writers on literature and language in this accessible and dazzling study he turns his eye on the subject of translations and the problems the differences between cultures can cause the book is full of little gems about mistranslations and misunderstandings for example when you put studies in the logic of charles sanders peirce through an internet translation machine it becomes studies in the logic of the charles of sandpaper grinding machines peirce in italian ratto has no connotation of contemptible person but denotes speed you dirty rat could take on a whole new meaning what could be a weighty subject is never dull fired by eco s immense wit and erudition providing an entertaining read that illuminates the process of negotiation that all translators must make
