all of god s physical creation reflects a higher spiritual reality in that creation light is synonymous with truth or god who is the source of truth it should surprise no one that when you unwrap light to find the rainbow the rainbow gives a detailed account of what god is all about he is about loving and saving mankind by wooing them into the rainbow covenant of marriage from the red blood sacrifice of the

gospel truth of jesus to the purple royalty of the holy spirit god s constant and repeated message is that there is only one way to attain the purple royalty that is god s that way is through faith in the red blood sacrifice of jesus as the propitiation for our sins he is the only gate or door into the rainbow covenant we are all spiritual cinderella s enslaved to the 3 evil stepsisters of the world the flesh and the devil but the prince can raise us up out of the ashes and into the beauty of a royal mansion there is another option however we can reject god s suit and pursue a life of self will we know that marriage means the death of self will this book describes the dark path of separation from god that is the shadow opposite of the rainbow covenant of marriage cain was the first to tread this path to its bitter end which for mankind in this age of engagement is incontrovertible sentencing or engagement to separation from god in the lake of fire but it is god s will that all be saved there s more than enough room in the lifeboat that i choose to call the rainbow covenant

from one end of the rainbow a story about the life inside the irish defence forces and beyond is about how the truth can be clouded by what s perceived as reality with the truth everybody is blameless there are no fall guys no victims no reason no justice just a carefully woven sequence of events with no beginning and no end that will stand the test of time thirty two years later the truth is confronted with reality the whole panoramic consequences of that takes its toll on the conscience and raises its head to be exposed in its very raw format this invites the reader to determine the real truth be the judge and the jury and pass sentence it exposes the real politics of the government how in fact the privileged are protected at all costs it ascribes the destitute feeling of betrayal that eats into the very vertebrae of the real meaning of military life the book also gives an insight into daily military life the characters the routine and the effect it has on family life being a soldier is a vocation that can only be compared to religious life because the feeling is the same when you retire the reality is an old soldier never dies

why do we watch movies if we read in search of more life as harold bloom is fond of saying then we watch movies this book proposes in search of wonder we watch movies in search of awe inspiring visions transformative experiences and moments of emotional transcendence and spiritual sublimity we watch movies for many of the same reasons that we engage in religion to fill our ordinary evenings and weekends with something of the extraordinary to connect our isolated individual selves to something that is greater than ourselves and because we yearn for something that is ineffable but absolutely indispensable this book through an exploration of some of the most intriguing films of the past two decades illustrates how movies are partners with religion in inspiring conveying and helping us experience what abraham joshua heschel refers to as radical amazement the sense that our material universe and our ordinary lives are filled with more wonders than we can ever imagine and that it takes spiritually as well as cinematically trained eyes to uncover these ever present ocular gems in addition to illustrating how films utilize religious themes and theological motifs to convey a sense of wonder this book offers new interpretations of key films from canonical american directors such as martin scorsese terrence malick richard linklater wes anderson and the coen brothers

Over the rainbow exploded into worldwide fame upon its performance by Judy Garland in the MGM film musical *The Wizard of Oz* in 1939. Voted the greatest song of the twentieth century in a 2000 survey, it is a masterful delicate balance of sophistication and child-like simplicity in which composer Harold Arlen and lyricist E. Y. Harburg poignantly captured the hope and anxiety harbored by Dorothy's character. In *Arlen and Harburg's Over the Rainbow*, author Walter Frisch traces the history of this song from its inception during the development of *The Wizard of Oz*'s screenplay to its various reinterpretations over the course of the twentieth century through analysis of the song's music and lyrics. This Oxford Keynotes volume provides a close reading of the piece while examining the evolution of its meaning as it traversed widely varying cultural contexts from its adoption as a jazz standard by generations of pianists to its contribution to Judy Garland's role as a gay icon to its reemergence as a chart-topping recording by Hawaiian singer Israel Kamakawiwo'ole. *Over the Rainbow* continues to engage audiences and performers alike in surprising ways. Featuring a companion website with audio and video supplements, this book leaves no path unexplored as it succeeds in capturing the extent of this song's impact on the world.
