when p v narasimha rao became the unlikely prime minister of india in 1991 he inherited a nation adrift despite lacking the support of his people party or parliament india s deng xiaoping reinvented his country relying on rao s private papers and over a hundred interviews this biography is a must read for anyone interested in the transformation of india a provocative new account of how india moved relentlessly from its hope filled founding in 1947 to the dramatic economic and democratic breakdowns of today when indian leaders first took control of their government in 1947 they proclaimed the ideals of national unity and secular democracy through the first half century of nation building leaders could point to uneven but measurable progress on key goals and after the mid 1980s dire poverty declined for a few decades inspiring declarations of victory but today a vast majority of indians live in a state of underemployment and are one crisis away from despair public goods health education cities air and water and the judiciary are in woeful condition and good jobs will remain scarce as long as that is the case the lack of jobs will further undermine democracy which will further undermine job creation india is broken provides the most persuasive account available of this economic catch 22 challenging prevailing narratives mody contends that successive post independence leaders starting with its first prime minister jawaharlal nehru failed to confront india s true economic problems seeking easy solutions instead as a popular frustration grew and corruption in politics became pervasive india s economic growth relied increasingly on unregulated finance and environmentally destructive construction the rise of a violent hindutva has buried all prior norms in civic life and public accountability combining statistical data with creative media such as literature and cinema to create strong accessible people driven narratives this book is a meditation on the interplay between democracy and economic progress with lessons extending far beyond india mody proposes a path forward that is fraught with its own peril but which nevertheless offers something resembling hope in eleven chapters this book addresses the issue of the re emergence of china and a new global order on the world stage with implications for the existing us hegemonic liberal international order the re emergence of china reviews the history of china s astounding economic growth and geopolitical development over the past 30 years it explores the economic technological and global development of china during this period explores the political philosophy and praxis from imperial neo confucian times to the present socialist regime the cultural and social development of china and the role of the chinese diaspora and examines the prospects for a new international order with a major role for china this book will fit comfortably into the required reading schedule for graduate class modules in chinese and east asian studies political theory economic development and contemporary political history of particular interest will be the exploration of the role of the chinese diaspora in modern china s development the authors focus on the contemporary conflict between the us and china will also be of wider interest to political commentators as well as academic researchers in chinese studies the re emergence of china can provide a guiding narrative for academics researchers policymakers industry leaders and many other relevant professionals on how global society can be reshaped in the wake of china s re emergence in the new global era by focusing on china s integration with the economic and political world order in terms of both its advances and setbacks in addition to the historical contexts readers can navigate the book s succinct coverage and conclusions on the development of a china polity which has become increasingly connected to the world in some ways yet more disconnected in others related link s

1991 10

this book imagines the ocean as central to understanding the world and its connections in history literature and the social sciences introducing the central conceptual category of ocean as method it analyzes the histories of movement and traversing across connected spaces of water and land sedimented in literary texts folklore local histories autobiographies music and performance it explores the constant flow of people material and ideologies across the waters and how they make their presence felt in a cosmopolitan thinking of the connections of the world going beyond violent histories of slavery and indenture that generate global connections it tracks the movements of sailors boatmen religious teachers merchants and adventurers the essays in this volume summon up this miscegenated history in which land and water are ever linked a significant rethinking of world history this volume will be of great interest to scholars and researchers of history especially connected history and maritime history literature and global south studies from here to denmark the importance of institutions for good governance represents the journey of developing nations from a state of poor governance that manifests itself in various forms such as lack of respect for rule of law delay and even denial of justice a capricious and corrupt ruling elite lives deprived of basic human dignities and marked with fear and insecurity to a state of good governance reflected in predictability accountability and fairness in governance matters and the strong presence of the rule of law drawing on experiences of some countries which have made the transition to denmark over time the book identifies basic enablers which help a society to make the journey from here to denmark these are building sufficient human capital education and health and enabling the effective participation by citizens in having a meaningful say in how they are governed

over the last 25 years india s explosive economic growth has vaulted it into the ranks of the world s emerging major powers india s middle class has grown by leaps and bounds and the country s sheer scale possessing what will very soon be the world s largest population and an economy of more than 2 trillion means its actions will have a major global impact while it is clearly on the path to becoming a great power india has

not abandoned all of its past policies its economy remains relatively protectionist and it still struggles with the legacy of its longstanding foreign policy doctrine of non alignment india s vibrant democracy encompasses a vast array of parties who champion dizzyingly disparate policies and india isn t easily swayed by foreign influence the country carefully guards its autonomy in part because of its colonial past for all of these reasons india tends to move cautiously and deliberately in the international sphere in our time has come alyssa ayres looks at how the tension between india s past and its ongoing integration into the global economy will shape its trajectory by focusing on how india s unique perspective shapes its approach to global affairs this new updated paperback edition of our time has come helps the world make sense of india s rise

The Man who Remade India 2018 when p v narasimha rao became the unlikely prime minister of india in 1991 he inherited a nation adrift despite lacking the support of his people party or parliament india s deng xiaoping reinvented his country relying on rao s private papers and over a hundred interviews this biography is a must read for anyone interested in the transformation of india India Is Broken 2023-02-14 a provocative new account of how india moved relentlessly from its hope filled founding in 1947 to the dramatic economic and democratic breakdowns of today when indian leaders first took control of their government in 1947 they proclaimed the ideals of national unity and secular democracy through the first half century of nation building leaders could point to uneven but measurable progress on key goals and after the mid 1980s dire poverty declined for a few decades inspiring declarations of victory but today a vast majority of indians live in a state of underemployment and are one crisis away from despair public goods health education cities air and water and the judiciary are in woeful condition and good jobs will remain scarce as long as that is the case the lack of jobs will further undermine democracy which will further undermine job creation india is broken provides the most persuasive account available of this economic catch 22 challenging prevailing narratives mody contends that successive post independence leaders starting with its first prime minister jawaharlal nehru failed to confront india s true economic problems seeking easy solutions instead as a popular frustration grew and corruption in politics became pervasive india s economic growth relied increasingly on unregulated finance and environmentally destructive construction the rise of a violent hindutva has buried all prior norms in civic life and public accountability combining statistical data with creative media such as literature and cinema to create strong accessible people driven narratives this book is a meditation on the interplay between democracy and economic progress with lessons extending far beyond india mody proposes a path forward that is fraught with its own peril but which nevertheless offers something resembling hope

Re-emergence Of China, The: The New Global Era 2021-10-06 in eleven chapters this book addresses the issue of the re emergence of china and a new global order on the world stage with implications for the existing us hegemonic liberal international order the re emergence of china reviews the history of china s astounding economic growth and geopolitical development over the past 30 years it explores the economic technological and global development of china during this period explores the political philosophy and praxis from imperial neo confucian times to the present socialist regime the cultural and social development of china and the role of the chinese diaspora and examines the prospects for a new international order with a major role for china this book will fit comfortably into the required reading schedule for graduate class modules in chinese and east asian studies political theory economic development and contemporary political history of particular interest will be the exploration of the role of the chinese diaspora in modern china s development the authors focus on the contemporary conflict between the us and china will also be of wider interest to political commentators as well as academic researchers in chinese studies the re emergence of china can provide a guiding narrative for academics researchers policymakers industry leaders and many other relevant professionals on how global society can be reshaped in the wake of china s re emergence in the new global era by focusing on china s integration with the economic and political world order in terms of both its advances and setbacks in addition to the historical contexts readers can navigate the book s succinct coverage and conclusions on the development of a china polity which has become increasingly connected to the world in some ways yet more disconnected in others related link s
