The Napoleonic Wars 1803–1815 2011–06–08

known collectively as the great war for over a decade the napoleonic wars engulfed not only a whole continent but also the overseas possessions of the leading european states a war of unprecedented scale and intensity it was in many ways a product of change that acted as a catalyst for upheaval and reform across much of europe with aspects of its legacy lingering to this very day there is a mass of literature on napoleon and his times yet there are only a handful of scholarly works that seek to cover the napoleonic wars in their entirety and fewer still that place the conflict in any broader framework this study redresses the balance drawing on recent findings and applying a total history approach it explores the causes and effects of the conflict and places it in the context of the evolution of modern warfare it reappraises the most significant and controversial military ventures including the war at sea and napoleon s campaigns of 1805 9 the study gives an insight into the factors that shaped the war setting the struggle in its wider economic cultural political and intellectual dimensions

Napoleon's Wars 2009–10–27

a glorious and conclusive chronicle of the wars waged by one of the most polarizing figures in military history acclaimed on both sides of the atlantic as a new standard on the subject this sweeping boldly written history of the napoleonic era reveals its central protagonist as a man driven by an insatiable desire for fame and determined to push matters to extremes more than a myth busting portrait of napoleon however it offers a panoramic view of the armed conflicts that spread so quickly out of revolutionary france to countries as remote as sweden and egypt as it expertly moves through conflicts from russia to spain napoleon s wars proves to be history writing equal to its subject grand and ambitious that will reframe the way this tumultuous era is understood

The History of Napoleonic Wars 2021–05–12

the napoleonic wars 1803 1815 were a series of major conflicts pitting the french empire and its allies led by napoleon i against a fluctuating array of european powers formed into various coalitions it produced a brief period of french domination over most of continental europe the wars stemmed from the unresolved disputes associated with the

french revolution and its resultant conflict the wars are often categorised into five conflicts each termed after the coalition that fought napoleon the third coalition 1805 the fourth 1806 07 the fifth 1809 the sixth 1813 14 and the seventh 1815 contents the directory the consulate the early years of the empire the empire at its height the decline and fall of napoleon

Napoleon's Wars 2009

no military figure in history has been quite as polarizing as napoleon bonaparte was he a monster driven by an endless ruinous quest for military glory or a social and political visionary brought down by petty reactionary kings of europe in this definitive account historian charles esdaile argues that the chief motivating factor for napoleon was his insatiable desire for fame more than a myth busting portrait however esdaile offers a panoramic view of the armed conflicts that spread so quickly out of revolutionary france to countries as remote as sweden and egypt to establish why the countries of europe fought one another for so long and with such devastating results esdaile portrays the battles as the consequence of rulers who were willing to take the immense risks of either fighting or supporting napoleon risks that resulted in the extinction of entire countries from publisher description

Dictionary of the Napoleonic Wars 1979

the napoleonic wars 1803 1815 were a series of wars declared against napoleon s french empire by opposing coalitions as a

continuation of the wars sparked by the french revolution of 1789 they revolutionised european armies and played out on an unprecedented scale mainly owing to the application of modern mass conscription french power rose quickly as napoleon s armies conquered much of europe but collapsed rapidly after france s disastrous invasion of russia in 1812 napoleon s empire ultimately suffered complete military defeat resulting in the restoration of the bourbon monarchy in france and the creation of the concert of europe wikipedia

British Strategy in the Napoleonic War, 1803–15 1992

collects together the best articles by key historians literary critics and anthropologists on the cultures of colonialism in the british empire in the nineteenth and twentieth centuries a substantial introduction by the distinguished historian professor catherine hall discusses new approaches to the history of empire and establishes a narrative frame through which to read the essays which follow the volume is clearly divided into three sections theoretical emphasising concepts and approaches the colonisers at home focusing on how empire was lived in britain and away the attempt to construct new cultures through which the colonisers defined themselves and others in varied colonial sites a useful guide to recent scholarship on the culture of imperialism

