A Guide to Religions 1979

a guide to religious thought and practices devotes a chapter to each of the world religions all but one of which are written by a member of that faith community readers thus gain insiders views into the theology spirituality and religious practice of each faith the introduction encourages respect and engagement with those of other faiths it emphasizes the cultural nature of religion and its importance to society and it notes the rise of interest in the study of religious traditions in the face of contemporary geopolitics this book does not however attempt to address these politics leaving the reader to think about and interpret the issues for themselves the international study guides isgs are clear and accessible resources contextual and ecumenical in content and missional in direction the contributors are theological educators who come from different countries and different religious

backgrounds and bring practical emphasis alongside contemporary scholarly reflection

A Guide to Religious Thought and Practices 2015-07

what is religion can it be defined at all or is it too easily defined in far too many ways so as to make a religion a drifting signifier or whatever one's pleasure is does the study of religion require special perhaps religious tools of analysis and explanation what is the difference between a knowledge of religion derived from practicing it and a knowledge about religion derived from nonreligious modes of inquiry sooner or later any serious student of religion must face these questions if religious practices are to be investigated in the light of the terms and aims of the social and human sciences in the modern university the guide to the study of religion provides a map of the key concepts and thought structures for imagining and studying religion as a class of everyday social practices that lend themselves to no more or less difficult explanation than any other class of social phenomena
