

# Ebook free India once ruled the americas [PDF]

the people of india have long known that their ancestors once sailed to and settled in the americas they called america patala the under world not because they believed it to be underground but because the other side of the globe appeared to be straight down now at last many mysteries about ancient america such as the identity of the mexican quetzalcoatl the true origins of our native american etc will be cleared up once and for all for most westerners latin america is the junior partner of the new world an underdeveloped sibling to the us and canada the vibrancy of its culture is unquestionable but the spanish and portuguese speaking countries of central and south america are easily typecast and overlooked as exotic dangerous and decidedly not part of the first world in his provocative and powerful book oscar guardiola rivera shows how latin america and its people are making their presence felt across the world by upsetting long standing political and economic assumptions and orthodoxies the us will still occupy center stage in the west for the time being but few

observers have taken notice of the rapid growth of spanish language and culture within the usa which is quietly and quickly becoming part of latin america in its own way Guardiola Rivera's stimulating work is equally a hidden history of the modern world the silver peso was the first global currency and a piercing look at the future latin america has been in the vanguard of opposition to globalization and its politics are imaginative innovative and unlike those anywhere else in the world for anyone interested in the future of the western hemisphere or the world economy what if latin america ruled the world is a must read a study of the substantial evidence for a former race of giants in north america and its 150 year suppression by the Smithsonian Institution shows how thousands of giant skeletons have been found particularly in the Mississippi Valley as well as the ruins of the giants cities explores 400 years of giant finds including newspaper articles first person accounts state historical records and illustrated field reports reveals the Stonehenge era megalithic burial complex on Catalina Island with over 4,000 giant skeletons including kings more than 9 feet tall includes more than 100 rare photographs and illustrations of the lost evidence drawing on 400 years of newspaper articles and photos first person

accounts state historical records and illustrated field reports richard j dewhurst reveals not only that north america was once ruled by an advanced race of giants but also that the smithsonian has been actively suppressing the physical evidence for nearly 150 years he shows how thousands of giant skeletons have been unearthed at mound builder sites across the continent only to disappear from the historical record he examines other concealed giant discoveries such as the giant mummies found in spirit cave nevada wrapped in fine textiles and dating to 8000 bce the hundreds of red haired bog mummies found at sinkhole cenotes on the west coast of florida and dating to 7500 bce and the ruins of the giants cities with populations in excess of 100 000 in arizona oklahoma alabama and louisiana dewhurst shows how this suppression began shortly after the civil war and transformed into an outright cover up in 1879 when major john wesley powell was appointed smithsonian director launching a strict pro evolution pro manifest destiny agenda he also reveals the 1920s discovery on catalina island of a megalithic burial complex with 6 000 years of continuous burials and over 4 000 skeletons including a succession of kings and queens some more than 9 feet tall the evidence for which is hidden in the

restricted access evidence rooms at the smithsonian the first comprehensive examination of the social contract s role in american political development traces the history of the contract the closest thing we have to a common philosophy from its role in the founding up to current day debates and charts its rise and demise in influence over american political thought this is a sweeping survey of american indian agriculture from its ancient origins to the present it combines a wealth of historical anthropological legal and economic information in a clear readable synthesis this is without doubt the most thorough and comprehensive treatment of american indian agriculture in print it is multidisciplinary and impressive both in scope and in depth hurt shows a deft hand in summarizing not only the literature on the evolution of agriculture in north america but also the dismal failure of american indian policy to build on earlier native american achievements this book is the starting point for any serious consideration of the literature on subjects ranging from the domestication of corn to pre contact irrigation to current indian water rights richard white author of it s your misfortune and none of my own this extremely worthwhile work is a significant contribution to both indian history and general

american history gilbert fite past president of the agricultural history society and the western history association merits the attention of all who are concerned about the past present and future of american indians the chapters devoted to the past century should be required reading for students of modern agricultural and american indian history peter iverson author of when indians became cowboys native peoples and cattle ranching in the american west a very thorough and readable account the scope of this work is truly impressive the bulk of it revolves around the implementation of united states federal indian policies aimed at transforming native americans into self sufficient yeoman farmers and farm families during the nineteenth and twentieth centuries hurt s chapters on indian agriculture and water rights in the twentieth century are very timely and instructive should become a standard text for american indian history courses new mexico historical review a useful introduction to the subject that is organized in an admirably clear fashion and can be recommended to student and specialist alike journal of american history offers fresh and vital insights into the life and culture of the american indian american historical review a comprehensive authoritative account of one of the most significant topics