Napoleonic Wars (1801–1815). 2006–01–31

features information on the napoleonic wars during 1801 1815 which involved the attempt of french emperor napoleon bonaparte 1769 1821 also known as napoleon i to conquer all of europe discusses the battles and campaigns of the wars highlights biographical information a timeline of events quotes articles and other resources on napoleon

The Napoleonic Wars (Smithsonian History of Warfare) 2020–01–07

this vividly illustrated history of the napoleonic wars documents the wars origins in the french revolution narrates napoleon s victories at austerlitz and jena and concludes with his defeats in the iberian peninsula russia and finally at waterloo author gunther e rothenberg describes how napoleon transformed interstate warfare into a system of

relentless conquest creating a military superpower on a scale not seen since the roman empire though eventually defeated napoleon s model of conquest set a pattern that was to be revived by modern totalitarian states and their opponents a sweeping examination of the rise triumph and eventual downfall of napoleon a man whose military genius forever changed the face of war analysis of napoleon s system of waging war and the strategies that allowed him to create a singularly powerful army a look at the profound influence of napoleonic conquest on warfare of the modern era

French Napoleonic Infantryman 1803-15 ***2020-11-30***

a fascinating look at the realities of day to day life as a napoleonic infantryman this title draws on contemporary testimonies of life in napoleon s army documenting the reality of conscription training camp life and combat action for the common infantry soldier in contrast to most works on this period it calls into question the propagandist views expounded by numerous bonapartists the romantic notion of la gloire is very much tempered by some hard hitting recollections of the horror and misery of military life 200 years ago packed with prints taken from contemporary sources and superb colour illustrations it provides a concise revealing and authentic portrait of life in the grand armée

Napoleonic Wars 2004

discover the remarkable history of the napoleonic wars the napoleonic wars were a series of conflicts fought between france and various coalitions in europe between 1803 and 1815 though some put the start date at 1799 the prelude to the rise of napoleon bonaparte and the napoleonic wars is the

french revolution and the conflicts that continued after napoleon seized power would radically affect europe and indeed political philosophies not confined by artificial boundaries when napoleon rose to power he had first to get his country on stable financial ground after he did so he created a professional well trained army that would go on to dominate europe for years to come and it wasn't only his army that changed the continent it was also the liberal ideals including democracy the abolition of serfdom and the reduction in power of the church that would change the course of history and leave an enduring legacy discover a plethora of topics such as prelude to revolution the third coalition war breaks out the invasion of russia the battle of waterloo military legacy napoleonic innovations and much more so if you want a concise and informative book on the napoleonic wars simply scroll up and click the buy now button for instant access

Navies of the Napoleonic Era 2015-04-09

the period of turmoil that preceded and marked the napoleonic era caused an expansion in the navies of europe and the united states naval tactics were evolving too as the old system of individual ships and captains was replaced by true navies governed by a hierarchy and working together as a force the book falls into three parts part one the ships and the men describes ship construction rigging sail plans and rating system life at sea naval tactics and the balance of naval forces from the outbreak of war in 1792 part two the engagements describes in detail in chronological order the individual actions divided into the three major wars the war of the first coalition 1792 1797 the war of the second coalition 1798 1802 and the napoleonic wars 1803 1815 part three the national navies gives the strength of fleets at various times the organization and training of individual navies and also detailed descriptions of the uniforms worn at different periods appendices give precise details of ship losses by the major navies in the periods 1793 1802 and 1803 1815 a glossary of british naval terminology and a bibliography detailed battle plans of major engagements line drawings of construction details and sixty photographs complement this authoritative work that will appeal to all those interested in maritime and military history

