what is language awareness brighter thinking blog Nov 04 2022

adam steele published 14 january 2020 language awareness sometimes referred to as the language of learning refers to how we use words in our learning materials we research language carefully so that our resources are as accessible as possible in a nutshell what is language of learning language awareness watch on

context aware integration of language and visual references

Oct 03 2022

to tackle the issues we propose a joint multi modal tracking framework with 1 a prompt modulation module to leverage the complementarity between temporal visual templates and language expressions enabling precise and context aware appearance and linguistic cues and 2 a unified target decoding module to integrate the multi modal reference cu
