governance regnet at anu many of his previous works can be downloaded from johnbraithwaite com

Woodrow Wilson 2009-11-03

the corcoran affair is a political thriller president tom corcoran is a tough talking conservative republican who built his career by railing against liberals gays and social activists however just as he is about to launch his re election campaign the president learns that he is hiv positive and likely to come down with aids the stunning news not only endangers corcoran s presidency and threatens his marriage it also sets off a perilous test of wills between the white house chief of staff seeking to cover up the president s health and an aggressive tabloid reporter hot on the trail of the president s secret their battle raging from the front pages to the evening news to a hospital ward in the midwest rivets the nation as the president struggles to save his presidency while the media try to uncover the truth

Contemporary China Review (2021 Summer Issue) 2021-06-15

rarely has a third political party in the united states exerted a force upon national events comparable to that of the populists during the 1890s this force reached its climax in the presidential race of 1896 when the national reforms

epitomized in the cry for free silver were at issue yet despite a number of recent studies confusion and error regarding the populists in the crucial election of 1896 still persist robert f durden by extensive use of the papers of marion butler populist senator from north carolina and national chairman of the party during the campaign sheds new light upon many points the conduct of the st louis convention the role of tom watson and the fusion strategy durden s work is not only valuable for its clarification of the populist campaign but also for the example it offers of the practical working of american politics with the baffling balances among regions and groups

The New Deal's War on the Bill of Rights 2023-10-10

introduction to the book this book is a novel modelled on plato s republic as a series of dialogues between a half retired college professor and his former student taking place in several weeks in a row on various scenic and memorable locations in hong kong in central on the peak on repulse bay and in stanley on hong kong island as well as in cheung chau an outlying island of hong kong the story starts by the professor greeting and receiving his former student julian to tea and for a friendly chat in the professors favourite old teahouse in central their conversation initially centring around the current events taking place in hong kong soon evolves into an in depth discussion of the immediate and subtler causes and factors leading to such a state of affairs that has been described by the local media and the government as public activities since both the professor and julian find their discussion and exchange very interesting and fruitful they decide to continue with it in the weeks that follow this concludes part i which touches on the first word of the book s title watershed part ii introduces the concept of nostalgia and both the professor and julian ruminate about happy and memorable past events while at the same time describe and comment on less positive times and events in the days under british colonial rule the professor also talks about an interesting and insightful book titled gweilo not in a derogatory way as it was the memoirs of a british boy growing up in hong kong full of facts and humour but at the same time illustrative of the kind of mentality of the british colonial ruling class in hong kong part ii concludes with a discussion about how the west longs for a return of their former glory and world domination part iii is the crucial part of the book with wishful thinking being interpreted on three levels the professor s personal level the level of the local people in hong kong and the level of the west led by america in wishing for and actually making an effort to turn the clock back and make america great again to illustrate the futility of such a wish the professor takes julian to the cemetery on cheung chau island to look at a tombstone that echoes by analogy the legendary king arthur s wish to be the once and future king of england the book ends with an epilogue describing the professor and julian going deep into the reasons for the west s imperialism in the past 250 years and their wish now to make a come back instead of world harmony and peaceful coexistence for all

Timothy Pickering and the American Republic 1980-07-15

ten essays on literature competition curiosity enthusiasm and truth from the teacher who inspired the dead poet s society reveal the joys of teaching and the power of innovation over stale formalism

Simple Solutions to Complex Catastrophes 2024

the calamity of world war i spawned dozens of liberation movements among ethnic and religious groups throughout the world none was more successful in realizing the goal of self determination than the czechs and slovaks from its humble beginning the czecho slovak liberation movement grew into an impressive struggle that was waged from the capitals of western europe to the frozen steppes of siberia its ranks included exiled propagandists war prisoners turned legionaries and conspirators inside austria hungary this book shows how these groups overcame their estrangements and coordinated their efforts to win independence for their homeland it also examines the consequences of the czecho slovaks achievements including their entanglement in the russian civil war and their impact on the postwar settlements that redrew the political boundaries of central europe