Voices From the Napoleonic Wars

2022-11-05

voices from the napoleonic wars reveals in telling detail the harsh lives of soldiers at the turn of the eighteenth century and in the early years of the nineteenth the poor food and brutal discipline they endured along with the forced marches and bloody hand to hand combat contemporaries were mesmerised by napoleon and with good reason in 1812 he had an unprecedented million men and more under arms his new model army of volunteers and conscripts at epic battles such as austerlitz salamanca borodino jena and of course waterloo marked the beginning of modern warfare the road to the sommes and stalingrad the citizen in arms of napoleon s grande armée and other armies of the time gave rise to a distinct body of soldiers personal memoirs the personal accounts that jon e lewis has selected from these memoirs as well as from letters and diaries include those of rifleman harris fighting in the peninsular wars and captain alexander cavalié mercer of the royal horse artillery at waterloo they cover the land campaigns of the french revolutionary wars 1793 1802 the napoleonic wars 1803 1815 and the war of 1812 1815 in north america this was the age of cavalry charges of horse drawn artillery of muskets and hand to hand combat with sabres and bayonets it was an era in which inspirational leadership and patriotic common cause counted for much at close quarters on chaotic and bloody battlefields the men who wrote these accounts were directly involved in the sweeping campaigns and climactic battles that set europe and america alight at the turn of the eighteenth century and in the years that followed alongside recollections of the ferocity of hard fought battles are the equally telling details of the common soldier s daily life short rations forced marches in the searing heat of the iberian summer and the bitter cold of the russian winter debilitating illnesses and crippling wounds looting and the lash but also the compensations of hard won comradeship in the face of ever present death collectively these personal accounts give us the most vivid picture of warfare 200 and more years ago in the evocative language of those who knew it at first hand the men and officers of the british french and american armies they let us know exactly what it was like to be an infantryman a cavalryman an artilleryman of the time

With Napoleon's Irish Legion 1957

napoleon s irish troops and their battles recounted by one of their officers napoleon bonaparte recruited to his causes the fighting men of nations which had suffered at the hands of

the enemies of republican and imperial france these soldiers hoped that by aligning themselves with french successes they would see their own aspirations for liberty realised at the turn of the 18th and 19th centuries it was understandable that in ireland which had long suffered under the british yoke there were those who saw the promises of the french revolution as beacons of hope the protagonist of this book miles byrne was one such irishmen indeed french forces twice landed in ireland to assist uprisings byrne took part in the abortive irish rebellion of 1798 as a guerilla fighter in the wicklow hills and in the failed dublin insurrection of 1803 which resulted in his flight to france there he became an officer in napoleon s irish legion serving in the low countries spain and at the battle of leipzig his writings edited by his wife and covering his entire career ran to two large volumes and contained much biographical information about his former comrades included in their pages of course was much on the subject of the struggle in ireland itself this special leonaur edition has been edited from this larger work and concentrates solely on byrne and the legion during their service in the napoleonic wars fighting for france contains illustrations which did not accompany the original text leonaur editions are newly typeset and are not facsimiles each title is available in softcover and hardback with dustjacket

The War in the Mediterranean, 1803–1810 2002

this is a study of british strategy in the mediterranean during the years 1803 1810 it embraces naval military and diplomatic affairs and sheds light on the general history of the period the author analyses the opportunities which arose for military intervention in europe from the sea

The Spanish Ulcer 2019–05–20

by july 1807 following his spectacular victories over austria prussia and russia napoleon dominated most of europe the only significant gap in his continental system was the iberian peninsula he therefore begun a series of diplomatic and military moves aimed at forcing spain and portugal to toe the line leading to a popular uprising against the french and the outbreak of war in may 1808 napoleon considered the war in the peninsula which he ruefully called the spanish ulcer so insignificant that he rarely bothered to bring to it his military genius relying on his marshals instead and

simultaneously launching his disastrous russian campaign of 1812 yet the war was to end with total defeat for the french in late 1813 wellington's army crossed the pyrenees into the mainland of france this is the first major military history of the war for half a century combining scholarship with a vivid narrative it reveals a war of unexpected savagery of carnage at times so great as to be comparable to the first world war but it was also a guerilla war fought on beautiful but difficult terrain where problems of supply loomed large the british navy dominant at sea after trafalgar was able to provide crucial support to the hard pressed ill equipped and often outnumbered forces fighting the french dr gates history can claim to be the first to provide a serious assessment of the opposing generals and their troops as well as analysing in detail the social and political background the peninsular war is particularly rich in varied and remarkable campaigns and his book will fascinate all those who enjoy reading military history