## **India Once Ruled the Americas! *2000-12***

the people of india have long known that their ancestors once sailed to and settled in the americas they called america patala the under world not because they believed it to be underground but because the other side of the globe appeared to be straight down now at last many mysteries about ancient america such as the identity of the mexican quetzalcoatl the true origins of our native american etc will be cleared up once and for all

## **What If Latin America Ruled the World? *2011-07-18***

for most westerners latin america is the junior partner of the new world an underdeveloped sibling to the us and canada the vibrancy of its culture is unquestionable but the spanish and portuguese speaking countries of central and south america are easily typecast and overlooked as exotic dangerous and decidedly not part of the first world in his provocative and powerful book oscar

guardiola rivera shows how latin america and its people are making their presence felt across the world by upsetting long standing political and economic assumptions and orthodoxies the us will still occupy center stage in the west for the time being but few observers have taken notice of the rapid growth of spanish language and culture within the usa which is quietly and quickly becoming part of latin america in its own way guardiola rivera s stimulating work is equally a hidden history of the modern world the silver peso was the first global currency and a piercing look at the future latin america has been in the vanguard of opposition to globalization and its politics are imaginative innovative and unlike those anywhere else in the world for anyone interested in the future of the western hemisphere or the world economy what if latin america ruled the world is a must read

## **The Ancient Giants Who Ruled America 2013-12-17**

a study of the substantial evidence for a former race of giants in north america and its 150 year suppression by the smithsonian institution shows how thousands of giant skeletons have been found

particularly in the mississippi valley as well as the ruins of the giants cities explores 400 years of giant finds including newspaper articles first person accounts state historical records and illustrated field reports reveals the stonehenge era megalithic burial complex on catalina island with over 4 000 giant skeletons including kings more than 9 feet tall includes more than 100 rare photographs and illustrations of the lost evidence drawing on 400 years of newspaper articles and photos first person accounts state historical records and illustrated field reports richard j dewhurst reveals not only that north america was once ruled by an advanced race of giants but also that the smithsonian has been actively suppressing the physical evidence for nearly 150 years he shows how thousands of giant skeletons have been unearthed at mound builder sites across the continent only to disappear from the historical record he examines other concealed giant discoveries such as the giant mummies found in spirit cave nevada wrapped in fine textiles and dating to 8000 bce the hundreds of red haired bog mummies found at sinkhole cenotes on the west coast of florida and dating to 7500 bce and the ruins of the giants cities with populations in excess of 100 000 in arizona oklahoma alabama and louisiana

dewhurst shows how this suppression began shortly after the civil war and transformed into an outright cover up in 1879 when major john wesley powell was appointed smithsonian director launching a strict pro evolution pro manifest destiny agenda he also reveals the 1920s discovery on catalina island of a megalithic burial complex with 6 000 years of continuous burials and over 4 000 skeletons including a succession of kings and queens some more than 9 feet tall the evidence for which is hidden in the restricted access evidence rooms at the smithsonian

## **How America Is Ruled 1980-05**

the first comprehensive examination of the social contract s role in american political development traces the history of the contract the closest thing we have to a common philosophy from its role in the founding up to current day debates and charts its rise and demise in influence over american political thought

## The Social Contract in America *2007*

this is a sweeping survey of american indian agriculture from its ancient origins to the present it combines a wealth of historical anthropological legal and economic information in a clear readable synthesis this is without doubt the most thorough and comprehensive treatment of american indian agriculture in print it is multidisciplinary and impressive both in scope and in depth hurt shows a deft hand in summarizing not only the literature on the evolution of agriculture in north america but also the dismal failure of american indian policy to build on earlier native american achievements this book is the starting point for any serious consideration of the literature on subjects ranging from the domestication of corn to pre contact irrigation to current indian water rights richard white author of it s your misfortune and none of my own this extremely worthwhile work is a significant contribution to both indian history and general american history gilbert fite past president of the agricultural history society and the western history association merits the attention of all who are concerned about the past

present and future of american indians the chapters devoted to the past century should be required reading for students of modern agricultural and american indian history peter iverson author of when indians became cowboys native peoples and cattle ranching in the american west a very thorough and readable account the scope of this work is truly impressive the bulk of it revolves around the implementation of united states federal indian policies aimed at transforming native americans into self sufficient yeoman farmers and farm families during the nineteenth and twentieth centuries hurt s chapters on indian agriculture and water rights in the twentieth century are very timely and instructive should become a standard text for american indian history courses new mexico historical review a useful introduction to the subject that is organized in an admirably clear fashion and can be recommended to student and specialist alike journal of american history offers fresh and vital insights into the life and culture of the american indian american historical review a comprehensive authoritative account of one of the most significant topics in the history of indian white relations western historical quarterly