The Corcoran Affair 2004-12

gripping an amazingly audacious and completely innovative way of writing history william boyd an enthralling narrative history with an international cast of characters that captures this definitive period after the close of the great war lenin and hitler einstein and hemingway josephine baker and rosa luxemburg marcus garvey and mustafa kemal key players and participants in a world on the cusp of modernity at a moment when anything seemed possible as the first world war reaches its awful climax a shockwave of creative destruction is released europe is torn apart by revolution america is in flames a deadly pandemic stalks the globe the curtain rises on a dangerous and exciting new era not unlike our own of populists and prophets freedom fighters and fascists radical new ideas and clashing ideologies contesting an uncertain future crucible is the collective diary of this era filled with vaulting dreams dark fears grubby ambitions and the absurdities of chance encompassing both tragedy and humour it brings immediacy and intimacy to a moment of deep historical transformation with consequences that echo down to today dazzling a compelling patchwork depiction of an era tls this buoyant study of life after the great war illuminates the part that chance plays in history observer

The Climax of Populism 2021-10-21

Congressional Record 1959

scholarly essay collection that considers whether the west is still a major force in international affairs or whether we face a new world of competing states and shifting alliances in proposing possible counterterrorism strategies to define a shared western security policy they offer an alternative to neoconservative and liberal viewpoints provided by publisher

Letters to a Teacher 1962

in william howard taft s constitutional progressivism kevin j burns makes a compelling case that taft s devotion to the constitution of 1787 contributed to his progressivism in contrast to the majority of scholarship which has viewed taft as a reactionary conservative because of his constitutionalism burns explores the ways taft s commitment to both the constitution and progressivism drove his political career and the decisions he made as president and chief justice taft saw the constitution playing a positive role in american political life recognizing that it created a national government strong enough to enact broad progressive reforms in reevaluating taft s career burns highlights how taft rejected the laisser sic faire school which taught that the government ought to do nothing but run a police force recognizing that the massive industrial changes following the civil war had created a plethora of socioeconomic ills taft worked to expand the national government s initiatives in the fields of trust busting land conservation tariff reform railroad regulation and worker safety law burns offers a fuller understanding of taft and his political project by emphasizing taft s belief that the constitution could play a constructive role in american political life by empowering the government to act and by undergirding and protecting the reform legislation the government implemented moreover taft recognized that if the constitution could come to the aid of progressivism political reform might also redound to the benefit of the constitution by showing its continued relevance and workability in modern america although taft s efforts to promote significant policy level reforms attest to his progressivism his major contribution to american political thought is his understanding of the us constitution as a fundamental law not a policy oriented document in many ways taft can be thought of as an originalist yet his originalism was marked by a belief in robust national powers taft s constitutionalism remains relevant because while his principles seem foreign to modern legal discourse his constitutional vision offers an alternative to contemporary political divisions by combining political progressivism liberalism with constitutional conservatism

Generation 1965

this book deals with a variety of issues of history of national security and of political economy and focuses on the need for a dynamic perspective it emphasizes the development of ideas as the motor forces behind the economic policies

The Economist 2008

in lincoln illuminated and remembered venerated lincoln scholar william c harris revisits neglected features of the life and presidency of abraham lincoln that deserve further attention in this collection of essays written with his characteristically inviting prose harris draws on decades of scholarship on america s most highly regarded president to provide a fresh and fuller treatment of aspects of lincoln s political career and legacy that have not been adequately analyzed by historians or biographers lincoln illuminated and remembered offers new perspectives on lincoln s leadership with particular concern for the origins and development of lincoln s qualities as a leader harris offers up the events of the mexican american war an early and often neglected feature of lincoln s political career as a crucible for his political identity and vision another essay provides a detailed account of lincoln s support for compensated emancipation highlighted by his plan to end the civil war and slavery lincoln s military leadership is also described and analyzed along with his relationship with george b mcclellan ulysses s grant and other civil war commanders harris deftly describes lincoln s respect for the law and the constitution and its effects on his policies regarding southern secession political opposition in the north and guerrilla warfare in the west and along the canadian border finally a biographical account of james rood doolittle lincoln s leading supporter in the senate is offered within the context of president lincoln s relationship with congress the rise of the republican party and the turbulent events of the civil war and reconstruction as harris argues throughout these essays lincoln s development as commander in chief of the armies and his skills in dealing with congress proved essential in winning the war ending slavery and elevating lincoln to the rank of america s greatest president an honor that was unthinkable at his first inauguration