Trafalgar 2017-09-02

the battle of trafalgar is well known for the magnanimous nature of the british victory even though it cost the nation its greatest hero lord admiral horatio nelson for this reason the battle itself has been remembered as a momentary success the resulted only from a stroke of immediate genius or from a brief plan but as alan schom shows the battle of 21 october 1805 a meeting of the might of the british and french navies was the result of a strategy laid out by the british admiralty two years earlier in 1803 the period from that year until the battle of trafalgar was known as the great terror when british naval forces were on constant alert for attacks by the frenchman various political figures are written about debating manoeuvres and quota of ships to be constructed and putting down mutinies exploring previously unexplored archives of both england and france schom places trafalgar in the context of the era he draws portraits of the key personnel on both sides such as dumouriez DECRÈS talleyrand berthier pitt cornwallis and castlereagh there is also a comprehensive discussion of the growth of the french naval fleet helped by dutch ships and the preparations to build ports which were hampered by their extraordinary costs and inclement weather there are detailed descriptions of the fleets meeting during the run in to trafalgar and schom is engaging and sometimes humorous in his commentary on events he also debunks several myths which should put an end to certain debates pertaining to a great battle of modern history a riveting narrative lively dramatic kirkus reviews

fresh and ever interesting triumphantly justifies adding to an already crowded bookshelf the style is vigorous the narrative packed with facts but relieved with excellently chosen quotations and off beat insights the sunday times deftly drawn biographies bring to life the principal actors in the great drama a thoroughly researched and splendidly written book the los angeles times book review alan schom was a professor of french and european history before retiring to write full time he is the author of emile zola a biography and one hundred days the road to waterloo

Napoleon Bonaparte and the Siege of Toulon. Inaugural-Dissertation 2016-12-05

the long war with revolutionary france had a fundamental impact on british political culture the most dramatic example of this is the mass mobilisation of the british people in response to french invasion threats throughout the last years of the century but most spectacularly in the period 1803-5 after the collapse of the peace of amiens and the massing of an invasion fleet by napoleon the preparations for the threatened invasion had many dimensions including military and naval mobilization the development of defensive earthworks and fortifications on the british coast the surveillance and monitoring of radicals identified with the french cause the incitement of loyalist sentiment through caricature newspapers tracts and broadsides and loyalist songs and the construction of napoleon as the prime enemy of british interests although aspects of these issues have been studied this book is the first time that they have been brought together systematically by bringing together historians of britain and france to examine the dynamics of the military conflict between the two nations in this period this book measures its impact on their domestic political cultures and its effect on their perceptions of each other in so doing it will encourage scholars to further examine aspects of popular mobilisation which have hitherto been largely ignored such as the resurgence of loyalism in 1803 and to see their contributions in the light of the dual contexts of domestic political conflict and their war with each other by allowing scholars to focus their attention on this period of heightened tension the book contributes both new detail to our understanding of the period and a better overall understanding of the complex place which each nation came to occupy in the consciousness of the other

Resisting Napoleon 2017-09-26

trieste publishing has a massive catalogue of classic book titles our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time the many thousands of books in our collection have been sourced from libraries and private collections around the world the titles that trieste publishing has chosen to be part of the collection have been scanned to simulate the original our readers see the books the same way that their first readers did decades or a hundred or more years ago books from that period are often spoiled by imperfections that did not exist in the original photographs or missing pages it is highly unlikely that this would occur with one of our books our extensive quality control ensures that the readers of trieste publishing s books will be delighted with their purchase our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality this process ensures that the reader of one of trieste publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work we pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers generally trieste books are purchased singly on demand however they may also be purchased in bulk readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

