our god is a god who is in total control of all that happens to the whole world and to each of us individually god can allow or prevent bad things from happening of course most of us desire that god would prevent bad things from happening when we are seated next to the toilet on an airplane we pretty much assume that god could care less whether we are seated next to the toilet or are seated in first class yet god controls every single action that occurs in the world or he would not be god when we are seated next to the toilet of life we discover as job did that god allowed this to happen for all things to work together for good for those who love him and are called according to his purpose god s plan for us who trust in him are to prosper us and not to harm us but to give us hope and a future the purpose of this book is to show that no matter how bad the evil and sin that confront us god is in total control and his words of promise to us will be fulfilled on this earth you may lose all that you have family friends wealth health possessions dignity and told to curse god and die as job was through god s grace and mercy you can endure as job endured do not think that job endured only because god knew him as a blessed man who lives righteously you and i are most certainly not of the character of job but god has seated us next to the same toilet of life where job was seated because god is always nearby during our trials he told job that we will discover god s specific plan for us when he does seat us next to the toilet whether it be on the plane or on the earth

baptism by toilet water is jim winter s bittersweet memoir documenting the hardship his family endured while ironically jim s grandparents who exemplified christian living were right next door our home life was the furthest thing from a christian home yet our grandparents were the spiritual paragons we so desperately needed unfortunately as long as our father remained in the picture there was little hope our grandparents home served as a sanctuary but we were still trapped we could see paradise from our fence

but at best we could only visit from time to time throughout their tumultuous childhood the winter children grappled with this stark contradiction of moral values between their father and grandparents leading them to ultimately learn that good can come from bad after high school jim leaves his home believing the worst is behind him unfortunately nothing could be further from the truth as illness and death ravage the family jim becomes stricken with grief convinced god had forsaken him jim becomes tormented by guilt from his past when it seems like all hope is lost a series of remarkable events begins to unfold in what can only be described as divine intervention through jim's baptism by toilet water he comes to realize that jesus christ is illuminating the way through it all