The Campaigns of Napoleon Bonaparte of 1796-1797 2023-07-18

step back in time with this fascinating historical account featuring the official dispatches of lord whitworth and his colleagues during a tumultuous time in england s history a must read for anyone interested in the napoleonic wars or the politics of the era this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved

England and Napoleon in 1803; Being the Dof Lord Whitworth 2015

a survey of the napoleonic wars the central theme is the scale of french military power and its impact on other european states from portugal to russia and from scandinavia to sicily

Fortunes of War 2014-02-04

in 1801 britain and bonaparte made an armistice which became the treaty of amiens in march 1802 in the brief period of peace which followed british attitudes underwent a major change so that when war began again in may 1803 there was little or no dissent from the view that the war had to be fought to a finish and bonaparte s power destroyed this was partly the result of bonaparte s underhand methods during negotiations but it was also due to the conclusion reached by the many british visitors to france during the interval of peace that bonaparte was extremely dangerous anger at his stealthy political advances in europe and america and outrage at his detention and imprisonment of british civilians when war began again the attitude of the british government headed by henry addington and in particular the diplomatic methods of the foreign secretary lord hawkesbury later the prime minister lord liverpool were decisive in countering bonaparte s methods they receive their due in this first detailed examination of events based on original materials

The Wars of Napoleon 2004

in the maelstrom of napoleonic europe britain remained defiant resisting french imperial ambitions this anglo french rivalry was essentially a politico economic conflict for pre eminence fought on a global scale and it reached a zenith in 1806 1808 with france s apparent dominance of continental europe britain reacted swiftly and decisively to implement maritime based strategies to limit french military and commercial gains in europe while protecting british overseas interests the policy is particularly evident in relations with britain s ancient ally portugal that country and by association her south american empire became the front line

in the battle between napoleon s ambitions and british maritime security shedding new light on british war aims and maritime strategy this is an essential work for scholars of the napoleonic wars and british political diplomatic economic and maritime military history

The Amiens Truce 2010-12-14

wellington said that of all his battles assaye fought during the second mahratta war 1803 05 in central india was the bloodiest for the numbers that i ever saw a small british force under major general the honourable arthur wellesley as wellington was then known crossed into mahratta territory in march 1803 to restore the peshwa to his throne by force if necessary on september 23 1803 wellesley encountered what turned out to be the entire mahratta army in a strong position on the banks of the kailna river the battle which lasted four hours witnessed costly infantry and cavalry assaults but was won by the steadiness of wellesley s troops and his inspiring leadership

Britain, Portugal and South America in the Napoleonic Wars 2006-05-30

the napoleonic wars have an important place in the history of europe leaving their mark on european and world societies in a variety of ways in many european countries they provided the stimulus for radical social and political change particularly in spain germany and italy and are frequently viewed in these places as the starting point of their modern histories in this very short introduction mike rapport provides a brief outline of the wars introducing the tactics strategies and weaponry of the time presented in three parts he considers the origins and course of the wars the ways and means in which it was fought and the social and political legacy it has left to the world today about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Assaye 1803 2013-01-31

it is only in the past two decades that english speaking scholars have fully breached european language barriers

permitting a comprehensive reexamination of the napoleonic wars beyond the limitations of english french and german dependent works this new volume in the essential bibliography series examines the changing nature of napoleonic historiography and provides the student and scholar an invaluable guide to those changes

The Napoleonic Wars: A Very Short Introduction 2012-07-01

this book is a captivating first hand account of a british soldier s experiences in captivity during the napoleonic wars it provides readers with a unique perspective on the conflict and offers insight into the hardships endured by prisoners of war this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Napoleonic Wars 2023-07-18

the journals of the honourable james stanhope are among the most remarkable eyewitness accounts of the peninsular war and the battle of waterloo and yet they have never been published before the long fight against the french in portugal and spain the campaign in holland then the battle of waterloo james stanhope lived through all these extraordinary events and recorded them in vivid detail stanhope served as an aide de camp to the major commanders of the day wellington general graham lord paget the duke of york among them and he described his experiences and observations in a lucid and candid prose that makes his journals of great historical value and of compelling interest to us today his writing gives a graphic inside view of the military and political situation of the time as it was perceived at the top levels of the british army and he depicts the daily experience of campaigning during the napoleonic wars in an unforgettable way

Narrative Of A Captivity And Adventures In France And Flanders Between The Years 1803 And 1809 2011-06-13

the wars between 1792 and 1815 saw the making of the modern world with britain and russia the key powers to emerge triumphant from a long period of bitter conflict in this innovative book jeremy black focuses on the strategic contexts and strategies involved explaining their significance both at the time and subsequently reinterpreting french revolutionary and napoleonic warfare strategy and their consequences he argues that napoleon s failure owed much to his limitations as a strategist black uses this framework as a foundation to assess the nature of warfare the character of strategy and the eventual ascendance of britain and russia in this period rethinking the character of strategy this is the first history to look holistically at the strategies of all the leading belligerents from a global perspective it will be an essential read for military professionals students and history buffs alike

Eyewitness to the Peninsular War and the Battle of Waterloo 2021-02-09

first in depth study of french napoleonic artillery new research using archive material

The French Revolutionary and Napoleonic Wars 2010-12-03

diaries memoirs and letters by officers of the napoleonic era abound but there are few reminiscences by common foot soldiers this extraordinarily vivid and entirely authentic report by british rifleman benjamin harris offers rare glimpses of life among the enlisted men harris s personal anecdotes brimming with ready wit and memorable descriptions tell of military life from the bottom up the soldiers camaraderie amid physical hardships and inadequate supplies and equipment their endemic drunkenness and frequent hunger the terrible punishments meted out for even small infractions and the narrow margin between death and survival in the mid 1830s harris was working as a london cobbler when he met a former british army officer who asked him to recount his wartime experiences a natural storyteller with a remarkable tale to tell harris recalled his years of active service

which began in 1803 when he joined the 95th regiment of foot in ireland and were followed by campaigns from 1808 to 1809 in portugal and spain first published in 1848 this memoir was neither popular nor well received during harris s lifetime but since its rediscovery in the early twentieth century it has become one of the most valuable documents of the peninsular war

Napoleon's artillery: System AnXI 1803-1827 2019-11-13

this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

The Recollections of Rifleman Harris 1827

the impact of napoleon on france and on europe was immediate and enduring he dominated his age as his armies dominated the continent and no european country was untouched or unchanged by the events of these turbulent years keeping one s bearings geographically militarily politically and chronologically in the prevailing turmoil is no easy matter even for the specialist and clive emsley s concise but authoritative guide to the napoleonic age will be a boon to students scholars and general readers alike

Narrative of a captivity and adventures in France and Flanders between ... 1803 and 1809 2009-04

this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

**Narrative of a Captivity and Adventures
in France and Flanders 2014-09-19**

following his study of the astonishing range of french royalist and foreign mercenary units employed by britain in the period 1793 1802 of the french revolutionary wars men at arms 328 the author describes often for the first time in an english language publication the part played by their successors during the crucial years of the napoleonic wars he covers not only relatively well recorded units such as roll s meuron s and watteville s swiss corps but also the unjustly neglected italians corsicans and greeks and such exotica as the african and ceylon regiments uniform details of nearly 40 corps are based on impressive primary research and this book and its companion volume make a genuinely new contribution to napoleonic studies
